Red November Black November Culture And Community In The Industrial Workers Of The World:

Red November, Black November Salvatore Salerno, 1989-07-15 *Red November Black November* is a study of the culture of the I W W movement at the turn of the twentieth century It analyzes the Wobblies use of cultural expressions such as songs poems and cartoons as a means of educating and unifying workers and as weapons in the struggle against the repressive social conditions of industrial development The book emphasizes the important role played by immigrant activists Wobbly artists and intellectuals offering a fascinating portrait of the complexity of pre World War I labor radicalism **Red November, Black November** Salvatore Salerno, 1989-07-15 *Red November Black November* is a study of the culture of the I W W movement at the turn of the twentieth century It analyzes the Wobblies use of cultural expressions such as songs poems and cartoons as a means of educating and unifying workers and as weapons in the struggle against the repressive social conditions of industrial development The book emphasizes the important role played by immigrant activists Wobbly artists and intellectuals offering a fascinating portrait of the complexity of pre World War I labor radicalism **Wobblies of the World** Peter Cole, David Struthers, Kenyon Zimmer, 2017-10-20 *The Industrial Workers of the World* is a union unlike any other Founded in 1905 in Chicago it rapidly gained members across the world thanks to its revolutionary internationalist outlook By using powerful organising methods including direct action and direct democracy it put power in the hands of workers This philosophy is labeled as revolutionary industrial unionism and the members called affectionately Wobblies This book is the first to look at the history of the IWW from an international perspective Bringing together a group of leading scholars it includes lively accounts from a number diverse countries including Australia Canada Mexico South Africa Sweden and Ireland which reveal a fascinating story of global anarchism syndicalism and socialism Drawing on many important figures of the movements such as Tom Barker Har Dayal Joe Hill James Larkin and William D Big Bill Haywood and exploring particular industries including shipping mining and agriculture this book describes how the IWW and its ideals travelled around the world **Peace Advocacy in the Shadow of War** Francis Shor, 2024-01-05 For peace advocates a corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical

political perspectives in the 20th and 21st centuries should find much to reflect upon in this book **Goddess of Anarchy** Jacqueline Jones, 2017-12-05 From a prize winning historian a new portrait of an extraordinary activist and the turbulent age in which she lived Goddess of Anarchy recounts the formidable life of the militant writer orator and agitator Lucy Parsons Born to an enslaved woman in Virginia in 1851 and raised in Texas where she met her husband the Haymarket martyr Albert Parsons Lucy was a fearless advocate of First Amendment rights a champion of the working classes and one of the most prominent figures of African descent of her era And yet her life was riddled with contradictions she advocated violence without apology concocted a Hispanic Indian identity for herself and ignored the plight of African Americans Drawing on a wealth of new sources Jacqueline Jones presents not only the exceptional life of the famous American born anarchist but also an authoritative account of her times from slavery through the Great Depression *Ben Fletcher* Peter Cole, 2021-01-12 In the early twentieth century when many US unions disgracefully excluded black and Asian workers the Industrial Workers of the World IWW warmly welcomed people of color in keeping with their emphasis on class solidarity and their bold motto An Injury to One Is an Injury to All Ben Fletcher The Life and Times of a Black Wobbly tells the story of one of the greatest heroes of the American working class A brilliant union organizer and a humorous orator Benjamin Fletcher 1890 1949 was a tremendously important and well loved African American member of the IWW during its heyday Fletcher helped found and lead Local 8 of the IWW s Marine Transport Workers Industrial Union unquestionably the most powerful interracial union of its era taking a principled stand against all forms of xenophobia and exclusion For years acclaimed historian Peter Cole has carefully researched the life of Ben Fletcher painstakingly uncovering a stunning range of documents related to this extraordinary man Ben Fletcher The Life and Times of a Black Wobbly is the most comprehensive look at Fletcher ever to be published It includes a detailed biographical sketch of his life and history reminiscences by fellow workers who knew him a chronicle of the IWW s impressive decade long run on the Philadelphia waterfront in which Fletcher played a pivotal role and nearly all of his known writings and speeches thus giving Fletcher s timeless voice another opportunity to inspire a new generation of workers organizers and agitators This revised and expanded second edition includes new materials such as facsimile reprints of two extremely rare pamphlets on racism from the early twentieth century more information on his prison years and personal life additional recollections from friends greater consideration of Fletcher from a global perspective and much more The Bloomsbury Companion to Anarchism Ruth Kinna, 2012-06-28 The Bloomsbury Companion to Anarchism is a comprehensive reference work to support research in anarchism The book considers the different approaches to anarchism as an ideology and explains the development of anarchist studies from the early twentieth century to the present day It is unique in that it highlights the relationship between theory and practice pays special attention to methodology presents non English works key terms and concepts and discusses new directions for the field Focusing on the contemporary movement the work outlines significant shifts in the study of anarchist ideas and explores recent debates The Companion will

appeal to scholars in this growing field whether they are interested in the general study of anarchism or in more specific areas. Featuring the work of key scholars, *The Bloomsbury Companion to Anarchism* will be an essential tool for both the scholar and the activist.

