Ripper And The Royals:

The Ripper & the Royals Melvyn Fairclough, 1991 The Ripper and the Royals Melvyn Fairclough, 2002 Who was Jack the Ripper Was he some lone maniac down on whores Or were the Ripper murders as this book shows the joint enterprise of a group of high ranking desperadoes acting to protect the Prince of Wales's heir the Duke of Clarence from blackmail Many hitherto unknown facts are presented in this authoritative book which was first published in 1991 and includes a foreword by Joseph Sickert Melvyn Fairclough skillfully unravels the nexus of intrigue that has threatened the Royal family for three generations Jack the Ripper: The Terrible Legacy The Whitechapel Society, 2013-07-01 Jack the Ripper was the slayer of at least five female victims in London's East End but his legacy left many more victims in its wake than he could have ever imagined From the Royal Family and the British Government to the London Police and minority groups the list of other victims that were created as a direct result of the Jack the Ripper murders goes on and on Following the success of their first book the authors from The Whitechapel Society have compiled this ultimate force in Ripper research in which each group is looked at in detail The authors are veteran Ripper chroniclers familiar with the highways and byways of the Ripper road map They share the principle that in all the plethora of commentaries about the Whitechapel Murderer there are many categories of victim apart from the five women slain in the streets in the autumn of 1888 **Serial Killers Around the World** Dirk C. Gibson, 2014-11-28 Serial Killers Around the World The Global Dimensions of Serial Murder compiles serial murder case studies from several countries from Australia to Great Britain and from Japan to Pakistan The author has covered accounts on a wide array of serial killers including some well known felons namely Jack the Ripper The Butcher of Mons Martin Marie Dumollard as well as some of the lesser known serial slayers such as Daisy DeMelker Yoshio Kodaira Javed Iqbal and many more The book highlights six dimensions of each case the killer's the serial murders other crimes communication the investigation and trial and punishment of the accused Readers both general and aspiring criminologists alike will find Serial Killers Around the World an interesting resource for critical information on serial murders committed in nations around the world **Ripperology** Robin Odell, 2006 Ripperology a sometimes obsessive interest in studying the crimes of Jack the Ripper is a subject of timeless interest that has suffered from confusion exaggeration and hyperbole for over a century Jack the Ripper was probably the first serial killer to appear in a large metropolis at a time when the general populace was literate and the press was a force for social change The press was also partly responsible for creating many myths surrounding the Ripper **Ripper Suspect** D J Leighton, 2016-09-23 One of the most popular of all Ripper suspects Montague Druitt appears on the surface an unlikely killer Born into a comfortable bourgeois family he was educated at New College Oxford qualified for the Bar and played cricket for a number of strong club sides But there was another side to the agreeable Mr Druitt He moved in the artistic and aristocratic circles that overlapped with London's secretive homosexual culture was summarily dismissed from his post at a boys school and a few weeks later was found

drowned in the Thames just months after the Jack the Ripper murders Six years later Chief Constable Sir Melville Macnaughten named Druitt as the murderer and gave the unhappy barrister a kind of immortality D J Leighton has dug deep into the background to Druitt s unhappy life and uncovered a web of intriguing connections linking the eldest son of the heir to the throne the Cambridge Apostles Sir Arthur Conan Doyle Virginia Woolf and the cricketer Prince Kumar Ranjitsinhji The book is a fascinating period piece that deftly weaves together the criminal sporting aristocratic and homosexual worlds of late nineteenth century London in search of the truth behind Macnaughten s surprising allegations This book is an excellent piece of of period crime history with a Jack the Ripper setting It is a colourful Victorian underworld story mixing high society with scandal the golden age of amateur cricket and murder It is the authoritative debunking of the case for Druitt as Jack the Ripper This book weaves together the criminal sporting aristocratic and homosexual worlds of late nineteenth century London in search of the truth behind Sir Melville Macnaughten s surprising allegations From Hell: Master Edition #4 Alan Moore,2019-03-06 A Torn Envelope Another woman is brutally murdered near Whitechapel and the police receive a mysterious letter bearing the name Jack the Ripper Five unsolved murders Two of the greatest creators in the history of comics One sprawling conspiracy one metropolis on the brink of the 20th century and one bloody minded Ripper ushering London into the modern age of terror The award winning bestseller FROM HELL often ranked among the greatest graphic novels of all time takes on haunting new dimensions in FROM HELL The Master Edition enhanced with impressionistic hues by Eddie Campbell himself This volume contains Chapters 6 and 7 as well as all the original annotations

