Congress. House. Committee on Education and Labor. Subcommittee on Elementary, Secondary, and Vocational Education, 1982 Painting

Missouri Billyo O'Donnell, 2008 Plein air landscape painter Billyo O'Donnell traveled Missouri creating a painting on location representing each of the state's 114 counties plus the city of St. Louis. These paintings celebrate the beauty and diversity of Missouri's landscapes. The accompanying essays by Karen Glines describe the history and highlights of each county. Provided by publisher.

African American Music Mellonee V. Burnim, Portia K. Maultsby, 2014-11-13. *African American Music: An Introduction* Second Edition is a collection of seventeen essays surveying major African American musical genres both sacred and secular from slavery to the present. With contributions by leading scholars in the field, the work brings together analyses of African American music based on ethnographic fieldwork which privileges the voices of the music makers themselves woven into a richly textured mosaic of history and culture. At the same time it incorporates musical treatments that bring clarity to the structural, melodic and rhythmic characteristics that both distinguish and unify African American music. The second edition has been substantially revised and updated and includes new essays on African and African American musical continuities, African derived instrument construction and performance practice, techno and quartet traditions. Musical transcriptions, photographs, illustrations and a new audio CD bring the music to life.

Encyclopedia of African American History Leslie M. Alexander, Walter C. Rucker, 2010-02-09. A fresh compilation of essays and entries based on the latest research, this work documents African American culture and political activism from the slavery era through the 20th century. *Encyclopedia of African American History* introduces readers to the significant people, events, sociopolitical movements and ideas that have shaped African American life from earliest contact between African peoples and Europeans through the late 20th century. This encyclopedia places the African American experience in the context of the entire African diaspora with entries organized in sections on African-European contact and enslavement, culture, resistance and identity during enslavement, political activism from the Revolutionary War to Southern emancipation, political activism from Reconstruction to the modern Civil Rights movement, black nationalism and urbanization, and Pan-Africanism and contemporary black America. Based on the latest scholarship and engagingly written, there is no better go-to reference for exploring the history of African Americans and their distinctive impact on American society, politics, business, literature, art, food, clothing, music, language and technology.
