Pellegrini, 2000 **Successful Schools for Young Adolescents** Joan Lipsitz, 2019-01-22 At a time when the public researchers and policymakers are losing confidence in public schooling this presentation of case studies of four schools offers solutions and concrete models of diverse ways in which excellence can be attained in middle grade schools Asking what effectiveness means for the young adolescent age group a hitherto unexplored area in research literature how effective schools come about and how they achieve acceptance in their communities Lipsitz identifies and examines successful middle grade schools noting that the major problem in schooling is meeting the massive individual differences in the development of early adolescents *A Description of the Perceptions of the Principals and Climates of Zambia's 'Effective' Schools* Dr. Simeoni W.M. Kunkhuli, 2014 The study was in response to the pressing quest for educational qualitative improvement in Zambia An alternative qualitative method to school improvement is suggested The study describes and examines the administrative and leadership characteristics and climates of five Zambian secondary schools designated and nominated by the Ministry of General Education and Culture as successful schools Interviews and questionnaires administered to headteachers and teachers were used for data collection Content and item analysis in the interviews and questionnaire responses were used The findings are not consistent in all the five schools investigated with the literature on effective schools No school covered was perceived favourably in all the five dimensions tested Appropriate recommendations are made for policy makers practitioners and stakeholders *Leading Schools to Success* James W. Guthrie, Patrick Schuermann, 2010-12-08 What's missing in education reform in the United States The answer is leadership specifically the ability of school and district leaders to construct and continually nurture a culture of sustained high performance A true leader needs to have not only a vision of the desired culture but the skills and information necessary to make that vision a reality Providing a combined 70 years of classroom and administrative experience renowned authors James Guthrie and Patrick Schuermann offer a practice based approach grounded in research and theory to achieving and maintaining an atmosphere of success in schools through effective leadership **What Works**, 1987 **Dropouts From Schools** Lois Weis, Eleanor Farrar, Hugh G. Petrie, 1989-01-01 The authors examine the major groups within the dropout population the myriad of factors within schools that lead to dropping out and the larger social and economic context within which dropping out occurs The resulting synthesis of knowledge and perspectives provided here will enhance our understanding of an important topic that has to this time been given too little attention *Creating Productive Cultures in Schools* Joseph Murphy, Daniela Torre, 2014-04-18 Your path to sustainable school improvement starts here School reform scholars Joseph Murphy and Daniela Torre shed light on the components that promote learning centered leadership at the secondary level Strengthen your school culture and discover clearly defined processes for engagement among students teachers parents and community members Learn to Understand variables that
