

# Rights Of Animals

**Tom Regan**

## **Rights Of Animals:**

**Animal Rights** Paul Waldau, 2011 This resource offers a survey of the animal rights movement      **The Rights of Animals and Man's Obligation to Treat Them with Humanity (1838)** William Hamilton Drummond, 2005 William Drummond's *The Rights of Animals* is one of several early nineteenth century volumes dedicated to arousing a recognition of the importance of the well being and protection of animals. Like a number of contemporary works this book was written at the behest of the Society for the Prevention of Cruelty to Animals to which the prefix Royal was soon to be added. Of these volumes *The Rights of Animals* is the most learned and along with that of the veterinarian William Youatt volume 11 in this Series the most significant in stating the animal cause as seen from the perspective of the pre Darwinian nineteenth century. This 1838 book was authored by William Hamilton an Irish Unitarian Minister of Scottish extraction. By adding a contextual Introduction and copious explanatory Editorial Notes Drs Preece and Li have put this work into its historical and literary setting thus rendering the work much more readily comprehensible to the scholar of the twenty first century.

*Encyclopedia of Animal Rights and Animal Welfare* Marc Bekoff, Carron A. Meaney, 2013-12-16 Human beings responsibility to and for their fellow animals has become an increasingly controversial subject. This book provides a provocative overview of the many different perspectives on the issues of animal rights and animal welfare in an easy to use encyclopedic format. Original contributions from over 125 well known philosophers, biologists and psychologists in this field create a well balanced and multi disciplinary work. Users will be able to examine critically the varied angles and arguments and gain a better understanding of the history and development of animal rights and animal protectionist movements around the world. Outstanding Reference Source. Best Reference Source      **Animal Rights & Human Morality** Bernard E. Rollin, 2010-12 It's been more than two decades since the first edition of this landmark book garnered public accolades for its sensitive yet honest and forthright approach to the many disquieting questions surrounding the emotional debate over animal rights. Is moral concern something owed by human beings only to human beings? Drawing upon his philosophical expertise, his extensive experience of working with animal issues all over the world and his knowledge of biological science, Bernard E. Rollin, now widely recognized as the father of veterinary ethics, develops a compelling analysis of animal rights as it is emerging in society. The result is a sound basis for rational discussion and social policy development in this area of rapidly growing concern. He believes that society must elevate the moral status of animals and protect their rights as determined by their natures. His public speaking and published works have contributed to passage of major federal legislation designed to increase the well being of laboratory animals. This new third edition is greatly expanded and includes a new chapter on animal agriculture plus additional discussions of animal law, companion animal issues, genetic engineering, animal pain, animal research and many other topics.      **Animal Rights and Wrongs** Roger Scruton, 1998 A revised and improved edition of a book in continuing demand. Do animals have rights? If not, do we have duties towards them? If so, what duties? These are

myriad other issues are discussed in this brilliantly argued book published in association with the leading think tank Demos. Why are animal rights groups so keen to protect the rights of badgers and foxes but not of rats, mice or even humans? How can we bridge the growing gap between rural producers and urban consumers? Why is raising animals for fur more heinous than raising them for their meat? Are we as human beings driving other species either to extinction or to a state of dependency? This paperback edition is fully updated with new chapters on the livestock crisis, fishing and BSE, and a layman's guide introduction to philosophical concepts. The book presents a radical response to the defenders of animal rights and a challenge to those who think that because they are kind to their pets they are therefore good news for animals. **The Case**

**for Animal Rights** Tom Regan, 2004-09-17. THE argument for animal rights a classic since its appearance in 1983 from the moral philosophical point of view. Zoopolis Sue Donaldson, Will Kymlicka, 2011-11-24. To all of these animals we owe respect for their basic inviolable rights. Animal Rights and Human Morality Bernard E. Rollin, 1981. Rollin offers a fully revised discussion of this white hot debate over animal rights. Many of Rollin's concerns have taken center stage and his proposed legislation to protect animals in experimentation has become federal law. Copyright Libri GmbH. All rights reserved.

