Rooney, 1998 Your students and users will find biographical information on approximately 300 modern writers in this volume of *Contemporary Authors* Authors in this volume include Ira Gershwin Mother Teresa William Strunk Jr Thomas Wiloch **Books in Print**, 1991 **American Book Publishing Record**, 1995 **Ecclesiastes** Knut Martin Heim, 2025-12-30 Designed for the pastor and Bible teacher the Zondervan Exegetical Commentary on the Old Testament features today's top Old Testament scholars and brings together commentary features rarely gathered together in one volume With careful discourse analysis and interpretation of the Hebrew text the authors trace the flow of argument in each Old Testament book

showing that how a biblical author says something is just as important as what they say

Commentary on each passage follows a clear structure to help readers grasp the flow and meaning of the text

The Main Idea of the Passage A one or two sentence summary of the key ideas the biblical author seeks to communicate

Literary Context A brief discussion of the relationship of the specific text to the book as a whole and to its place within the broader argument

Translation and Exegetical Outline Commentators provide their own translations of each text formatted to highlight its discourse structure and accompanied by a coherent outline that reflects the flow and argument of the text

Structure and Literary Form An overview of the literary structure and rhetorical style adopted by the biblical author highlighting how these features contribute to the communication of the main idea of the passage

Explanation of the Text A detailed commentary on the passage paying particular attention to how the biblical authors select and arrange their materials and how they work with words phrases and syntax to communicate their messages

Canonical and Practical Significance The commentary on each unit will conclude by building bridges between the world of the biblical author and other biblical authors and with reflections on the contribution made by this unit to the development of broader issues in biblical theology particularly on how later Old Testament and New Testament authors have adapted and reused the motifs in question

The discussion also includes brief reflections on the significance of the message of the passage for readers today

The Zondervan Exegetical Commentary on the Old Testament series is the go to resource for pastors and Bible teachers looking for deep but accessible study that equips them to connect the needs of Christians today with the biblical text