The Complete Jack The Ripper A-Z - The Ultimate Guide to The Ripper Mystery Paul Begg & Martin Fido,2015-03-05 Hugely respected extensively quoted and widely regarded as the bible of Ripper studies The Complete Jack the Ripper A to Z is the ultimate reference for anyone fascinated by the Jack the Ripper mystery This new rewritten up to date edition includes sources and well over 100 photographs The Complete jack the Ripper A Z has an entry for almost every person involved in the case from suspects and witnesses to policemen and journalists plus the ordinary people who became caught up in the unfolding drama Written by three of the world s leading authorities on the case it takes a completely objective look at theories old and new describes all the key Ripper books and gives potted biographies of many of the authors Whether you are new to the mystery of Jack the Ripper or an experienced Ripperologist The Complete Jack the Ripper A Z will keep you turning the pages Fascinating and entertaining reading in its own right it is the essential reference to have beside you when you venture into the dark alleys of Victorian Whitechapel *From Hell: Master Edition* Alan Moore,2020-09-30 Jack is back and this time the blood is red The award winning bestseller FROM HELL often ranked among the greatest graphic novels of all time takes on haunting new dimensions in FROM HELL Master Edition enhanced by impressionistic hues and revisions by Eddie Campbell himself along with all the original annotations by Alan Moore **Wild Is the Hawk's Dream** Ruth Wildes Schuler,2012-02 Wild Is The Hawk s Dream is a novella about a group of Moslem Arabs in an American University in the

1950s and the effect that an American girl has on their lives It is a clash of culture that foreshadows the coming world events in the Middle East today Also included in this book is a collection of short stories previously printed around the world that deal with prejudice hate injustice and war and the courage that the protagonists deal with the difficulties they encounter in their lives

London's Shadows Drew D. Gray,2010-09-02 In 1888 London was the capital of the greatest empire the world had ever known In the West End the glittering lamps illuminated the homes of the rich and the emporiums that displayed the countless luxuries that they enjoyed This was a city that reflected the wealth of the Victorian age but there was also a dark side to Victorian London vice and crime degradation poverty and despair When an unknown killer began murdering prostitutes in Whitechapel the horrors of the East End were brought out of the shadows In 1888 London was the capital of the most powerful empire the world had ever known and the largest city in Europe In the West End a new city was growing populated by the middle classes the epitome of Victorian values Across the city the situation was very different The East End of London had long been considered a nether world a dark and dangerous place and it embodied many of the fears of respectable Victorians Using the Whitechapel murders of Jack the Ripper as a focal point London s Shadows explores prostitution and poverty revolutionary politics and Irish terrorism immigration the criminal underclass and the developing role of the Metropolitan Police It also considers how the sensationalist New Journalism took the news of the Ripper murders to the furthest corners of the Empire This is a new and fresh portrait of London at the height of Victoria s reign revealing the dark underbelly of the city s history

The Mammoth Book of Killers at Large Nigel Cawthorne,2011-09-01 Reason to be afraid over 50 unsolved cases of serial murder Fact murderers and serial killers do not always get caught Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away and who remain somewhere among us Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved The cases covered in this alarming book include Argentina s crazed highway killer responsible for mutilating and killing at least five people since 1997 and dumping their bodies along remote highways The Green River Killer believed to be a middle aged white man who has claimed at least 49 lives to date in the Seattle Tacoma area South Africa s Phoenix Strangler suspected of killing 20 women in the province of KwaZulu Natal The Twin Cities Killer either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St Paul where the victims were mostly prostitutes Costa Rica s elusive El Psicopata The Psychopath thought to have murdered at least 19 people in this small quiet Central American country The Monster of Florence responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating but the response of local police and authorities to the lack of a conviction Local authorities may fear to admit the continued existence of a serial killer at large whilst police bodies face the temptation to tidy up loose unsolved murders under the aegis of other admitted crimes

Freemasonry in Context Art DeHoyos,S. Brent Morris,2004-01-01 Freemasonry has had a long enduring and yet at times largely invisible influence on

American culture and society The decreased visibility of Freemasonry has to do directly with there being very few scholarly resources on the subject In the history of the United States reaction to Freemasonry led to America s first third party the Anti Masonic Party Much of America s social safety net from the Civil War to the Second World War was provided by the orphanages retirement homes and insurance programs of Freemasonry Freemasonry has also influenced the development of other fellowships Knights of Pythias Elks Moose Woodmen of the World and Knights of Columbus to name a few At its peak in 1960 Freemasonry claimed 4 2 million members one out of every twenty males in the United States In Freemasonry in Context History Ritual Controversy editors Arturo de Hoyos and S Brent Morris feature work by renowned Masonic scholars Essays explore the rich and often controversial events that comprise the cultural and social history of Freemasonry Other essays discuss the function and development of ritual rites and practices The scholarship in this volume represents ten years of scholarly investigations by the Scottish Rite Research Society Freemasonry in Context is the most authoritative compendium of Masonic scholarship available Contained within this volume is the most erudite scholarly reflection on an enormous body of research conducted by academic historians and Masonic authors Rules of Game Andrew Gordon,2013-02-21 Foreword by Admiral Sir John Woodward When published in hardcover in 1997 this book was praised for providing an engrossing education not only in naval strategy and tactics but in Victorian social attitudes and the influence of character on history In juxtaposing an operational with a cultural theme the author comes closer than any historian yet to explaining what was behind the often described operations of this famous 1916 battle at Jutland Although the British fleet was victorious over the Germans the cost in ships and men was high and debates have raged within British naval circles ever since about why the Royal Navy was unable to take advantage of the situation In this book Andrew Gordon focuses on what he calls a fault line between two incompatible styles of tactical leadership within the Royal Navy and different understandings of the rules of the games *At the Margins of Victorian Britain* Dennis Grube,2013-07-15 Victorian Britain at the head of the vast British Empire was the wealthiest and most powerful country in the world Yet not all Britons were seen as possessing the characteristics that defined what it actually meant to be British At the Margins of Victorian Britain focuses on the political means of policing unwanted others in Victorian society the Irish Catholics and Jews atheists prostitutes and homosexuals In this groundbreaking study Dennis Grube details the laws and conventions that were legally and culturally enforced in order to bar these others from gaining power and influence in Victorian Britain Utilizing a wide ranging analysis the book focuses on key case studies the anti Semitism implicit in Lord Rothschild s barring from the House of Commons the fine line between accepted male love and companionship and homosexuality culminating in the Oscar Wilde trials of the 1890s and how laws against disease were used to police prostitutes and correct moral vices Political and legal rhetoric backed by the force of legislation set the boundaries of Britishness and enforced those boundaries through the majesty of British law As Jews Roman Catholics and atheists were brought into a genuine sense of partnership in the British