Animal Rights Lisa Yount, 2007. Praise for the previous edition: an excellent first stop resource for research on animal rights, well organized, clearly written, and a great starting point for research. Recommended Choice: comprehensive, invaluable for reports on a popular current topic. VOYA: a very complete research guide that will be most useful at the high school and college level. American Reference Books Annual: The treatment of animals has become a controversial issue over the years with many questioning an animal's fundamental rights. For some the issue of animal rights is merely an attempt to improve conditions of animals used for clothing, food, and other products, while others believe animals should be granted the same legal rights afforded to humans. Animal Rights Revised Edition provides an overview of the history of the animal rights movement and reactions to it, as well as the issues of animal experimentation, conditions on factory farms, laboratory animals, animals in entertainment, hunting, and the actions of those involved in the animal rights debate. New content includes such documents as the Animal Enterprise Terrorism Act of 2006 and contemporary court cases such as *Animal Legal Defense Fund v. Glickman*. These documents provide both past and present perspectives on the issue and plot a course for future debate about animal rights. A comprehensive and up to date overview, essay capsule biographies, a large annotated bibliography, a chronology of significant events, organization and agency listings, and a glossary all combine to make this an ideal first stop reference to animal rights. Coverage includes: Whether medical testing performed on animals is ethical. Whether animals should be banned from circuses and other forms of entertainment. How threats against investors in companies that participate in animal drug testing should be handled. Introduction to Animal Rights Gary Francione, 2010-07-29. Argues that the way humans treat animals results from the contradiction between the ideas that animals have some rights but that they are also property, and offers ways to resolve the conflict. *The Moral Rights of*

*Animals* Mylan Engel Jr., Gary Lynn Comstock, 2016-03-16 Edited by Mylan Engel Jr and Gary Lynn Comstock this book employs different ethical lenses including classical deontology libertarianism commonsense morality virtue ethics utilitarianism and the capabilities approach to explore the philosophical basis for the strong animal rights view which holds that animals have moral rights equal in strength to the rights of humans while also addressing what are undoubtedly the most serious challenges to the strong animal rights stance including the challenges posed by rights nihilism the kind argument against animal rights the problem of predation and the comparative value of lives In addition contributors explore the practical import of animal rights both from a social policy standpoint and from the standpoint of personal ethical decisions concerning what to eat and whether to hunt animals Unlike other volumes on animal rights which focus primarily on the legal rights of animals and unlike other anthologies on animal ethics which tend to cover a wide variety of topics but only devote a few articles to each topic this volume focuses exclusively on the question of whether animals have moral rights and the practical import of such rights The Moral Rights of Animals will be an indispensable resource for scholars teachers and students in the fields of animal ethics applied ethics ethical theory and human animal studies as well as animal rights advocates and policy makers interested in improving the treatment of animals     *Animal Rights* Kim Masters Evans, 2005-10 Contains facts tables charts and statistics that provide current and historical information about animal rights covering wildlife farm and research animals animals in sports service and entertainment animals pets and the history of human animal interaction     *Animal Rights, Human Wrongs* Tom Regan, 2003 What gives an animal rights What makes product testing on animals wrong In *Animal Rights Human Wrongs* prominent activist and philosopher Tom Regan skillfully puts forth the argument for animal rights through the exploration of two questions central to moral theory What makes an act right What makes an act wrong Taking into consideration moral theories such as contractarianism utilitarianism and Kantian ethics Regan provides the theoretical framework that grounds a responsible pro animal rights perspective and ultimately explores how asking moral questions about other animals can lead to a better understanding of ourselves The necessity of making a transition from moral theory to moral practice becomes startlingly clear as Regan examines the commonplace everyday choices that would be affected by believing in a moral theory that affirms the rights of animals For the many people who have ever wondered what difference does it make if animals have rights *Animal Rights Human Wrongs* provides a provocative and intriguing answer For a discussion of animal rights tailored to a more general audience see *Empty Cages Facing the Challenge of Animal Rights* Rowman Littlefield 2003     **Animal Rights/human Rights** David Alan Nibert, 2002 This accessible and cutting edge work offers a new look at the history of western civilization one that brings into focus the interrelated suffering of oppressed humans and other animals Nibert argues persuasively that throughout history the exploitation of other animals has gone hand in hand with the oppression of women people of color and other oppressed groups He maintains that the oppression both of humans and of other species of animals is inextricably tangled within the

