Scotlands Chronicles Of Blood:

Blood and Granite Norman Adams, 2013-02-21 Blood and Granite is a chronicle of the most notorious homicides committed in Aberdeen over the last hundred years Written by Norman Adams a journalist who reported on many of the chilling crimes he now recalls so vividly it is compelling reading for those who are too young to remember and those who cannot forget All are human tragedies from the dark side of life including The grudge that ended in death in an East End pub when butcher James Harrow brutally stabbed two workmates in 1901 The grisly discovery of a woman s arm on the Torry shore in 1945 that signalled the start of a mystery which to this day remains unsolved The tragic love affair that led to the gallows in 1963 the first hanging in Aberdeen for 106 years The double life of brilliant scientist Dr Brenda Page of Aberdeen University battered to death in her flat in 1978 Her murder remains unsolved The bar Cultures of Shame D. Nash, A. Kilday, 2010-10-20 The first systematic study of the concept of shame from 1600 1900 showing good and bad behaviour morality and perceptions of crime in British society at large Single episodes in the history of shame are contextualized by discussing the historiography and theory of shame and their implications for the history of crime and social relations **The Guide to Mysterious Aberdeen** Geoff Holder, 2010-11-23 Aberdeen is full of mysteries marvels and strangeness and this book is a comprehensive guide to them all Here you will encounter magic witchcraft folklore and superstitions contemporary urban legends gargoyles and graveyards graverobbers and murderers stone circles and prehistoric burial sites UFOs and freak weather and tales of horror madness humour and dangerous porridge Many forgotten aspects of the city s strange history are here from the disturbing spontaneous human combustion William Wallace s dismembered limbs the man who died of fright after a mock execution and the bodysnatching professors to the downright bizarre a talking statue a wedding celebration which was mistaken for an alien invasion fleet and golf with giant skulls The Guide to Mysterious Aberdeen is the tenth in Geoff Holder s acclaimed series As with the previous volumes it is profusely illustrated with over 100 photographs and draws on both ancient and modern sources Full access and location details are given for both driver and walker alike making this the indispensable companion for anyone exploring the Granite City **Glasgow's Black Heart** Douglas Skelton, 2011-03-11 Glasgow is the largest city in Scotland It is a city of culture of impressive architecture enterprise and endeavour and is one of warm hearted generous people But it also has a dark side Beneath the busy streets the Victorian sandstone and urban trendiness lies a black heart that beats in rhythm with the roar of the traffic and the echo of footsteps on concrete It is a black heart pumped by greed and lust violence and murder And it has beaten since the city first sprang up on that dear green place on the banks of the Molendinar Burn This is the epic story of Glasgow crime Beginning in 1624 when the Tolbooth was built at Glasgow Cross to house the courts and town jail author Douglas Skelton covers four centuries of Glasgow s hidden history tracing the formation of the first paid police force in Britain the Black Assizes of the circuit court and the formation of the city s own High Court of Justiciary Here you will find the pimps and pushers gangsters and

gangleaders rioters and robbers who flooded the veins of the city Famous felons rub shoulders with their less notorious but equally vicious counterparts Here also are the thief takers cops lawyers and judges who tried to stem the gushing flow some with more success than others These stories may not be what the City Fathers would like to see on Glasgow's CV but they are as much a part of its traditions and its legacy as the fish the bell and the tree *The Borders* Alistair Moffat, 2011-08-12 This is the story of a part of Scotland that has played a huge role in the nation's history for thousands of years The hunter gatherers who first discovered the bounty of the ancient Wildwood the Celtic warlords the Romans the Northumbrians and the Reivers who dominated the Anglo Scottish borderlands for more than three centuries have all had their part to play in the constantly evolving life of the area It is the people of a place who make its history Alistair Moffat's acclaimed book is a testament to those who have made the Borders their home and who have created the traditions myths and romance that define it so strongly Deadlier Than The Male Douglas Skelton, 2003-06-15

Most killers are men But never turn your back on a woman Murder madness and maliciousness abound in this hangman's dozen of she devils Culled from over five hundred years of bloody history by crime writer and journalist Douglas Skelton these pages uncover the mad the bad and the dangerous to know Vengeful Queen Joan who made her husband's assassins pay a fearful price for their treason Beautiful Jean Livingston who bravely faced The Maiden after murdering her abusive husband Child killers Helen Torrence and Jean Waldie who sold their victim to anatomists Baby farmer Jessie King who dealt in flesh and death These cases together with a host of others prove that women are far from the gentler sex Most killers are men But women are more deadly **Bloody Valentine** Douglas Skelton, 2004-06-07 Love is the strongest emotion It can bring people together but it can also drive them apart For love can become twisted and evil And if obsession jealousy and suspicion take hold all other feelings can be prevented and sometimes lead to murder In this disturbing catalogue of bloody valentines crime writer and journalist Douglas Skelton delves into the darker side of Scotland's psyche to uncover chilling crimes of passion where love turned sour and the outcome was lethal **Perthshire Murders** Geoff Holder, 2010-10-15 Nineteenth century crime in Perthshire

