**Writing Out My Heart** Frances Elizabeth Willard, 1995 The journal of Frances E Willard nineteenth century America's most renowned and influential Woman had been hidden away in a cupboard at the National WCTU headquarters and its importance eluded Willard's biographers *Writing Out My Heart* publishes for the first time substantial portions of the forty nine volumes rediscovered in 1982 They open a window on the remarkable inner life of this great public figure and cast her in a new light No other female political leader of the period left a private record like this Best known for her powerful leadership of the Woman's Christian Temperance Union WCTU at that time the nation's largest organized body of women Willard was a world class reform leader and feminist How she achieved this stature has been documented This

compelling journal reveals why Written during her teens twenties and fifties the journal documents the creation of Frances Willard s self At the same time it often reads like a good novel It stands as one of the most explicit and painful records in the nineteenth century of one woman s coming to terms with her love for women in a heterosexual world Other sections reveal what impelled Willard to reform the nature and depth of the religious dimension of her life a dimension not yet adequately explored by any biographer Here we see her growing commitment to the cause of woman The volumes written in her late middle age give insight into the years when world famous she was part of the transatlantic network of reform battling ill health dealing with controversy in the WCTU and grieving for her mother a lifelong figure of emotional support This finale concludes one of the most fascinating of the journal s themes the nineteenth century confrontation with sickness and death Drawn from one of the richest sources in documentary history knowledgeably introduced and annotated Writing Out My Heart is a biographical goldmine rich in the themes and institutions central to women s lives in nineteenth century America

*The Body Electric* Carolyn Thomas de la Pena, 2005-04 Between the years 1850 and 1950 Americans became the leading energy consumers on the planet expending tremendous physical resources on energy exploration mental resources on energy exploitation and monetary resources on energy acquisition A unique combination of pseudoscientific theories of health and the public's rudimentary understanding of energy created an age in which sources of industrial power seemed capable of curing the physical limitations and ill health that plagued Victorian bodies Licensed and quack physicians alike promoted machines electricity and radium as invigorating cures veritable fountains of youth that would infuse the body with energy and push out disease and death *The Body Electric* is the first book to place changing ideas about fitness and gender in dialogue with the popular culture of technology Whether through wearing electric belts drinking radium water or lifting mechanized weights many Americans came to believe that by embracing the nation's rapid march to industrialization electrification and radiomania their bodies would emerge fully powered Only by uncovering this belief's passions and products Thomas de la Pe argues can we fully understand our culture's twentieth century energy enthusiasm

**Searching the Heart** Karen Lystra, 1992-06-25 In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope And in October 1883 Dorothea Lummis wrote candidly to her husband Charles I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure In Karen Lystra s richly provocative book Searching the Heart we hear the voices of Charles Albert Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open intimate and emotional love letters While historians of nineteenth century America have explored a host of private topics including courtship marriage birth control sexuality and sex roles they have consistently neglected the study of romantic love Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America Based on a vast array of love

letters the book reveals the existence of a real openness even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships Enabling us to enter the hidden world of Victorian lovers the letters they left behind offer genuine proof of the intensity of their most private interactions feelings behaviors and judgments Lystra discusses how Victorians anthropomorphized love letters treating them as actual visits from their lovers insisting on reading them in seclusion sometimes kissing them as Albert does with Violet s and even taking them to bed She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home Through the medium of love letters Searching the Heart allows us to enter unnoticed the Victorian bedroom and parlor We will leave with a different view of middle class Victorian America

**Juvenile Delinquency:** Arnold Binder,Gilbert Geis,Dickson D Bruce Jr.,2001-01-01 Juvenile Delinquency The Protestant Ethic and the Spirit of Sport Steven J. Overman,2011 Steven Overman explores the concordant values of the Protestant ethic capitalism and sport by applying German scholar Max Weber s seminal thesis Weber demonstrated a relationship between the Protestant ethic and a form of economic behavior he labeled the calling of capitalism **Christian Parenting** David P. Setran,2022-06-21 What can the past teach us about what it means to be a good Christian parent today Today s parenting guidance can sometimes feel timeless and inviolable especially when it comes to the spiritual formation of children in Christian households But even in the recent past parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged In this illuminating historical study David Setran catalogs the

varying ways American Protestants envisioned the task of childrearing in the seventeenth eighteenth and nineteenth centuries Comparing two main historical time periods the colonial era and the Victorian era Setran uncovers common threads opposing viewpoints and the cultural and religious influences behind the dominant parenting postures of each era The implications of his findings matter for today s big questions about parenting Should children be viewed as basically good in need of protection from corruption or as fundamentally sinful in need of moral correction How should parents address misbehavior Should a parent s primary role be that of teacher disciplinarian or nurturer What importance should be attributed to devotions and prayer church involvement Sabbath keeping home decorating and fun family activities What consideration should be given to gender Should boys and girls be raised differently Do mothers and fathers have essentially different responsibilities As he surveys these historical perspectives Setran reflects on the legacy and future of Christian parenting concluding that the Protestant heritage encourages the importance of intentional devotional practices the development of close parent child bonds and the creation of godly household environments In the end he argues that all of these historical values are critical to the full expression of Christian parental love This is a love that teaches because it wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God s love that models Christlike sacrifice and guides children into the arms of their Creator
