Rising Sun ; World War 2 Arthur Zich,1977      *The Eagle and the Rising Sun* Alan Schom,2004 On Saturday August 2 1941 the Washington Post reported that President Franklin D Roosevelt would depart the next day for a fishing vacation aboard his yacht Potomac By the morning of August 5 the Potomac was sailing toward the fishing waters off Cape Cod but the president was not on board Having quietly disembarked in the middle of the night the president now joined by his top military advisors was headed for Newfoundland where the U S and British governments would meet in a secret summit to coordinate their military efforts although the United States had yet to declare war on Germany The British were appalled at the state of American preparedness one British colonel remarking They have a long way to go before they can play any decisive part in the war But ready or not the United States would be catapulted into World War II within a matter of months Alan Schom s superb histories and biographies have been lauded for their dramatic sweep their focus on extraordinary personalities and their refreshingly iconoclastic perspective Schom begins this magisterial account of World War II in the Pacific by demonstrating an ironic paradox on one hand the American government and people were as inadequately prepared for war as any major power ever has been on the other the Japanese high command plunged headlong into the Pacific campaign despite clear evidence from their own analysts that Japan had too little oil and too feeble an economy to prevail against the United States It was a war that should not have been fought Schom recounts a tense saga of diplomatic maneuvering strategic blunders and pivotal successes played out in the halls of the White House Downing Street and the Imperial Palace as well as on the seas and shores of the Pacific Key figures in the war come vividly to life in a series of brilliant biographical sketches Emperor Hirohito a devotee of Western pursuits such as golf and jazz who hungered to expand Japan s global reach the destructively egotistical General Douglas MacArthur whose splendid achievements in World War I stood in stark contrast to his incompetent leadership in the Philippines Rear Admiral Kelly Turner whose realism and tactical savvy played a crucial role in turning the tide of the war and the cool headed Admiral Tanaka Raizo who repeatedly slipped through the Allied net transporting troops and supplies to and from Guadalcanal The Eagle and the Rising Sun embraces the broad strategic concerns of the war and the telling details and turning points of individual engagements As Rear Admiral Thomas Marfiak Ret CEO and publisher of the U S Naval Institute writes in the Foreword From time to time we are privileged to be given extraordinary insights into the history of our age Alan Schom has given us a tapestry into which he has woven figures of immense proportions yet he has not lost sight of their humanity He writes in the grand tradition of Barbara Tuchman s The Guns of August Book jacket      **The Rising Sun World War 2** ,      Into the Rising Sun Patrick K. major defeat in Midway are told in words and many illustrations From Time Life Books      *Racial Stigma on the Hollywood Screen from World War II to the Present* Brian Locke, 2009-11-23 *Racial Stigma on the Hollywood Screen from WWII to the Present* charts how the dominant white and black binary of American racial discourse influences Hollywood's representation of the Asian The Orientalist buddy film draws a scenario in which two buddies one white and one black transcend an initial hatred for one another by joining forces against a foreign Asian menace Alongside an analysis of multiple genres of film Brian Locke argues that this triangulated rendering of race ameliorates the longstanding historical contradiction between U S democratic ideals and white America's persistent domination over blacks      **Dawn of the Rising Sun** Kenneth I. Friedman, Ph.d., 2013-08-28 Using painstaking research and gifted insight Dr Kenneth I Friedman a talented and meticulous historian and writer investigates the reasons why Imperial Japan declared war on the US the British Empire and other Western powers during World War II Dr Friedman's probing and in depth analysis traces almost a century of US Japan relations in this epic and stylish quest to provide a comprehensive and easy to read analysis offering detailed historically accurate answers The book begins with the arrival of American Commodore Matthew Perry in 1853 passes through the Meiji Restoration between 1868 1912 the Russo Japanese War ending in 1905 via the treaty signed at Theodore Roosevelt's Summer White House at Oyster Bay Long Island Japan's entry in World War I that ended with the Treaty of Versailles in 1919 the Japanese operational strategic and tactical push into Northeast and Southeast Asia and eventually heads through the clouds for the airstrike on Pearl Harbor Hawaii and thus usher in America's entry into a global war waxed rich with global aims In his third book about World War II Friedman crafts an historical narrative telling the story of Japan's march to an Armageddon that ended in fire and smoke His sophisticated analysis captures the intrigues drama and geopolitical maneuvering which eventually led Japan to attack the US The genesis of Dr Friedman's analysis offers the true story of Japan as a star crossed nation during its evolution from a country content to stay in its relatively peaceful isolation from the rest of the world to becoming a de facto world power on a collision course with destiny Dawn of the Rising Sun addresses the Japanese reasons for attacking the Western Powers on December 7 1941 Almost all of the analysis comes from the Japanese perspective Various Japanese sources are used and explained to offer a broad cultural background and context Conversations between Japanese and Western leaders have been based on source material in an effort to augment some of the most dramatic moments in world history Taking a long view of the emerging balance of power between Japan and America Dr Friedman focuses on the arrival of Perry and Harris in the 1850s the downfall of the Shogunate rule ending in 1868 Japan making war with and defeating China at the end of the 19th Century steadily disposing of Czarist Russia and the awakening of the Japanese colonial spirit to see colonies overseas were the major events that propelled Japan to attacking the Americans Japan felt she had missed out on her chance for global expansion and during the 1920s and 1930s a militaristic tone permeated Japanese domestic and foreign policy in an effort to safeguard her imperialistic gains on the Asian continent Cut off from oil

