Atheists in America Melanie E. Brewster, 2014-06-03 This collection features more than two dozen narratives by atheists from different backgrounds across the United States Ranging in age race sexual orientation and religious upbringing these individuals address deconversion community building parenting and romantic relationships providing a nuanced look at living without a god in a predominantly Christian nation These narratives illuminate the complexities and consequences for nonbelievers in the United States Stepping away from religious belief can have serious social and existential ramifications forcing atheists to discover new ways to live meaningfully without a religious community Yet shedding the constraints of a formal belief system can also be a freeing experience Ultimately this volume shows that claiming an atheist identity is anything but an act isolated from the other dimensions of the self Upending common social political and psychological assumptions about atheists this collection helps carve out a more accepted space for this minority within American society
