

View of Eastern Christianity

- One major, key difference between **Western Christians** and **Eastern Christians** is how they view the **incarnation**.
- **Western Christians** affirm that in the **incarnation**, Jesus, remaining *fully* divine, became *fully a* human being.
- **Eastern Christians** go *beyond* **Western Christians**, and assert that in becoming a human being, **Jesus** caused a dramatic *transformation* in the “**human nature**” of *all* human beings.
- The “**human nature**” we all share was “**deified**,” given the capacity to become divine and participate in the divine life.

Mysteries In Human Nature A Christians View:

Hume's Inexplicable Mystery Keith Yandell, 2010-06-30 A reexamination of Hume's views on religion *Mystery of the Eucharist* Hilary Arthur Nixon PhD, 2022-10-07 For Christ did not enter a holy place made by hands a mere copy of the true one but into heaven itself now to appear in the presence of God for us nor was it that He would offer Himself often as the high priest enters the Holy Place year by year with blood that is not his own Otherwise He would have needed to suffer often since the foundation of the world but now once at the consummation of the ages He has been revealed to put away sin by the sacrifice of Himself Hebrews 9 24 25 NASB Jesus interrupted their Seder meal celebrating Passover Using unleavened bread and a cup of wine he instituted the Lord's Supper Why does the bread represent Christ's body God passes over the believer's sin because the Lamb of God's body carried our sin He suffered and died His body was broken like bread What represents His death Life is with the blood Life ceases when blood stops pouring out of the sacrifice Wine represents Christ's blood Wine poured into the cup represents his death The cup Jesus used probably was a wooden bowl What cup represents the new covenant Once a year on the Day of Atonement the high priest entered the Holy of Holies With his finger he sprinkled blood from the bowl onto the mercy seat Seven times he did this This ritual shows God's intent to cleanse sin from his people In the heavenly temple Jesus the Christ cleansed us from sin By showing His blood He showed his death on our behalf The cup is only a tiny piece of the new covenant's inauguration ritual Yet the cup represents the entire new covenant relationship between God and his people This figure of speech is a synecdoche where a part represents the whole It is a specialized form of metonym **The Mystery of Jesus Christ** Fernando Ocáriz Braña, Fernando Ocáriz, Lucas F. Mateo Seco, José Antonio Riestra, 1994 Written chiefly for theology students the book presents the authentic teachings of Catholic faith to be found not only in the ancient conciliar sources but also in important recent documents dealing with disputed issues of our times Chapters deal with The hoped for Saviour The Coming of Jesus Christ in the fullness of time The Person of Christ Christ the Way the Truth and the Life Redemption **The Mysteries of Christianity** Matthias Joseph Scheeben, 2023-03-17 The Mysteries of Christianity is Matthias Joseph Scheeben's youthful magnum opus a logically rigorous and spiritually profound dogmatic theology In its pages he explores the intelligibility of Christianity's supernatural mysteries and their deep connectedness ultimately demonstrating that Christian theology constitutes a science before the court of human reason even as its object transcends human comprehension Scheeben's task is to present a unified view of the whole panorama of revealed truth and he pursues this by considering nine key Christian mysteries the Trinity creation sin the Incarnation the Eucharist the Church and its sacraments justification eschatological glory and predestination Since the mystery of the Trinity is the root of the supernatural order Scheeben begins here showing that the foundation of the salvific economy lies in the eternal processions of persons in God the begetting of the Son and the spiration of the Spirit being in different ways the cause of the life of grace in the human soul When the Son and the Spirit are sent into the world in the Incarnation and

through the bestowal of grace they provide the way for human beings to see God face to face in the beatific vision the end for which God created humans Among the means of return to God Scheeben particularly emphasizes the Eucharist on account of its close connection with the mystery of the Incarnation By placing his treatment of the Eucharist before that of the Church he signals that his is a genuinely Eucharistic ecclesiology centered on the abiding presence of the incarnate divine Son

