Riding On A Fine Line Through Time:

Riding on a Fine Line Through Time R. Milnes, 2005-07 What happens when two girls time travel to each other's childhood Eleven year old Anisa suddenly finds that the world around her has changed Her aunt's farm looks a lot different than it did yesterday and the woman working in the barn is definitely not her mom And why is everyone calling her by her mother's name Veronica In a parallel world Veronica has also traveled to a different time Unsure what to do Veronica tries to fit in with her new family But the question remains why has this happened Both Veronica and Anisa are determined to uncover the mystery of their time travel experience Veronica's father might hold the answer But until they can discover the key to returning to their own lives they must deal with the perplexing questions surrounding them Will Veronica and Anisa uncover the secret of time travel or will their former lives be lost to them forever **A Fine Line** Mary Satchell, 2016-07-29 Leola Jackson born and bred in the Deep South narrates her experiences as a black girl whose entire life was defined by Jim Crow boundary lines These invisible lines which were drawn and enforced by the authority of Southern laws and customs told Leola and her friends where they could live where they could go to school where they could sit on a public bus where they could sit and eat in a public place where they were allowed to worship and even how high their dreams and aspirations could take them Leola never had many dreams She always figured she'd grow up to become a housemaid just like her single parent mom However in 1954 when Leola's story begins surprising things were happening in the nation as well as inside Leola's tiny world The winds were whispering that changes later known as the Civil Rights Movement were coming that would soon transform the nation and especially black Americans' lives forever Riding Between the Worlds Linda Kohanov, 2010-10-05 In this powerful follow up to her groundbreaking work *The Tao of Equus* Linda Kohanov introduces provocative new theories about the human-horse connection theories supported by in-depth experience Horses she maintains model an embodied spirituality one that is both fully present in this world and deeply connected to the soul's divine origins Kohanov explores how these animals support us on both levels leading us to unexpected realizations about fear intuition awareness empowerment and above all authenticity **My Time** Bradley Wiggins, 2013-04-01 This book had me hooked from the start A wonderfully told and often quite frank story of an incredible sportsman and his life from a child up to his amazing tour de France and Olympic victories On July 22 2012 Bradley Wiggins made history as the first British cyclist to win the Tour de France Ten days later at the London Olympic Games he won the time trial to become his country's most decorated Olympian In an instant Wiggo now Sir Bradley Marc Wiggins became a national hero Two years previously however Wiggins had been staring into the abyss His much-hyped attempt to conquer the 2010 Tour de France had ended in public humiliation Poor results and indifferent form left him facing release from Team Sky And then he was hit with the tragic news of the death of his grandfather George the man who had raised him as a young boy At rock bottom Wiggins had to reach deep inside and find the strength to fight his way back Outspoken honest intelligent and fearless Wiggins has been hailed as the people's

champion In My Time he tells the story of the remarkable journey that led him from his lowest ebb to win the world's toughest race He opens up about the personal anguish that has driven him on and what it's like behind the scenes at Team Sky the brutal training regimes the sacrifices and his views on his teammates and rivals He talks too about his anger at the specter of doping that pursues his sport how he dealt with the rush of taking Olympic gold and above all what it takes to be the greatest

O'Connell, 1997 In times of underpopulation slaves were taken to provide labor O'Connell explores the histories of the civilizations of ancient Sumeria Egypt Assyria China and the New World showing how war came to each and how it adapted to varying circumstances On the other hand societies based on trade employed war much more selectively and pragmatically Thus Minoan Crete long

Breaking the Time Barrier Jenny Randles,2005-04-05 The race to build the first time machine **It's Nation Time** Jerry White,2024-10-01 Speaking at the Congress of African People in September 1970 Amiri Baraka said In Newark when we greet each other on the streets we say what time is it We always say It s nation time Nationalism is about land and nation a way of life trying to free itself National identity and nationhood are too often easily dismissed as retrograde populism or racist exclusion Instead they need to be understood as a key part of a vision of globalization that holds the imperatives of diversity and solidarity in a delicate balance Jerry White offers a defence of the nation based on the assumption that

struggles for national identity have often unfolded in ways that should be familiar to those who defend the political standpoint of the progressive left Having evolved into something that a wide variety of actors have sought to defend nations can also serve as a defence against the homogenizing forces of globalization and as havens of diversity in opposition to more singularly minded forms of affiliation It s Nation Time is structured as a series of specific case studies that speak to theories of nation and their historical and cultural manifestations It includes examples as varied as Black nationalism Simone Weil s hopes for a postwar France the first independence period of Georgia the Bollywood cinema of Nehru era India and small or stateless nations such as New Zealand Quebec Ireland Catalonia the M tis the Mohawk and the Inuit to argue that nationalism is a social form that has much potential and life in it Broadly internationalist but also deeply insightful about the particular cultures and politics of small nations It s Nation Time defends an idea of nation and a form of nationalism that are rooted in the potential for diversity flexibility and progressive politics
