Risky Feelings True To Life Stories For Young Teens True To Life Stories For Young Teens:

The Real Story of Risk Glenn Croston, 2012-11-06 We live in a world of risk It waits for us in our refrigerator and surrounds us on the freeway It s lurking in our arteries and sitting in our 401 k accounts Given that we deal with risk on a constant basis we should be good at it as it turns out though we re not We re blind to common risks like heart disease one in five deaths but we shrink in fear from rare events like shark attacks one in a million and airplane crashes one in twenty thousand What accounts for our poor ability to perceive and react to the risks that really matter Starting from an evolutionary perspective the author traces our distorted perception of risk back to our ancestors reminding readers that we are all the culmination of a long line of survivors who fought life and death threats such as attacks from wild animals starvation and disease The fact that we have covered Earth with seven billion people is a testament to our skill at overcoming these risks But our spectacular success has also produced our contemporary artificial world with new threats like climate change chili dogs and online gambling Our brains which evolved to deal with the ancient world are ill equipped to process the new threats we face Croston examines the many facets of our hazardous modern environment that we only dimly perceive He explains why we let our guard down for a beautiful face why slow moving risks like rising seas are hard to stop how a good story though false can be more persuasive than dry statistics even alarming ones what we fear even more than death and many other intriguing quirks about our built in incompetence to adequately handle present day risks Offering a wealth of fascinating information about health sex money safety food and the environment this book illuminates an often misunderstood but crucial aspect of daily life

The Inside Story on Teen Girls Karen M. Zager, Alice K. Rubenstein, 2002-04-15 The Inside Story on Teen Girls reveals expert answers to real questions asked by parents and teen girls Readers will find the wonderful collection of questions and answers to be like having a personal confidant or private therapist who they can ask anything and everything they have ever wanted to know about being a teenager or being a parent In separate sections parents and teen girls will find useful tips and practical suggestions for better communication and greater understanding of each other plus ways to reconnect with other family members and strengthen their sense of self But mostly parents and teen girls will learn ways to value and appreciate this exceptional and exciting phase everyone goes through to grow up The Inside Story on Teen Girls grew out of a survey of parents and teens with diverse backgrounds across the country The result is this book that directly helps teen girls and their parents and it might just help you

Living to Tell the Horrid Tales True Life Stories of Former Slaves Historical Documents Novels is a seminal collection that weaves together a tapestry of narratives documenting the visceral realities of slavery and its enduring impact. This anthology presents a rich array of literary styles from harrowing autobiographical accounts to incisive essays and riveting novels. The collection's strength lies in its diversity featuring standout pieces that poignantly capture the human spirit's resilience amidst unimaginable adversity. It serves as a crucial compendium positioning itself within the literary context as both a vital historical document and a compelling narrative of personal and collective struggle. The contributors to this anthology are a distinguished assemblage of writers each bringing their unique perspectives and experiences. Spanning across different historical and cultural contexts authors such as Frederick Douglass Sojourner Truth and Harriet Jacobs lend their voices to create a resonant chorus of testimony and resistance. Their collective contributions align with abolitionist and Civil Rights movements offering profound insights into the socio political landscapes of their times. This diversity of voices coalesces to enhance the reader's understanding of the complexities and nuances inherent in the theme of freedom and human dignity. Recommended for both its educational and emotional depth **Living to Tell the Horrid Tales** invites readers into a journey of exploration across myriad perspectives and narratives. This anthology offers a unique opportunity to traverse the landscapes of hardship and hope presented through a multiplicity of styles and themes. Readers are encouraged to engage with this collection not only to enrich their historical knowledge but to participate in the ongoing dialogue about freedom justice and humanity. Through this singular volume one can appreciate the breadth of insights and the indelible impact of these powerful narratives on contemporary discourse.

Serving Young Teens and 'Tweens Sheila B.

Anderson, 2006-11-30

Notable teen experts and stellar practitioners from across the country explain why library service to adolescents in this age range is so important and how you can enhance your collection and services to accommodate and win over this important group. Topics range from understanding adolescent informational needs and building and promoting a winning collection to creating programs with tween appeal. Contributors include Sheila B. Anderson, James Rosinia, Deb Taylor, Robyn Lupa, and Kristine Mahood. Brimming with valuable insights and fresh ideas as well as nuts and bolts directions, this is a must read for all librarians who work with young adolescents. If someone is described as a young adult, what image comes to mind? In fact, a young adult can be a twelve year old middle schooler or a high school graduate. Libraries have traditionally offered a variety of programs and services for YAs and although more emphasis has been given to serving teens in recent years

little has been done to distinguish between groups within the category and meet the specific developmental needs of this broad range of library users This collection complements Anderson s previous collection *Serving Older Teens* by focusing on the needs of tweens and young teens ages 11-14 This is the age range when many young people stop using the library and lose interest in reading Notable teen experts and stellar practitioners from across the country explain why service to adolescents in this age range is so important and how you can enhance your collection and services to accommodate and win over this important group Topics range from understanding adolescent informational needs and building and promoting a winning collection to creating programs with tween appeal Contributors include Sheila Anderson James Rosinia Deb Taylor Robyn Lupa Brenda Hager and Kristine Mahood Brimming with valuable insights and fresh ideas as well as nuts and bolts directions this is a must read for all librarians who work with young adolescents *The Literary World*, 1893 *Hygeia*, 1948

Girlfighting Lyn Mikel Brown, 2003-12-01 Offers a developmental explanation for girlfighting and pathways to build girl allies For some time reality TV talk shows soap operas and sitcoms have turned their spotlights on women and girls who thrive on competition and nastiness Few fairytales lack the evil stepmother wicked witch or jealous sister Even cartoons feature mean and sassy girls who only become sweet and innocent when adults appear And recently popular books and magazines have turned their gaze away from ways of positively influencing girls independence and self esteem and towards the topic of girls meanness to other girls What does this say about the way our culture views girlhood How much do these portrayals affect the way girls view themselves In Girlfighting psychologist and educator Lyn Mikel Brown scrutinizes the way our culture nurtures and reinforces this sort of meanness in girls She argues that the old adage girls will be girls gossip competitive cliquish backstabbing and the idea that fighting is part of a developmental stage or a rite of passage are not acceptable explanations Instead she asserts girls are discouraged from expressing strong feelings and are pressured to fulfill unrealistic expectations to be popular and struggle to find their way in a society that still reinforces gender stereotypes and places greater value on boys Under such pressure in their frustration and anger girls often unconsciously find it less risky to take out their fears and anxieties on other girls instead of challenging the ways boys treat them the way the media represents them or the way the culture at large supports sexist practices Girlfighting traces the changes in girls thoughts actions and feelings from childhood into young adulthood providing the developmental understanding and theoretical explanation often lacking in other conversations Through interviews with over 400 girls of diverse racial economic and geographic backgrounds Brown chronicles the labyrinthine journey girls take from direct and outspoken children who like and trust other girls to distrusting and competitive young women She argues that this familiar pathway can and should be interrupted and provides ways to move beyond girlfighting to build girl allies and to support coalitions among girls By allowing the voices

of girls to be heard Brown demonstrates the complex and often contradictory realities girls face helping us to better understand and critique the socializing forces in their lives and challenging us to rethink the messages we send them