Pensées Catholiques Edward L. Helmrach,2022-01-29 In 1961 at Garabandal at the height of power of the Soviet Union Mary told Conchita and the other three girls that When Communism comes back these things marking the end of time would begin The girls asked Come back Where is it going Now we ve seen Communism go overcome by Pope St John Paul II and other leaders and now we re seeing it come back At Fatima Mary said that if the Holy Father in union with the bishops of the world consecrated the world to her Immaculate Heart An era of peace would be granted to mankind Pope St John Paul II made this consecration in 1984 But how long is an era of peace In the Psalms a man s life is 70 or 80 years an average of 75 The Soviet Union lasted for 75 years 1917 1991 Perhaps the Chinese CCP will last for 75 years having begun in 1949 If the era of peace is 75 years long and if it began with the end of World War II in 1945 the era of peace ended in 2020 Mary also said that in the end her Immaculate Heart would triumph *Mystery and Meaning* Gebre Menfes Kidus,2011-08-05

The Christian Mystery Rudolf Steiner,1998 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner s early interpretations of St John s gospel and

the sermon on the mount All of Steiner's lectures on the Lord's Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner's approach to Christianity as a spiritual practice Owen *on the Christian Life* Matthew Barrett, Michael A. G. Haykin, 2015-09-30 John Owen is widely hailed as one of the greatest theologians of all time His many works especially those encouraging Christians in their struggle against sin continue to speak powerfully to readers today offering much needed spiritual guidance for following Christ and resisting temptation day in and day out Starting with an overview of Owen's life ministry and historical context Michael Haykin and Matthew Barrett introduce readers to the pillars of Owen's spiritual life From exploring his understanding of believers' fellowship with the triune God to highlighting his teaching on justification this study invites us to learn about the Christian life from the greatest of the English Puritans Part of the Theologians on the Christian Life series The Glorious Mystery of the Person of Christ, God and Man John Owen, 1839 **Mediatorial Sovereignty, the mystery of Christ and the revelation of the Old and New Testaments** George STEWARD (Independent Minister.), 1863 Mediatorial Sovereignty, the Mystery of Christ and the Revelation of the Old and New Testaments George Steward (Independent.), 1863 **The Glorious Mystery of the Person of Christ & Meditations and Discourses on the Glory of Christ** John Owen, *A Brief Systematic Theology of the Symbol* Joshua Mobley, 2021-11-18 How do Christians understand the Trinity How does this understanding relate to other Christian teachings In conversation with key thinkers in contemporary and classical theology particularly Henri de Lubac Karl Rahner Thomas Aquinas and Augustine this book argues that a theology of symbols can help us glimpse the mystery of the Trinity and see how this central Christian teaching corresponds to Christian understandings of creation humanity and the church A symbol is not here understood as an arbitrary sign but as a sign that mediates the presence of the symbolized Joshua Mobley examines the understanding of the Father as symbolized in the Son who is the symbol of the Father by the symbolism of the Spirit the personal agent of unity between Father and Son These trinitarian relations then structure creaturely relations to God God is symbolized in creation which is a symbol of God by participation in the Son and the church is symbolism the union of creation with God by the power of the Spirit Mobley thus argues that a theology of symbol helps coordinate trinitarian theology with key themes in Christian dogmatics **In Face of Mystery** Gordon D. Kaufman, 1993 In the symbolic world of Christianity which millions have inhabited for centuries is there room for modern and postmodern life for today's real world of cultural relativism and religious pluralism of scientific knowledge and historical understanding In Face of Mystery draws these two worlds together in a full scale reconception of Christian theology Theology Gordon Kaufman suggests is an imaginative construction the creation of a symbolic world for ordering life As it has been constructed so it can be reconstructed and Kaufman does so in a way that clarifies both the historic roots and the present day applications of Christian symbolism He works with a biohistorical interpretation of human life one that portrays humanity as a product of

biological evolution and historical development While taking account of cultural and religious pluralism and while providing criteria for making comparative assessments and judgments this interpretation of human historical existence also situates human beings with their capacities for freedom and creativity within the ecological web that sustains all life Human beings Kaufman argues have created religious symbolism as a necessary part of their attempt to orient themselves in the world He shows how Christianity as a system of symbols has figured in this effort and he carefully examines the separate elements of the Christian perspective foremost among them God How does the concept of God as an ultimate point of reference enhance our understanding of today's world and how does the symbol Christ qualify this concept The answers Kaufman proposes clarify the changing relevance of the symbolic world of Christianity Firmly embedded in physical and social science and in the tradition of American pragmatism this thorough reconception of a Christian worldview offers insight into the most basic questions confronting humanity today questions of value meaning and self identity **Transcendent Mystery in Man**