structure of social arrangements Nibert asserts that human use and mistreatment of other animals are not natural and do little to further the human condition Nibert's analysis emphasizes the economic and elite driven character of prejudice discrimination and institutionalized repression of humans and other animals His examination of the economic entanglements of the oppression of human and other animals is supplemented with an analysis of ideological forces and the use of state power in this sociological expose of the grotesque uses of the oppressed past and present Nibert suggests that the liberation of devalued groups of humans is unlikely in a world that uses other animals as fodder for the continual growth and expansion of transnational corporations and conversely that animal liberation cannot take place when humans continue to be exploited and oppressed

**The Philosophy of Animal Rights**, **Animal Rights** Tyler Stevenson, 2018-12-15 Animals have alternately been considered pests food workers test subjects and as is becoming increasingly common companions This begs the question What rights should animals have Through engaging text featuring annotated quotes from experts readers learn about the changing role of animals and the ensuing changing attitudes of people toward how animals should be treated Detailed charts engaging sidebars and relevant statistics provide an in depth education regarding the history and ramifications both legal and societal of animal rights Readers are also encouraged to think critically to form an opinion on the actions and tactics of different animal rights organizations

**Rain Without Thunder** Gary Francione, 2010-06-17 A powerful re examination of the animal rights movement and its shortcomings

**The Moral Rights of Animals** Mylan Engel Jr., Gary Lynn Comstock, 2016-03-16 Edited by Mylan Engel Jr and Gary Lynn Comstock this book employs different ethical lenses including classical deontology libertarianism commonsense morality virtue ethics utilitarianism and the capabilities approach to explore the philosophical basis for the strong animal rights view which holds that animals have moral rights equal in strength to the rights of humans while also addressing what are undoubtedly the most serious challenges to the strong animal rights stance including the challenges posed by rights nihilism the kind argument against animal rights the problem of predation and the comparative value of lives In addition contributors explore the practical import of animal rights both from a social policy standpoint and from the standpoint of personal ethical decisions concerning what to eat and whether to hunt animals Unlike other volumes on animal rights which focus primarily on the legal rights of animals and unlike other anthologies on animal ethics which tend to cover a wide variety of topics but only devote a few articles to each topic this volume focuses exclusively on the question of whether animals have moral rights and the practical import of such rights The Moral Rights of Animals will be an indispensable resource for scholars teachers and students in the fields of animal ethics applied ethics ethical theory and human animal studies as well as animal rights advocates and policy makers interested in improving the treatment of animals

**Empty Cages** Tom Regan, 2005-07-07 Described by Jeffrey Masson as the single best introduction to animal rights ever written this new book by Tom Regan will structure the animal rights debate for generations to come In a style at once simple and elegant Regan dispels the negative image of animal rights

advocates perpetrated by the mass media unmask the fraudulent rhetoric of humane treatment favored by animal exploiters and explains why existing laws function to legitimize institutional cruelty Written by the leading philosophical spokesperson for animal rights Tom Regan's shocking expos of animal abuse makes an essential and lasting contribution that will significantly impact the history of animal rights advocacy in America     *Animal Rights* David DeGrazia, 2002-02-21 Do animals have moral rights If so what does this mean What sorts of mental lives do animals have and how should we understand welfare By presenting models for understanding animals moral status and rights and examining their mental lives and welfare David DeGrazia explores the implications for how we should treat animals in connection with our diet zoos and research Animal Rights distinguishes itself by combining intellectual rigour with accessibility offering a distinct moral voice with a non polemical tone ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

## Decoding **Rights Of Animals**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Rights Of Animals**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
