Ring Of Ice True Tales Of Adventure Exploration And Arctic Life:

Ring of Ice Peter Stark, 2000 A wide ranging marvelous compilation of explorations at the top of the world

Nineteenth-Century Travels, Explorations and Empires, Part I Vol 1 Peter J Kitson, William Baker, Indira Ghose, Susan Schoenbauer Thurin, 2021-11-18 A collection of writings on travels undertaken in the Victorian era The texts collected in these volumes show how 19th century travel literature served the interests of empire by promoting British political and economic values that translated into manufacturing goods Adventuring with Boldness Bruce C. Paton, 2006 This book is split into two sections the first telling the stories of the expeditions of Alexander Mackenzie Zebulon Pike Lewis and Clark John Wesley Powell and more The second part tells how they dealt with travel issues Cold Bill Streever, 2024-09-24 From avalanches to glaciers from seals to snowflakes and from Shackleton's expedition to The Year Without Summer Bill Streever journeys through history myth geography and ecology in a year long search for cold real icy 40 below cold In July he finds it while taking a dip in a 35 degree Arctic swimming hole in September while excavating our planet's ancient and not so ancient ice ages and in October while exploring hibernation habits in animals from humans to wood frogs to bears A scientist whose passion for cold runs red hot Streever is a wondrous guide he conjures woolly mammoth carcasses and the ice age Clovis tribe from melting glaciers and he evokes blizzards so wild readers may freeze limb by vicarious limb Realm of Ice and Sky Buddy Levy, 2025-01-28 Two time National Outdoor Book Award winning author Buddy Levy's thrilling narrative of polar exploration via airship and the men who sacrificed everything to make history Arctic explorer and American visionary Walter Wellman pioneered both polar and trans Atlantic airship aviation making history's first attempts at each Wellman has been cast as a self promoting egomaniac known mostly for his catastrophic failures Instead he was a courageous innovator who pushed the boundaries of polar exploration and paved the way for the ultimate conquest of the North Pole which would be achieved not by dogsled or airplane but by airship American explorer Dr Frederick Cook was the first to claim he made it to the North Pole in 1908 A year later so did American Robert Peary but both Cook's and Peary's claims had been seriously questioned There was enough doubt that Norwegian explorer extraordinaire Roald Amundsen who'd made history and a name for himself by being first to sail through the Northwest Passage and first man to the South Pole picked up where Walter Wellman left off attempting to fly to the North Pole by airship He would go in the Norge designed by Italian aeronautical engineer Umberto Nobile The 350 foot Norge flew over the North Pole on May 12 1926 and Amundsen was able to accurately record and verify their exact location However the engineer Nobile felt slighted by Amundsen Two years later Nobile returned this time in the Italia backed by Prime Minister Benito Mussolini This was an Italian enterprise and Nobile intended to win back the global accolades and reputation he believed Amundsen had stripped from him The journey ended in disaster death and accusations of cannibalism launching one of the great rescue operations the world had ever seen *Realm of Ice and Sky* is the riveting tale of the men who first flew the

Gallop Toward the Sun Peter Stark, 2023-08-29 A vivid account of the rivalry between future president William Henry Harrison and the Shawnee chief Tecumseh and of the Native American alliance that fought westward expansion from the New York Times bestselling author of Astoria Taut multi-layered a much needed reevaluation of this crucial period of our nation's history Laurence Bergreen author of Over the Edge of the World The conquest of Indigenous land in the eastern United States through corrupt treaties and genocidal violence laid the groundwork for the conquest of the American West In Gallop Toward the Sun acclaimed author Peter Stark exposes the fundamental conflicts at play through the little known but consequential struggle between two extraordinary leaders William Henry Harrison was born to a prominent Virginia family the son of a signer of the Declaration of Independence He journeyed west became governor of the vast Indiana Territory and sought statehood by attracting settlers and imposing one-sided treaties Tecumseh by all accounts one of the nineteenth century's greatest leaders belonged to an honored line of Shawnee warriors and chiefs His father killed while fighting the Virginians flooding into

Kentucky extracted a promise from his sons to never give in to the land hungry Americans An eloquent speaker Tecumseh traveled from Minnesota to Florida and west to the Great Plains convincing far flung tribes to join a great confederacy and face down their common enemy Eager to stop U S expansion the British backed Tecumseh s confederacy in a series of battles during the forgotten western front of the War of 1812 that would determine control over the North American continent Tecumseh s brave stand was likely the last chance to protect Indigenous people from U S expansion and prevent the upstart United States from becoming a world power In this fast paced narrative with its sharply drawn characters high stakes diplomacy and bloody battles Peter Stark brings this pivotal moment to life *Forthcoming Books* Rose Arny,2004
