Making The Foreign Serve China:

Making the Foreign Serve China Anne-Marie Brady, 2003 This book provides the first detailed analysis of a distinctive element of Chinese foreign policy waishi the external policies intended to influence and control both foreigners themselves as well as Chinese citizens contact with and perception of outsiders The term also comprises China s external relations both official state to state and unofficial or people to people diplomacy Anne Marie Brady argues that by encompassing all matters related to foreigners and foreign things not merely diplomacy waishi has proven to be one of the most effective tools in the CCP s repertoire for building and then sustaining its hold on power The author s groundbreaking research is based on a previously unexplored genre of classified waishi materials extensive interviews with waishi officials and foreign participants of the system as well as extensive archival research

Making the Foreign Serve China Anne-Marie Brady, 2003-09-08 This book provides the first detailed analysis of a crucial and distinctive element of Chinese foreign policy Anne Marie Brady follows the development of the Chinese Communist Party s foreign affairs system since 1921 focusing on waishi the external policies intended to influence and control both foreigners themselves as well as Chinese citizens contact with and perception of outsiders The term also comprises China s external relations both official state to state and so called unofficial or people to people diplomacy In effect waishi activities encompass all matters related to foreigners and foreign things not merely diplomacy By managing the foreign presence in China and China s contacts with the outside world and by controlling the Chinese population the author argues that waishi has proven to be one of the most effective tools in the CCP s repertoire for building and then sustaining its hold on power Drawing for the first time on policy documents that underpin the phenomena they describe Brady analyzes trends and developments in waishi during each chronological period The book elucidates how the CCP s policies evolved In the 1930s the need for a broad united front in international relations warred with the desire to control the foreign presence in China in the 1940s and 1950s the Sino Soviet alliance and ridding China of the traces of the semi colonial past took precedence in the 1960s the Sino Soviet split led to China s claim as the center of world revolution and in the past twenty years of reform the focus has been the ongoing quest to create a modern nation state as China opens up to the outside world The author considers waishi s deeper meaning as an overriding approach to the foreign which links state to state diplomacy with the management of the foreign presence in China Her groundbreaking research is based on a previously unexplored genre of waishi materials almost all classified in Chinese extensive interviews with waishi officials and foreign participant

Making the Foreign Serve China Anne-Marie Brady, 2003-09-16 This book provides the first detailed analysis of a crucial and distinctive element of Chinese foreign policy Anne Marie Brady follows the development of the Chinese Communist Party s foreign affairs system since 1921 focusing on waishi the external policies intended to influence and control both foreigners themselves as well as Chinese citizens contact with and perception of outsiders The term also comprises China s external relations both official state to state and so called unofficial or people to people

diplomacy In effect waishi activities encompass all matters related to foreigners and foreign things not merely diplomacy By managing the foreign presence in China and China's contacts with the outside world and by controlling the Chinese population the author argues that waishi has proven to be one of the most effective tools in the CCP's repertoire for building and then sustaining its hold on power Drawing for the first time on policy documents that underpin the phenomena they describe Brady analyzes trends and developments in waishi during each chronological period The book elucidates how the CCP's policies evolved In the 1930s the need for a broad united front in international relations warred with the desire to control the foreign presence in China in the 1940s and 1950s the Sino Soviet alliance and ridding China of the traces of the semi colonial past took precedence in the 1960s the Sino Soviet split led to China's claim as the center of world revolution and in the past twenty years of reform the focus has been the ongoing quest to create a modern nation state as China opens up to the outside world The author considers waishi's deeper meaning as an overriding approach to the foreign which links state to state diplomacy with the management of the foreign presence in China Her groundbreaking research is based on a previously unexplored genre of waishi materials almost all classified in Chinese extensive interviews with waishi officials and foreign participant

Making the Foreign Serve China Anne-Marie S. Brady, 2000 **MAKE THE FOREIGN SERVE CHINA: HOW FOREIGN SCIENCE AND TECHNOLOGY HELPED CHINA DOMINATE GLOBAL METALLURGICAL INDUSTRIES.** MICHAEL KOMESAROFF, 2022 **A Critical Ethnography of 'Westerners' Teaching English in China**

Phiona Stanley, 2013 Western teachers many of whom would not be considered teachers elsewhere teach English in public and private education in China This book sheds light on their experiences the effect they have on education and on students' perceptions of the West *China and the Three Worlds: A Foreign Policy Reader* King C. Chen, 2020-07-24 This title was first published in 1979 The reopening of China in 1971 by President Richard Nixon has already been regarded as a turning point of China's foreign policy and international politics It has facilitated the reestablishment of Peking's diplomatic relations after the Cultural Revolution broadened the dimension of China's international political economic and cultural activities and promoted China's campaign against hegemonism of the superpowers Its impact on China's relationships with the outside world particularly the United States and Third World countries is immeasurable This volume explores the three world theory is China's Mao Tse tung's new concept of world politics after the Sino American rapprochement This concept originally developed from the Soviet twocamp theory of 1947 has an immediate connection with Peking's intermediate zone theory of 1964 *The Mind of Empire* Christopher A. Ford, 2010-05-28 Ford's reading of Confucius is both shrewd and instructive with implications for contemporary policymakers a scholarly analysis of Chinese history The Weekly Standard China's prosperity has increased dramatically in the last two decades propelling the nation to a prominent position in the international community Yet China's ancient history still informs and shapes its understanding of itself in relation to the world As a highly developed and modern nation China is something of a paradox In *The Mind of Empire* China's History and

Modern Foreign Relations Christopher A Ford demonstrates how China's historical awareness shapes its objectives and how the resulting national consciousness continues to influence the country's policymaking Despite its increasing prominence among modern developed nations China continues to seek guidance from a past characterized by Confucian notions of hierarchical political order and a moral geography that places China at the center of the civilized world The Mind of Empire describes how these attitudes have clashed with traditional Western ideals of sovereignty and international law Ford speculates about how China's legacy may continue to shape its foreign relations and offers a warning about the potential global consequences He examines major themes in China's conception of domestic and global political order describes key historical precedents and outlines the remarkable continuity of China's Sinocentric stance Expertly synthesizing historical philosophical religious and cultural analysis into a cohesive study of the Chinese worldview Ford offers revealing insights into modern China A much needed and an erudite contextualization this book will benefit immensely those interested in the history and strategic culture of China's foreign policy The China Quarterly *Words and Their Stories* Ban Wang, 2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested Making History Wu Hung, 2008 This volume analyzes the cultural origins precedents influences and aspirations of the contemporary Chinese artists
