Richey, 2018-09-12 Ecumenical Interreligious Perspectives Globalization in Theological Education is a collection of articles on the wide ranging effects of ecumenism on theological education Fifteen eminent historians theologians missiologists Christian educators and ecumenists in the United Methodist Church and other denominations have addressed such topics as the critical redefinition of ecumenism global inclusiveness and the cultural assumptions implicit in interreligious dialogue These important essays show that the seminaries are responding to the new global awareness with vigor and sensitivity Together they give us a picture of theological education that is spiritually and intellectually prepared to face the challenges of the twenty first century Lesslie Newbigin Geoffrey Wainwright, 2000-10-19 This book offers an intellectual and spiritual biography of Lesslie Newbigin a figure of patristic proportions in the twentieth century history of the Church Drawing on thirty five years of personal and literary acquaintance with his subject and on a thorough examination of the Newbigin archives Geoffrey Wainwright crafts a rich and varied portrait of this outstanding witness to the Gospel

An Introduction to the Theology of Religions Veli-Matti Kärkkäinen, 2009-08-20 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions **John Hick's Pluralist Philosophy of World Religions** Paul Rhodes Eddy, 2020-08-26 This title was first published in 2002 One of the most fascinating and controversial interpretations of religious diversity is religious pluralism According to John Hick's model of religious pluralism all the world's great religions are equally valid ways of understanding and responding to the ultimate spiritual reality This book offers an exposition of and critical response to John Hick's model Introducing the various interpretations of religious diversity being discussed today this book presents constructive suggestions as to how things could be further developed to offer a more accurate less confusing presentation of the various options in theology of religions The standard threefold typology of responses to religious diversity exclusivism inclusivism and pluralism are explained and defended Hick's pluralist interpretation of religious diversity is traced culminating in a critical assessment of Hick's pluralistic model and an up to date summary of a variety of critiques directed toward Hick's proposal Paul Rhodes Eddy concludes that Hick's present model is ultimately unsuccessful in retaining both of his long cherished goals a robust religious realism and a consistent religious pluralism whilst overcoming the most difficult problem for the pluralist the fact that the world's religions understand the divine in often contradictory ways *Subaltern Public Theology* Raj Bharat Patta, 2023-02-22 This book delves into the

public character of public theology from the sites of subalternity the excluded Dalit non public in the Indian public sphere Raj Bharat Patta employs a decolonial methodology and explores the topic in three parts First he engages with theological contexts by mapping global and Indian public theologies and critically analysing them Next he discusses theological companions and explains theological subalternity and subaltern public as companions for a subaltern public theology for India Finally Patta explains theological contours by discussing subaltern liturgy as a theological account of the subaltern public and explores a subaltern public theology for India

International Handbook of Inter-religious Education Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17 This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893 This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity

Preaching Contextually Anuparthi John Prabhakar, 2016-10-06 Preaching is the commission given by the great preacher Jesus Christ It is urgent because it communicates the essential gospel meant for the salvation of the perishing humanity God is universal and people are local The universal God became local in Jesus Christ through his incarnation The saving gospel of Jesus Christ is necessary to communicate contextually The majority of Indian Christians come from Dalit background The ongoing development of Dalit Theology is helping to make the gospel relevant and effective But the homiletic methodology being adapted in the Indian context is mostly from the West In this scenario Preaching Contextually searches for relevant methodology for Indian Dalits For this purpose contents of some sample sermons were analyzed homiletically to assess its relevance and to present a feasible method as a Dalit Homiletic Prof Dr J lio C zar Adam Brazil This is a book which contributes enormously to homiletic research and science not only in the Indian context but also for other contexts mainly those permeated by social ills and injustices It is a necessary book for those who study and do homiletics mainly in the context of vulnerability

Christianity Panikkar, Raimon, 2015-12-01 *M.M. Thomas's Secular Commentaries on Scripture* Thomas Philip, 2025-08-18 This book investigates M M Thomas's biblical commentaries and their unique position at

the intersection of religion and society It explores how Thomas inspired in part by Bonhoeffer s religionless Christianity adapted Western theological ideas and transformed them to reflect the social political and religious complexities of his own pluralistic context By examining these commentaries the book offers a fresh perspective on how Thomas engaged with the dynamic relationship between faith and society It also contributes a new dimension to the study of Indian Christianity marking the first in depth study of Thomas s secular biblical commentaries This book provides a pioneering contribution to the field of the study of Indian Christianity and the study of non Western contextual theologies It enriches the growing literature on biblical hermeneutics by offering new insights into how scripture can be interpreted in diverse cultural and political contexts By focusing on Thomas s unique theological approach this work not only enhances our understanding of Indian Christian thought but also broadens the scope of contemporary theological studies particularly within the global South It invites readers to consider how the intersection of theology and society shapes religious thought in pluralistic settings This book is intended for scholars graduate students and those involved in church studies as well as anyone interested in contextual theology and hermeneutics It is especially relevant for readers keen on understanding Indian Christianity and exploring how theology interacts with the social and political issues present in non Western contexts The book will appeal to those looking to deepen their understanding of how faith adapts to and engages with the complexities of modern society

The Problem with Interreligious Dialogue Muthuraj Swamy,2016-03-24 Muthuraj Swamy provides a fresh perspective on the world religions paradigm and interreligious dialogue By challenging the assumption that world religions operate as essential entities separate from the lived experiences of practitioners he shows that interreligious dialogue is in turn problematic as it is built on this very paradigm and on the myth of religious conflict Offering a critique of the idea of dialogue as it has been advanced by its proponents such as religious leaders and theologians whose aims are to promote inter religious conversation and understanding the author argues that this approach is elitist and that in reality people do not make sharp distinctions between religions nor do they separate political economic social and cultural beliefs and practices from their religious traditions Case studies from villages in southern India explore how Hindu Muslim and Christian communities interact in numerous ways that break the neat categories often used to describe each religion Swamy argues that those who promote dialogue are ostensibly attempting to overcome the separate identities of religious practitioners through understanding but in fact they re enforce them by encouraging a false sense of separation The Problem with Interreligious Dialogue Plurality Conflict and Elitism in Hindu Christian Muslim Relations provides an innovative approach to a central issue confronting Religious Studies combining both theory and ethnography [Being Priest in India: A Manifesto](#) George Thadathil,2023-08-15 Priesthood is the mainstay of all major religions Religious Practices are the prerogative of the ordained ministers or those considered of a priestly class community Being Priest in India is an exploration into the contours of self understanding that revolves around Roman Catholic Priesthood exercised in Indian culture specific context The

integration of a philosophical and theological understanding of being priest with the context specific realities cultural diversity income disparity and community consciousness leading to stratification along ethnic linguistic and regional identities The work is intended as a personal manifesto of a choice one makes to serve society to create harmony by widening the notion of being human In times of boundary demarcations between communities the project of creating Basic Human Communities is the call duty responsibility that challenges a priest