by America Japan believed it had no choice but to attack the Hawaiian Islands and other American Dutch and British possessions in the Western Pacific The path of Japan from feudalism to a modern hyper power with state of the art weaponry is brought to life with stunning detail with more than fifty maps charts and graphics as well as numerous photographs World War II drew Japan into an alliance with Nazi Germany and pushed Imperial Japanese forces into India and onto the fringes of Australia Why did these events happen Readers will continue turning the pages from one fabulous set of facts and intrigues to the next as Friedman hits yet another home run in his stunning troika of World War II works **History of World War**

Hallas,2025-03-18 From the

award winning author of Saipan comes the definitive account of one of World War II's most brutal yet overlooked battles the American reconquest of Guam where 20 days of combat would claim over 18 000 mostly Japanese lives and mark another important turning point in the Pacific War Drawing from extensive archival research and firsthand accounts James H Hallas masterfully reconstructs this pivotal 1944 campaign that transformed a Japanese island fortress into a vital American base for the final push toward Tokyo Experience the harrowing invasion through the eyes of the Marines soldiers and sailors who fought there The devastating pre invasion bombardment that pounded Japanese defenses for 13 straight days The bloody beach landings where frogmen teams led the way through murderous fire The desperate Japanese counterattacks that sometimes inflicted 50% casualties on American units The brutal combat through jungles swamps and cave networks in suffocating tropical heat With the same gripping detail that earned his previous works critical acclaim Hallas weaves together strategic overview with intimate human drama from the commanders who planned the invasion to the frontline troops who executed it This meticulously researched narrative stands as the authoritative history of a battle that helped secure ultimate victory in the Pacific

**The Pacific Campaign in World War II** William Bruce Johnson, 2006-05-02 This is a fascinating new account of how diplomacy and politics gave way to military strategy and warfare in the Pacific Presenting previously unpublished photographs interviews with veterans newly commissioned maps and new translations of Japanese sources this book freshly examines the key events in the fight for the Pacific Detailing the background to the Japanese attack on Pearl Harbor it shows how the decision makers in Washington following consultation with the leaders of Britain Australia and New Zealand moved to stop Japan from its drive toward Australia by initiating a counterthrust in the Solomon Islands It also shows how qualities and character of leadership are crucial to winning wars detailing how Admiral Ernest J King managed to commit the Marine Corps to ground action in the South Pacific six months earlier than originally planned by ignoring the Roosevelt's commitment to defeat Germany prior to fighting Japan and by outmaneuvering Gen Douglas MacArthur for leadership It also explains how Marines under Maj Gen A A Vandegrift despite inadequate logistical support managed to prevail in the Americans first ground campaign of World War II making Japan's ultimate defeat inevitable In addition to recounting these key events it traces how censorship and patriotism influenced the reporting of the conflict in America how Hollywood films further shaped public opinion by portraying the significant events in particular ways and how certain crucial decisions such as the early bombing raid of Tokyo and giving Douglas MacArthur command of the war effort in Australia were political rather than strategic and were made to foster morale rather than to gain any military advantage This book will be of great interest to all students and scholars of Military History and to all readers with a general interest in World War II particularly in the conflicts of the Pacific Pearl Harbor and Guadalcanal