Community in Conflict Gary Kaunonen, Aaron Goings, 2013-07-01 A mirror of great changes that were occurring on the national labor rights scene, the 1913-14 Michigan Copper Strike was a time of unprecedented social upheaval in Michigan's Upper Peninsula. With organized labor taking an aggressive stance against the excesses of unfettered capitalism, the stage was set for a major struggle between labor and management. The Michigan Copper Strike received national attention and garnered the support of luminaries in organized labor like Mother Jones, John Mitchell, Clarence Darrow, and Charles Moyer. The hope of victory was overshadowed, however, by violent incidents like the shooting of striking workers and their family members and the bitterness of a community divided. No other event came to symbolize or memorialize the strike more than the Italian Hall tragedy, in which dozens of workers and working class children died. In *Community in Conflict*, the efforts of working people to gain a voice on the job and in their community through their unions and the efforts of employers to crush those unions take center stage. Previously untapped historical sources such as labor spy reports, union newspapers, coded messages, and artifacts shine new light on this epic and ultimately tragic period in American labor history.

Transnational Labour History Marcel van der Linden, 2017-07-05 There has been a growing recognition amongst scholars that labour historians need to look beyond national borders in order to place the history of the working classes into a much broader context than has hitherto been the case. Whilst studies focused on individual countries are essential, it is only by comparing and contrasting the experiences across time and space that a true understanding of the subject can be attempted. Professor Marcel van der Linden has contributed much to the debate on cross-border processes and comparisons. This volume makes available in English a collection of twelve of his most important essays on the theme of transnational labour history. Previously published in a range of journals and volumes, with two original contributions, *Transnational Labour History* brings them together in a single convenient collection, together with a new introduction. This work will undoubtedly provide an invaluable resource for all students of European labour history.

Radicals in the Barrio Justin Akers Chacón, 2018-06-26 *Radicals in the Barrio* uncovers a long and rich history of political radicalism within the Mexican and Chicano working class in the United States. Chacón clearly and sympathetically documents the ways that migratory workers carried with them radical political ideologies, new organizational models, and shared class experience as they crossed the border into southwestern barrios during the first three decades of the twentieth century. Justin Akers Chacón's previous work includes *No One is Illegal: Fighting Racism and State Violence on the U.S.-Mexico Border* with Mike Davis.

Big Red Songbook Archie Green, David Roediger, Franklin Rosemont, Salvatore Salerno, 2016-05-01 In 1905 representatives from dozens of radical labor groups came together in Chicago to form One Big Union, the Industrial Workers of the World (IWW), known as the Wobblies. The union was a big presence in the labor movement, leading strikes, walkouts, and

rallies across the nation And everywhere its members went they sang Their songs were sung in mining camps and textile mills hobo jungles and flop houses and anywhere workers might be recruited to the Wobblies cause The songs were published in a pocket-size tome called the Little Red Songbook which was so successful that it's been published continuously since 1909 In The Big Red Songbook the editors have gathered songs from over three dozen editions plus additional songs rare artwork personal recollections discographies and more into one big all-embracing book IWW poets composers strove to nurture revolutionary consciousness Each piece whether topical hortatory elegiac or comic served to educate agitate and emancipate workers A handful of Wobbly numbers have become classics still sung by labor groups and folk singers They include Joe Hill's sardonic The Preacher and the Slave sometimes known by its famous phrase Pie in the Sky and Ralph Chaplin's Solidarity Forever Songs lost or found sacred or irreverent touted or neglected serious or zany singable or not are here The Wobblies and their friends have been singing for a century May this comprehensive gathering simultaneously celebrate past battles and chart future goals In addition to the 250 songs writings are included from Archie Green Franklin Rosemont David Roediger Salvatore Salerno Judy Brannman Richard Brazier James Connell Carlos Cortez Bill Friedland Virginia Martin Harry McClintock Fred Thompson Adam Machado and many more

Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieouoi Unparalleled coverage of U.S. political development through a unique chronological framework Encyclopedia of U.S. Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven-volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U.S. Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500-1783 Volume Editor Andrew Robertson Herbert H. Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis

as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

Encyclopedia of U.S. Political History Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of

the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War

VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered

Transnational Radicals Travis Tomchuk, 2015-04-17 Italian anarchism emerged in the latter half of the nineteenth century during that country s long and bloody unification Often facing economic hardship and political persecution many of Italy s anarchists migrated to North America Wherever Italian anarchists settled they published journals engaged in labour and political activism and attempted to re create the radical culture of their homeland Transnational Radicals examines the transnational anarchist movement that existed in Canada and the United States between 1915 and 1940 Against a backdrop of brutal and open class war with governments calling upon militias to suppress strikes radicals thrown in jail for publicly speaking against capitalism and the church and those of foreign birth being deported and even executed for political activities Italian anarchism was successfully transplanted Transnationalism made it more difficult for

states to destroy groups spread across wide geographical spaces In Italy and abroad the strong anarchist identity informed by class ethnicity and gender reinforced movement values promoted movement expansion and assisted mobilization during times of crisis In Transnational Radicals Tomchuk makes use of Italian government security files and Italian language anarchist newspapers to reconstruct a vibrant and little studied political movement during a tumultuous period of modern North American history Democratic Communications James F. Hamilton,2009-08-01 This is the first book to take issue with the long standing assumptions about alternative media and democratic communications and place them in a detailed cultural and historical context Ranging from prophecy in sixteenth century England to the self managed projects of critical literacy and social change of today it assesses the historical heritage present conditions and future possibilities of today s remade media landscape for democratic communications *Encyclopedia of U.S. Labor and Working-class History* Eric Arnesen,2007 Publisher Description Another Politics Chris Dixon,2014-08-15 Amidst war economic meltdown and ecological crisis a new spirit of radicalism is blooming from New York to Cairo according to Chris Dixon In Another Politics he examines the trajectory of efforts that contributed to the radicalism of Occupy Wall Street and other recent movement upsurges Drawing on voices of leading organizers across the United States and Canada he delivers an engaging presentation of the histories and principles that shape many contemporary struggles Dixon outlines the work of activists aligned with anti authoritarian anti capitalist and anti oppression politics and discusses the lessons they are learning in their efforts to create social transformation The book explores solutions to the key challenge for today s activists organizers fighters and dreamers building a substantive link between the work of against which fights ruling institutions and the work of beyond which develops liberatory alternatives *Revolutionary Industrial Unionism* Verity Burgmann,1995 A history of the International Workers of the World IWW in Australia this book is both lively and scholarly Unruly Equality Andrew Cornell,2016-01-13 The first intellectual and social history of American anarchist thought and activism across the twentieth century In this highly accessible history of anarchism in the United States Andrew Cornell reveals an astounding continuity and development across the century Far from fading away anarchists dealt with major events such as the rise of Communism the New Deal atomic warfare the black freedom struggle and a succession of artistic avant gardes stretching from 1915 to 1975 Unruly Equality traces U S anarchism as it evolved from the creed of poor immigrants militantly opposed to capitalism early in the twentieth century to one that today sees resurgent appeal among middle class youth and foregrounds political activism around ecology feminism and opposition to cultural alienation *Italian Immigrant Radical Culture* Marcella Bencivenni,2011 Maligned by modern media and often stereotyped Italian Americans possess a vibrant if largely forgotten radical past In Italian Immigrant Radical Culture Marcella Bencivenni delves into the history of the sovversivi a transnational generation of social rebels and offers a fascinating portrait of their political struggle as well as their milieu beliefs and artistic creativity in the United States As early as 1882 the sovversivi founded a socialist club in Brooklyn Radical

organizations then multiplied and spread across the country from large urban cities to smaller industrial mining areas By 1900 thirty official Italian sections of the Socialist Party along the East Coast and countless independent anarchist and revolutionary circles sprang up throughout the nation Forming their own alternative press institutions and working class organizations these groups created a vigorous movement and counterculture that constituted a significant part of the American Left until World War II Italian Immigrant Radical Culture compellingly documents the wide spectrum of this oppositional culture and examines the many cultural and artistic forms it took from newspapers to literature and poetry to theater and visual art As the first cultural history of Italian American activism it provides a richer understanding of the Italian immigrant experience while also deepening historical perceptions of radical politics and culture
