Olumide, 2009-11 There is an ongoing battle for the time of the believer Each day is filled with countless activities that all pose as priorities that cannot be delayed Unfortunately for many the first thing to be placed at the bottom of the list is time spent with God In these last days we must fight to make our quiet time with our Father a top priority This 70 day devotional is a practical and concise way for you to spend your first moments with God It is also a tool to adopt a disciplined lifestyle of digging deeper into the Word of God Folake Olumide lives with her husband Tunde and children Tomiwa and Erinayo in Grand Forks North Dakota This devotional is the second published book derived from her weekly word of encouragement entitled My Dear Fam which she sends by email to family and friends She holds a masters degree in Human Resources Management and works from home as an Advertising Specialties Consultant You can contact her and subscribe to her weekly devotional by visiting [www.mydearfam.org](http://www.mydearfam.org)

*Beyond Hostile Islands* Daniel McKay, 2024-04-02 WINNER JAVIER COY BIENNIAL RESEARCH AWARD BEST MONOGRAPH Offers a fascinating window into how the fraught politics of apology in the East Asian region have been figured in anglophone literary fiction The Pacific War 1941-1945 was fought across the world's largest ocean and left a lasting imprint on anglophone literary history However studies of that imprint or of individual authors have focused on American literature without drawing connections to parallel traditions elsewhere Beyond Hostile Islands contributes to ongoing efforts by Australasian scholars to place their national cultures in conversation with those of the United States particularly regarding studies of the ideologies that legitimize warfare Consecutively the book examines five of the most significant historical and thematic areas associated with the war island combat economic competition internment imprisonment and the atomic bombing of Hiroshima and Nagasaki Throughout the central issue pivots around the question of how or whether at all New Zealand fiction writing differs from that of the United States Can a sense of islandness the tyranny of distance Mori cultural heritage or the political legacies of the nuclear free movement provide grounds for distinctive authorial insights As an opening gambit Beyond Hostile Islands puts forward the term ideological coproduction to describe

how a territorially and demographically more minor national culture may accede to the essentials of a given ideology while differing in aspects that reflect historical and provincial dimensions that are important to it Appropriately the literary texts under examination are set in various locales including Japan the Solomon Islands New Zealand New Mexico Ontario and the Marshall Islands The book concludes in a deliberately open ended pose with the full expectation that literary writing on the Pacific War will grow in range and richness aided by the growth of Pacific Studies as a research area *New York Magazine*, 1993-08-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
