46 Medical Record Thomas Lathrop Stedman,1901 **Simon Baruch** Patricia Spain Ward,2014-07-14 Recounts the remarkable life of a Prussian Polish Jew who immigrated to the United States as a teenager in the 1850s and became one of the nation's best known physicians by the turn of the century After medical study in South Carolina and Virginia on the eve of the Civil War Simon Baruch served the Confederacy as a surgeon for three years twice undergoing capture and internment Despite economic hardships while practicing in South Carolina during Reconstruction he helped to reactivate the State Medical Association and served as president of the State Board of Health In 1881 he joined the exodus of southern physicians and scientists of that period taking up residence in New York City where he rose to prominence through his advocacy of surgery in one of the early operations for appendicitis and through his role as the protective physician in a widely publicized child cruelty case involving the musical prodigy Josef Hofmann Baruch became a leader in the nationwide movement to establish free public baths for tenement dwellers and in the development of expert medical journalism Although his advocacy of such natural remedies as water fresh air and diet often made him appear unaccountably iconoclastic to his contemporaries he has gained posthumous recognition as a pioneer in physical medicine Bernard N Baruch one of his four sons has memorialized this work through endowments for research and instruction in physical medicine and rehabilitation Ward reconstructs the life of a medical student in the South at the opening of the Civil War the adventures of a Confederate surgeon and the difficulties of a practitioner in Reconstruction South Carolina Simon Baruch's physician's registers and his correspondence with colleagues afford the reader an immediate sense of the therapeutic dilemmas facing physicians and patients of his era Baruch's experiences while establishing himself in New York City after 1881 reflect the challenges facing those trying to break into what was then the nation's medical capital as well as that city's rich opportunities and heady intellectual atmosphere His energetic campaign for free public baths illustrates one of the most colorful chapters of American social history as immigrants flooded the cities at the turn of the century As medical editor of the New York Sun from 1912 to 1918 Baruch touched on most of the health concerns of that period and a few such as handgun control that persist to this day

Diathetic diseases and diseases of nutrition Hobart Amory Hare,Walter Chrystie,1891 A System of practical therapeutics. v. 1 Hobart Amory Hare,1901 *The Grand Spas of Central Europe* David Clay Large,2015-10-08 The Grand Spas of Central Europe leads readers on an irresistible tour through the grand spa towns of Central Europe fabled places like Baden Baden Bad Ems Bad Gastein Karlsbad and Marienbad Noted historian David Clay Large follows the grand spa story from Greco Roman antiquity to the present focusing especially on the years between the French Revolution and World War II a period in which the major Central European Kurorte cure towns reached their peak of influence and then slipped into decline Written with verve and affection the book explores the grand spa towns which in their prime were an equivalent of today's major medical centers rehab retreats golf resorts conference complexes fashion shows

music festivals and sexual hideaways all rolled into one Conventional medicine being quite primitive through most of this era people went to the spas in hopes of curing everything from cancer to gout But often as not curists also went to play to be entertained and to socialize In their heyday the grand spas were hotbeds of cultural creativity true meccas of the arts High level politics was another grand spa specialty with statesmen descending on the Kurorte to negotiate treaties craft alliances and plan wars This military scheming was just one aspect of a darker side to the grand spa story one rife with nationalistic rivalries ethnic hatred and racial prejudice The grand spas it turns out were microcosms of changing sociopolitical realities not at all the timeless oases of harmony they often claimed to be The Grand Spas of Central Europe holds up a gilt framed but clear eyed mirror to the ever changing face of European society dimples warts and all
