The 1967 Scofield® Study Bible, KJV, with Word Changes Cyrus Ingerson Scofield,2007 In 1909 Oxford University Press published the Scofield R Reference Bible edited by Dr C I Scofield It s no understatement to say that this first ever study Bible featuring scholarly notes placed beside the biblical text took the Bible publishing world by storm Indeed the Scofield s success was instrumental in the establishment of Oxford s branch in the United States Today dozens of study Bibles are available in translations and with notes catering to the theological viewpoints of a wide spectrum of religious traditions First revised in 1917 a half century later a more extensive updating of the Scofield was undertaken by a scholarly committee comprised of well known evangelicals These men recognized the need to address topics that did not exist in Dr Scofield s day such as the establishment of the modern state of Israel in 1948 At the same time they were careful not to depart from the dispensational theology that is the Scofield s hallmark This special edition celebrates the fortieth anniversary of a resource that has drawn untold numbers of readers closer to the Word of God Its features include the replacement of archaic words in the KJV text with their modern equivalents thousands of marginal cross references subject chain references footnotes a select KJV concordance and much more Words of Christ in red letter Exclusive subject based topical chain reference system Self pronouncing text assists Subheadings for quick reference Select KJV Concordance 16 full color New Oxford Bible Maps
