Brown, 1991 *Myth, Ritual and Religion* Andrew Lang, 1913 Women in Greek Myth Mary R. Lefkowitz, 2007-08-27 In the first edition of Women in Greek Myth Mary R Lefkowitz convincingly challenged narrow ideological interpretations of the roles of female characters in Greek mythology Where some scholars saw the Amazons as the last remnant of a forgotten matriarchy Clytemnestra as a frustrated individualist and Antigone as an oppressed revolutionary Lefkowitz argued that such views were justified neither by the myths themselves nor by the relevant

documentary evidence Concentrating on those aspects of women's experience most often misunderstood life apart from men marriage influence in politics self sacrifice and martyrdom and misogyny she presented a far less negative account of the role of Greek women both ordinary and extraordinary as manifested in the central works of Greek literature This updated and expanded edition includes six new chapters on such topics as heroic women in Greek epic seduction and rape in Greek myth and the parts played by women in ancient rites and festivals Revisiting the original chapters as well to incorporate two decades of more recent scholarship Lefkowitz again shows that what Greek men both feared and valued in women was not their sexuality but their intelligence *Women in Western and Eastern Manichaeism*, 2022-07-18 The exceptional place women held in Manichaeism in everyday life or myth is the object of this book Relying on firsthand Manichaean texts in several languages and on polemical sources as well as on iconography the various papers analyze aspects of women's social engagement by spreading Mani's doctrine working to support the community or corresponding with other Manichaean groups Topics such as women's relation to the body and elect or hearer status are also investigated The major role played by female entities in the myth is enlightened through occidental and oriental texts and paintings discovered in Central Asia and China *Mae Enga Myths and Christ's Message* Maria Dlugosz, 1998

Film, Theory, and Philosophy Felicity Colman, 2009-01-01 An ideal introduction for students Film Theory and Philosophy brings together leading scholars to provide a clear detailed overview of the key thinkers who have shaped the field of film philosophy From continental philosophers to analytical philosophers film makers film reviewers sociologists and cultural theorists the essays reveal how philosophy can be applied to film analysis and how film can be used to illustrate philosophical problems But most importantly the essays explore how cinema has shaped contemporary philosophy and how philosophy has led to a reappraisal of film This collection will prove an invaluable reference and guide to readers interested in a deeper understanding of the issues and insights presented by the philosophy of film Myth, Ritual and Religion Andrew Lang, 1906

Homosexuality in Greek Myth Bernard Sergent, 1986 Arguing that homosexuality of the classical era grew out of the prehistorical practice of initiatory homosexuality Sergent examines initiation rites in a wide variety of ancient cultures particularly in Crete and among a group of Germanic peoples In these two cultures a sexually active adult the erastes was the mentor suitor of an adolescent boy the eromenos The boy was ritualistically kidnapped and then lived in the wild for a prescribed period during which time the erastes taught him to hunt and slept with him Killing a boar or bear the final trial qualified the eromenos as a hunter and signified his ascent to adult status To illustrate his compelling thesis Sergent provides an exhaustive survey of the Greek myths demonstrating that the homosexual relationships of male gods and heroes follow a similar pattern of ritual initiation Myth, Music and Ritual Gabriela Chiciudean, Rodica Gabriela Chira, Emilia Ivancu, 2018-12-14 Divided into two parts this volume includes contributions focused on both myth and some of its contemporary reflections Part I and the connection between myth music and ritual Part II The fifteen contributions gathered here are authored by academics and

researchers from Brazil France Poland Mexico South Africa and Romania They focus on a variety of subjects including folklore literature classical and traditional music science fiction philosophy and religion among others The volume operates with an awareness of the capital role the study of the imaginary with all its implications is playing in the contemporary world

Mythical Narratives in Stesichorus Sofia Carvalho,2021-11-08 The mythical narratives of Stesichorus provide the earliest surviving examples of poetic production in the Greek West This book illustrates how Stesichorus reshaped Greek epic to create a remarkably innovative type of lyric poetry a literature that was particularly expressive in its handling of motifs associated with travel such as the voyages of heroes their returns home and their escapes This comprehensive survey of Stesichorus treatment of myth discusses his engagement with Homer and Hesiod his powerful and often moving means of characterisation his subtle treatment of narrative and his elaboration of emotional episodes unprecedented in archaic Greek lyric poetry All Greek is translated making the book accessible to anyone with an interest in one of the great poets of archaic Greece whose work had such an impact on the later genre of tragedy *Ancient Greek Love Magic* Christopher A.

FARAONE,Christopher A Faraone,2009-06-30 The ancient Greeks commonly resorted to magic spells to attract and keep lovers as numerous allusions in Greek literature and recently discovered voodoo dolls magical papyri gemstones and curse tablets attest Surveying and analyzing these various texts and artifacts Christopher Faraone reveals that gender is the crucial factor in understanding love spells There are he argues two distinct types of love magic the curselike charms used primarily by men to torture unwilling women with fiery and maddening passion until they surrender sexually and the binding spells and debilitating potions generally used by women to sedate angry or philandering husbands and make them more affectionate Faraone s lucid analysis of these spells also yields a number of insights about the construction of gender in antiquity for example the femininity of socially inferior males and the maleness of autonomous prostitutes Most significantly his findings challenge the widespread modern view that all Greek men considered women to be naturally lascivious Faraone reveals the existence of an alternate male understanding of the female as naturally moderate and chaste who uses love magic to pacify and control the naturally angry and passionate male This fascinating study of magical practices and their implications for perceptions of male and female sexuality offers an unusual look at ancient Greek religion and society

[The Gardens of Adonis](#) Marcel Detienne, 2021-10-12 Rich with implications for the history of sexuality gender issues and patterns of Hellenic literary imagining Marcel Detienne's landmark book recasts long standing ideas about the fertility myth of Adonis The author challenges Sir James Frazer's thesis that the vegetation god Adonis whose premature death was mourned by women and whose resurrection marked a joyous occasion represented the annual cycle of growth and decay in agriculture Using the analytic tools of structuralism Detienne shows instead that the festivals of Adonis depict a seductive but impotent and fruitless deity whose physical ineptitude led to his death in a boar hunt after which his body was found in a lettuce patch Contrasting the festivals of Adonis with the solemn ones dedicated to Demeter the goddess of grain he reveals the former as a parody and negation of the institution of marriage Detienne considers the short lived gardens that Athenian women planted in mockery for Adonis's festival and explores the

function of such vegetal matter as spices mint myrrh cereal and wet plants in religious practice and in a wide selection of myths His inquiry exposes among many things attitudes toward sexual activities ranging from perverse acts to marital relations