constitution by being allowed to seek election to Parliament homosexuals prostitutes and the allegedly innately criminal Irish found themselves further and more vehemently displaced as the nineteenth century progressed Otherness stopped being a religious question and became instead a moral one That fundamental shift marks the moment that Britishness became a values based question And we've been arguing about what those values are ever since This will be essential reading for those working in the fields of Victorian studies social and cultural history and constitutional identity **Death at Whitechapel**

Robin Paige, 2000-02-01 Kathryn Ardleigh and her husband Charles are called on for help when scandal threatens Jennie Jerome Churchill Her son Winston's political future is jeopardized by someone who claims to have proof that his father was none other than the notorious Jack the Ripper *Prince Eddy* Andrew Cook, 2011-08-26 Prince Albert Victor King Edward VII's first son and heir to the throne and popularly known as Eddy has virtually been airbrushed out of history Eddy was as popular and charismatic a figure in his own time as Princess Diana a century later As in her case his sudden death in 1892 resulted in public demonstrations of grief on a scale rarely seen at the time and it was even rumoured as in the case of Diana that he was murdered to save him besmirching the monarchy Had he lived he would have been crowned king in 1911 ushering in a profoundly different style of monarchy from that of his younger brother who ultimately succeeded as the stodgy George V Eddy's life was virtually ignored by historians until the 1970s when myths began to accumulate and his character somehow grew horns and a tail As a result he is remembered today primarily as a suspect in the Jack the Ripper murders of 1888 and for his alleged involvement in the Cleveland Street homosexual scandal of 1889 But history has found Eddy guilty of crimes he did not commit Now for the first time using modern forensic evidence combined with Eddy's previously unseen records personal correspondence and photographs Andrew Cook proves his innocence Prince Eddy reveals the truth about a key royal figure a man who would have made a fine king and changed the face of the British monarchy **Eadweard**

Muybridge Marta Braun, 2012-01-01 Best known for his contribution to the development of the motion picture Eadweard Muybridge 1830-1904 was a pioneering photographer during his lifetime Alongside his remarkable photographic achievements his personal life was riddled with melodrama including a near fatal stagecoach accident and a betrayal by his wife that ended with Muybridge being tried for the murder of her lover Marta Braun's revealing biography traces the sensational events of Muybridge's life and his personal reinventions as artist photographer researcher and showman In the 1870s Muybridge's photography skills were enlisted by Leland Stanford a racehorse breeder who later founded Stanford University to prove the unsupported motion controversy the theory that during a horse's stride there was a moment when all four of its legs left the ground The resulting collection of motion studies as Braun explains inspired Muybridge to take photography beyond landscapes to the realm of science He went on to invent the zoopraxiscope which captures movement too quick for the human eye to record Most importantly simulating motion through a series of stills his pioneering use of sequence photography served as a forerunner to the introduction of cinematography in the 1890s This illuminating study

examines a man whose influence has resounded through generations In Eadweard Muybridge Braun firmly establishes Muybridge s central contributions to the history of art science photography and motion pictures **Royal Poxes and Potions** Raymond Lamont-Brown,2011-10-24 Royal Poxes and Potions is a fascinating look at the relationship between monarchs and their doctors and reveals the complex and influential position that they held Acclaimed biographer Raymond Lamont Brown casts light on a previously overlooked aspect of the monarchy and the secrets it conceals From the instigation of the royal doctor in medieval times and up to the present day the tales of secrets murder medical incompetence and revolutionary operations make compelling reading Included here is Sir William Gull court physician to Queen Victoria who was a suspect in the Jack the Ripper case and Sir Frederick Treves who was not only court physician to the four succeeding monarchs but was also the man who helped to rescue the Elephant Man Joseph Merrick from a fairground freak show

The Complete History of Jack the Ripper Philip Sugden,2012-03-01 The murders in London between 1888 91 attributed to Jack the Ripper constitute one of the most mysterious unsolved criminal cases This story is the result of many years meticulous research The author reassesses all the evidence and challenges everything we thought we knew about the Victorian serial killer and the vanished East End he terrorized
