to Stop the Firestorm When U S Ambassador Charles Alden is violently abducted in Sierra Leone the delicate balance of global diplomacy shatters Behind the chaos is Hassan Bah a ruthless warlord orchestrating a deadly campaign against American interests But the deeper threat lies in whispers of Firestorm a covert plan that could ignite destruction across Africa Jack Copeland CIA s most lethal operator is pulled from his training mission and thrust into a race against time With his elite team including the enigmatic CIA asset Blackthorn Copeland must hunt Bah through the dense jungles and treacherous battlegrounds of West Africa But the mission spirals into darker territory when they uncover a traitor within their own ranks and a deadly alliance that could redefine global terrorism As the clock ticks down and alliances blur Copeland faces impossible odds But failure isn t an option Not when the life of an ambassador the stability of a nation and the survival of his team hang by a thread In a world where trust is fragile and betrayal deadly one man must navigate the shadows to stop a catastrophe Intense Gripping Unrelenting This is espionage at its finest *Current Book Review Citations*,1983 **The Scorpion's Tail** Zahid Hussain,2010-11-16 A deeply reported account of the war against Islamic extremists in Pakistan and battles being fought in the remote tribal regions The war in Afghanistan has raged on longer than any war in US history and far from suppressing the insurgency being waged by radical Islamic militants it has led to stronger alliances among al Qaeda the Taliban and a host of once autonomous militant groups and has inspired a flood of new recruits In addition to reclaiming control of substantial territory in Afghanistan the militants have now taken the fight deep within Pakistan threatening to totally destabilize that nuclear armed state and are launching attacks on the US homeland Why has the insurgency been so irrepressible Is this a war that can be won Can we expect a wave of attacks within the United States more sophisticated than the attempted bombing in Times Square Nothing can be understood about the prospects for the war and the threat to the US homeland without understanding how Pakistan has become the epicenter of the insurgency and why the rise of militant groups there has escalated out of control despite major offensives by the Pakistani military and an intensive secret US Predator drone war against them Based on extensive reporting inside Pakistan s dangerous lawless regions and exclusive interviews with militant leaders as well as high level military and intelligence sources Zahid Hussain one of the most respected reporters working out of Pakistan chronicles how and why the Islamic extremist groups based in Pakistan s remote tribal territories have greatly increased their power since the start of the war and unleashed a reign of terror on US forces in Afghanistan and on both the military and civilian population within Pakistan He is the first to reveal how a loose constellation of tribal groups has now come together to form a distinctive Pakistani Taliban working closely with al Qaeda and the Afghani Taliban to launch increasingly sophisticated and deadly attacks on both sides of the Af Pak border He discloses how they draw support and a steady flood of recruits from deeply entrenched support networks in major Pakistani cities and how they have recruited would be US attackers including Faisal Shahzad and Adnan Shukrijumah accused of plotting to bomb the New York City subway He is also the first to chronicle in detail the still unacknowledged US

war carried out in Pakistan by remote Predator drones and reporting from the scenes of a number of drone missile strikes and interviewing a number of attempted suicide bombers he reveals the shocking extent of anti Americanism the strikes have stoked in Pakistan across the range of the population due to civilian deaths driving a new breed of highly educated professional and middle class Pakistanis into the militant groups His gripping and revelatory account is an urgent wake up call about the blowback effects of the US war in Afghanistan and the drone campaign in Pakistan about how volatile the situation in the Af Pak region has become and about the deeply troubling limitations of the current military strategy in ever gaining decisive ground against the insurgents
