Ed.,2015-02-21 Welcome to The Amazing 7 Day Super Simple Scripted Guide to Teaching or Learning Decimals I have attempted to do just what the title says make learning decimals super simple I have also attempted to make it fun and even ear catching The reason for this is not that I am a frustrated stand up comic but because in my fourteen years of teaching the subject I have come to realize that my jokes even the bad ones have a crazy way of sticking in my students heads And should I use a joke even a bad one repetitively the associations become embedded in their brains many times to their chagrin What is so different about this book First of all it is scripted so that tutors parents and teachers alike can deliver the lessons easily and without frustration Secondly the scripts and lessons have been carefully crafted to be ageless that is to apply to any learner based on age or level of mathematical mastery Finally the lessons have been carefully culled and edited over a decade in order to include the most necessary information in a finite and reasonable timetable something in this educator s opinion other books seem to lack **ZOINKS! The Spooky Folklore Behind Scooby Doo** Mark Norman,2024-09-13 This is Zoinks the critically acclaimed book about Scooby Doo by well known

folklorist and podcaster Mark Norman Recognised internationally for his expertise in folklore and known by many for his Folklore Podcast Mark is the perfect guide for a tour through the myths and legends that have inspired the iconic cartoon For over half a century a gang of teens Fred Daphne Velma Shaggy and their dog Scooby have captivated audiences with their supernatural sleuthing operating under the banner of Mystery Incorporated Yet the stories that have inspired the gang s adventures are often much much older In this book Mark Norman extensively explores the various myths and legends that the show s writers have drawn on to deliver the wealth of memorable villains we ve seen over the years With insights from a number of these writers as well as producers and other contributors we learn how real world folklore has influenced the show s portrayals of ghosts witches monsters and more The combination of both popular culture and the author s extensive knowledge of the kind of tales whispered about on dark nights is not only hugely entertaining but also utterly fascinating and will appeal to fans of the cartoon as well as anyone with an interest in the strange the odd the perplexing and the paranormal
