nationalism or in the words of one modern chaplain with a spiritual badass As acclaimed scholar Kristin Du Mez explains the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism Many of today's evangelicals might not be theologically astute but they know their VeggieTales they've read John Eldredge's *Wild at Heart* and they learned about purity before they learned about sex and they have a silver ring to prove it Evangelical books films music clothing and merchandise shape the beliefs of millions And evangelical culture is teeming with muscular heroes mythical warriors and rugged soldiers men like Oliver North Ronald Reagan Mel Gibson and the Duck Dynasty clan who assert white masculine power in defense of Christian America Chief among these evangelical legends is John Wayne an icon of a lost time when men were uncowed by political correctness unafraid to tell it like it was and did what needed to be done Challenging the commonly held assumption that the moral majority backed Donald Trump in 2016 and 2020 for purely pragmatic reasons Du Mez reveals that Trump in fact represented the fulfillment rather than the betrayal of white evangelicals most deeply held values patriarchy authoritarian rule aggressive foreign policy fear of Islam ambivalence toward MeToo and opposition to Black Lives Matter and the LGBTQ community A much needed reexamination of perhaps the most influential subculture in this country Jesus and John Wayne shows that far from adhering to biblical principles modern white evangelicals have remade their faith with enduring consequences for all Americans

Redeeming America Michael Lienesch, 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In *Redeeming America* Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics and he argues that the movement is

certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety

Family Values and the Rise of the Christian Right Seth Dowland, 2015-10-20 During the last three decades of the twentieth century evangelical leaders and conservative politicians developed a political agenda that thrust family values onto the nation s consciousness Ministers legislators and laypeople came together to fight abortion gay rights and major feminist objectives They supported private Christian schools home schooling and a strong military Family values leaders like Jerry Falwell Phyllis Schlafly Anita Bryant and James Dobson became increasingly supportive of the Republican Party which accommodated the language of family values in its platforms and campaigns The family values agenda created a bond between evangelicalism and political conservatism Family Values and the Rise of the Christian Right chronicles how the family values agenda became so powerful in American political life and why it appealed to conservative evangelical Christians Conservative evangelicals saw traditional gender norms as crucial in cultivating morality They thought these gender norms would reaffirm the importance of clear lines of authority that the social revolutions of the 1960s had undermined In the 1970s and 1980s then evangelicals founded Christian academies and developed homeschooling curricula that put conservative ideas about gender and authority front and center Campaigns against abortion and feminism coalesced around a belief that God created women as wives and mothers a belief that conservative evangelicals thought feminists and pro choice advocates threatened Likewise Christian right leaders championed a particular vision of masculinity in their campaigns against gay rights and nuclear disarmament Movements like the Promise Keepers called men to take responsibility for leading their families Christian right political campaigns and pro family organizations drew on conservative evangelical beliefs about men women children and authority These beliefs known collectively as family values became the most important religious agenda in late twentieth century American politics

Contemporary Perspectives On Masculinity Ken Clatterbaugh,2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men s rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men s awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men s rights Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society

Spiritual Entrepreneurship: Bill Harrison,Mary Harrison,2018-04-23 Having enjoyed successful careers in three different industries manufacturing construction and commercial real estate I have learned my talents skills experience and God given gifts can be applied in different ways in many diverse situations All that was required was willingness to go wherever God led me and to do whatever he asked me to do In the process of doing I learned God had a plan for my life which was more challenging than my own plan but also far more exciting and rewarding My wife Mary s experience has been similar to mine as she was afforded opportunities to go places and do things which have gone far beyond what she expected for herself Based on our life experiences as a married couple with dual professional careers my wife and I developed the concept we call spiritual entrepreneurship The challenges we faced in fulfilling the requirements of two separate careers without neglecting our family obligations led us to the principles and practices of this concept Feel free to visit our website at www.spiritualentrepreneurship.com
