Three Score Years and Ten: or More? Trevor James Cooper, 2024-04-26 Three Score Years and Ten Or More delves into the enduring fascination with individuals who live beyond 100 years The intrigue centres not only on the accomplishment itself but also on the mysteries of how and why these people achieve such remarkable longevity This research shifts its focus from contemporary centenarians whose ages can be more reliably verified due to improved record keeping to an earlier era marked by less clear historical records It investigates the genesis of this interest and the emergence of what could be termed a cult of centenarianism During this period claims of extreme old age sparked debates between believers and sceptics creating a cultural divide The book also examines the significant role media played in this phenomenon The portrayal and promotion of centenarians by the media of the time laid the groundwork for themes explored in this book contributing to the ongoing public intrigue surrounding individuals of advanced age **Vital Statistics of the United States**, 1988

Superstition, Family Planning, and Human Development Quý Toàn Đỗ, Tung Duc Phung, 2006 According to Vietnamese astrology dates of birth are believed to be determinants of success luck character and good match between individuals But how far does this go To document the influence of superstition on individuals' behavior the authors examine fertility decisions made in Vietnam between 1976 and 1996 They find that birth cohorts in auspicious years are significantly larger than in other years Children born in auspicious years moreover do better both in health and education While parental characteristics seem to affect fertility choices and human development simultaneously the analysis suggests that family planning is one key mechanism leading to the observed differences in outcomes in a society in which superstition is widespread children born in auspicious years are more likely to have been planned by their parents thus benefiting from more favorable financial psychological or affective conditions for better human development World Bank web site A Journalist's Guide to Live Direct and Unbiased News Translation 'Ali Darwish, 2010 This book examines the role of translation in news making taking
