### 22.1 Introduction

In the Western World, the man's role regarding pregnancy appeared, some decades ago, rather limited. After conception, the man barely got attention till the birth, and then, he was often portrayed as nervously waiting in the hallway. Nowadays, this has changed, with men participating in antenatal classes and parenting education courses in many Western countries, while this still might be different in other parts of the world. Despite wide variation across different contexts, globally identified barriers to men's involvement in pregnancy and childbirth commonly include beliefs that men's participation is unnecessary or that it's inappropriate for them to participate. Besides, men are systematically not (actively) invited to attend services, consultations, etc.

## **Male Experience:**

Revealing Male Bodies Nancy Tuana, 2002-05-06 *Revealing Male Bodies* is the first scholarly collection to directly confront male lived experience. There has been an explosion of work in men's studies, masculinity issues, and male sexuality in addition to a growing literature exploring female embodiment. Missing from the current literature, however, is a sustained analysis of the phenomenology of male gendered bodies. *Revealing Male Bodies* addresses this omission by examining how male bodies are physically and experientially constituted by the economic, theoretical, and social practices in which men are immersed. Contributors include Susan Bordo, William Cowling, Terry Goldie, Maurice Hamington, Don Ihde, Greg Johnson, Björn Krondorfer, Alphonso Lingis, Patrick McGann, Paul McIlvenny, Terrance MacMullan, Jim Perkinson, Steven P. Schacht, Richard Schmitt, Nancy Tuana, Craig L. Wilkins, and John Zuern.

**The Male Survivor** Matthew Parynik Mendel, 1995. This landmark study examines the largest clinical sample to date of male survivors of sexual abuse in childhood. Using data from his nationwide North American survey, the author reveals that such abuse is extensive, thus dispelling myths regarding the invulnerability of males. Mendel argues that various societal myths have led to a profound under-recognition of male childhood sexual abuse. He proposes that increased attention to and acknowledgement of male victimization is needed in order to reduce both the stigma and isolation of male survivors and the incidence of abuse. The author also suggests modifications to conceptual frameworks related to the long-term impact of childhood sexual abuse to apply specifically to male.

**Male Mental Illness in Contemporary Culture** Christina Wilkins, 2025-11-19. This book explores contemporary cultural narratives across film, television, and literature to illuminate the way male mental illness is positioned. It argues that fundamentally, the male experience is shaped differently due to the impact of gender expectations. Alongside these narratives, containing suicide, also often fail to address the experiential, focusing on the 'why' instead. This results in a limited approach that upholds hegemonic ideals and with it, a need to rationalize or explain mental health and suicide rather than engage with it more empathetically.

*Nondiscrimination in Insurance Act of 1983* United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Commerce, Transportation, and Tourism, 1983.

**Persuasion in the Media Age** Timothy Borchers, 2021-09-14. *Persuasion in the Media Age* addresses the impact of electronic media on the practice of persuasion and reviews constantly evolving digital strategies. Today's world demands a new perspective on persuasion, one that is grounded in the assumption that human consciousness and culture have been forever altered by communication technology. The fourth edition provides timely examples of persuasion in political campaigns, social movements, marketing, and interpersonal relationships, and the role of social media and media technologies in all of these contexts. From advertisers to politicians to influencers to friends, persuaders use increasingly sophisticated strategies to sway behavior. Borchers skillfully weaves theory, research, and engaging examples to help readers understand the practice of social influence and to apply critical thinking skills to the persuasion they encounter daily. The text takes an interdisciplinary approach to provide the

latest thinking on persuasion while also drawing on a broad theoretical base for foundational concepts such as attitudes rhetoric and human motivation Throughout Borchers emphasizes audience storytelling visual images and ethics This comprehensive insightful and accessible overview of persuasive communication teaches readers how to be skilled creators of persuasive messages as well as critical consumers

*Imago Trinitatis* Mark S. Medley, 2002-03-07 *Imago Trinitatis* contributes to the contemporary task of seeking to retrieve the central Christian symbol of the triune God It interfaces the trinitarian theology of Catherine LaCugna and new anthropological models based on women's interpreted experience of relationality offered by feminist theologians especially the vision of the post patriarchal self of Catherine Keller in order to delineate a theological conception of the human person as communion By reinterpreting *imago Dei* as *imago Trinitatis* Mark Medley offers a proposal towards claiming that a trinitarian feminist theological anthropology understands human personhood as being formed and transformed in one's personal existence to God's personal existence as persons of communion

*Feminism And Philosophy* Nancy Tuana, Rosemarie Putnam Tong, 2018-02-06 The past twenty years have seen an explosion of work by feminist philosophers and several surveys of this work have documented the richness of the many different ways of doing feminist philosophy But this major new anthology is the first broad and inclusive selection of the most important work in this field There are many unanswered questions about the future of feminist philosophy Which of the many varieties of feminist philosophy will last and which will fade away What kinds of accommodations will be possible with mainstream non feminist philosophy Which will separate themselves and flourish on their own To what extent will feminists change the topics philosophers address To what extent will they change the very way in which philosophy is done However these questions are answered it is clear that feminist philosophy is having and will continue to have a major impact on the discipline of philosophy This volume is the first to allow the scholar the student and other interested readers to sample this diverse literature and to ponder these questions for themselves Organized around nine traditional types of feminist philosophy *Feminism and Philosophy* is an imaginatively edited volume that will stimulate readers to explore many new pathways of understanding It marks a defining moment in feminist philosophy and it will be an essential text for philosophers and for feminist theorists in many other fields

**Recruiting, Retaining, and Engaging African-American Males at Selective Public Research Universities** Louis A. Castenel, Tarek C. Grantham, Billy J. Hawkins, 2018-06-01 A problematic yet uncommon assumption among many higher education researchers is that recruitment retention and engagement of African American males is relatively similar and stable across all majority White colleges and universities In fact the harsh reality is that selective public research universities SPRUs have distinctive academic cultures that increase the difficulty of diversifying their faculty and student populations This book will discuss how traditions and elitist assumptions make it very difficult to recruit retain and engage African American males The authors will examine these issues from multiple perspectives in three sections that highlight research policies and practices impacting the experiences of African American

males including Pre Collegiate Preparation African American Male Student Athletes and Undergraduate and Graduate Considerations for African American Male Initiatives

**Handbook of British Literature and Culture of the First World War** Ralf Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War

**Claiming Reality** Louise Levesque-Lopman, 1988-10-11 An important yet little explored area of feminist research is women s subjective experience of everyday life Claiming Reality is the first study to apply the insights of the growing discipline of phenomenological sociology to women s experience particularly the experience of childbirth in an attempt to develop a feminist phenomenological perspective
