**Rise And Fall Of The Third Reich** William L. Shirer, 1990 The classic history of Adolph Hitler's rise to power and his dramatic defeat

*The Rise and Fall of the Third Reich* William Lawrence Shirer, 1992 The definitive history of Nazi Germany

*The Rise and Fall of Adolf Hitler* William L. Shirer, 2013-04-18 A concise and timely account of Hitler's and fascism's rise to power and ultimate defeat from one of America's most famous journalists

American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler's mounting influence. His most definitive work on the subject, *The Rise and Fall of the Third Reich*, is a riveting account defined by first person experience: interviewing Hitler, watching his impassioned speeches, and living in a country transformed by war and dictatorship. Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience. This account loses none of the immediacy of *The Rise and Fall of the Third Reich*, capturing Hitler's ascendance from obscurity, the horror of Nazi Germany's mass killings, and the paranoia and insanity that marked the Führer's downfall. This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history. For nearly 100 years, William L. Shirer has spoken to us of fascism, Nazis, and Hitler. He tells the unvarnished truth as he experienced it. I figured this school type book wasn't going to tell me anything new. But when I started reading, I realized that I wasn't reading for the facts anymore. I listened to his story and heard the urgency in his voice, a voice from nearly 60 years ago telling us the truth about today.

*The Rise and Fall of the Third Reich* William L. Shirer, 2011-10-11 History of Nazi Germany

**The Rise and Fall of the Third Reich** William L. Shirer, 2011-10-23 National Book Award Winner The definitive account of Nazi Germany and one of the most important works of history of our time. The New York Times: When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer's sweeping account of the Third Reich uses these unique sources combined with his experience living in Germany as an international correspondent throughout the war. *The Rise and Fall of the Third Reich* earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, *The Rise and Fall of the Third Reich* is a chilling and illuminating portrait of mankind's darkest hours. A monumental work.

[A Brief History of The Third Reich](#) Martyn Whittock, 2011-06-23 The abuse of power, genocide, the destruction of total war, unimaginable cruelty, and the suffering of millions were all central features of Hitler's Nazi regime. Yet the Nazis were also highly successful in manipulating images

and information they mobilized and engaged vast numbers of people caught the imagination of the young and appeared remarkably modern to many contemporary observers Was the Third Reich a throwback to a mythical past or a brutally modern and technologically advanced state Was Hitler a strong dictator who achieved his clear goals or was his chaotic style of government symptomatic of a weak dictator unable to control the complex and contradictory forces that he had unleashed Was the Third Reich ruled by terror or largely supported by a compliant German population Was the genocide against the Jews a peculiarly German phenomenon or a uniquely German expression of a terrible wider trend Whittock explores these and other key questions interrogating the views of different historians and drawing on a wealth of primary sources from state sponsored art to diaries letters and memoirs of both perpetrators and victims to provide an overview of the complex evidence History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events while also giving a lucid overview of the bigger picture