Hangman's Brae Colin Duncan, Norman Adams, 2013-02-21 Hangman's Brae is a vividly written account of the blood curdling crimes and brutal forms of punishment of north east Scotland The book explores the area's underworld and features the grave robbers jail breakers rioters and other lawbreakers whose crimes led them to premature deaths at the end of a rope or at the not so delicate hands of The Maiden a gruesome decapitating device predating the French guillotine The stories of the men who enforced the law and meted out sentences to the ne'er do wells who broke it can be just as interesting and memorable as those of the criminals and Norman Adams introduces the reader to some of them Here you'll find some real characters such as the Aberdeenshire sheriff and criminal officer who always got his man once spending two chilling nights chained to a brutal murderer and rapist And it wasn't just hangings that these men had to perform their grisly work also involved execution by beheading and drowning often with some witch burning for good measure The many true crime

cases in this book shed new light on just how violent and bloody the north east of Scotland's past was **So High a Blood** Morgan Ring, 2017-04-25 Niece to Henry VIII heir to the throne courtier at risk of being killed spy mistress and ambitious political player Lady Margaret Douglas is a vital new character in the Tudor story Amidst the Christmas revels of 1530 a fifteen year old girl arrived at the court of King Henry VIII Half English half Scottish she was his niece the Lady Margaret Douglas For the next fifty years Margaret held a unique and precarious position at the courts of Henry and his children As the Protestant Reformation unfolded across the British Isles and the Tudor monarchs struggled to produce heirs she had ambitions of her own She wanted to see her family ruling a united Catholic Britain Through a Machiavellian combination of daring spying and luck Margaret made her son into a suitor to her niece Mary Queen of Scots Together they had a powerful claim to the English throne so powerful that Queen Elizabeth I feared they would overthrow her and restore both England and Scotland to the Catholic faith The marriage cost Margaret her position her freedom and her beloved son's life From the glittering Tudor court to the Tower of London Lady Margaret Douglas weathered triumphs and tragedies in an era of tremendous change Yet she never lost hope that she would see her family rule throughout the British Isles which eventually happened when King James I of England VI of Scotland united the crowns in 1603 Drawing on previously unexamined archival sources **So High a Blood** presents a fascinating and dramatic portrait of this forgotten Tudor **A Biographical**

'A Great Effusion of Blood'? Mark D. Meyerson, Daniel Thiery, Oren Falk, 2015-03-27 A great effusion of blood was a phrase used frequently throughout medieval Europe as shorthand to describe the effects of immoderate interpersonal violence Yet the ambiguity of this phrase poses numerous problems for modern readers and scholars in interpreting violence in medieval society and culture and its effect on medieval people Understanding medieval violence is made even more complex by the multiplicity of views that need to be reconciled those of modern scholars regarding the psychology and comportment of medieval people those of the medieval persons themselves as perpetrators or victims of violence those of medieval writers describing the acts and those of medieval readers the audience for these accounts Using historical records artistic representation and theoretical articulation the contributors to this volume attempt to bring together these views and fashion a comprehensive understanding of medieval conceptions of violence Exploring the issue from both historical and literary perspectives the contributors examine violence in a broad variety of genres places and times such as the Late

Antique lives of the martyrs Islamic historiography Anglo Saxon poetry and Norse sagas canon law and chronicles English and Scottish ballads the criminal records of fifteenth century Spain and more Taken together the essays offer fresh ways of analysing medieval violence and its representations and bring us closer to an understanding of how it was experienced by the people who lived it

Strangers in Blood Jean E. Feerick, 2010-10-02 *Strangers in Blood* explores in a range of early modern literature the association between migration to foreign lands and the moral and physical degeneration of individuals Arguing that in early modern discourse the concept of race was primarily linked with notions of bloodline lineage and genealogy rather than with skin colour and ethnicity Jean E Feerick establishes that the characterization of settler communities as subject to degenerative decline constituted a massive challenge to the fixed system of blood that had hitherto underpinned the English social hierarchy Considering contexts as diverse as Ireland Virginia and the West Indies *Strangers in Blood* tracks the widespread cultural concern that moving out of England would adversely affect the temper and complexion of the displaced individual changes that could be fought only through willed acts of self discipline In emphasizing the decline of blood as found at the centre of colonial narratives Feerick illustrates the unwitting disassembling of one racial system and the creation of another
