*The Modern Scot* Tom Normand, 2017-11-22 This title was first published in 2000 An investigation of Scottish art between 1928 and 1955 to bring into focus the multifaceted project that was Scottish modernism At the core of this work lies the contention that Scottish modernism was underpinned by a desire to express a national consciousness It was this ambition which became the defining feature of radical Scottish art setting the parameters of its relationship with the idea of a coherent and international modern movement With the foundation of the National Party of Scotland in 1928 Scottish intellectuals began to consider the nature of national identity and the characteristics of a national art The Scottish Renaissance Movement under the voluble leadership of Hugh MacDiarmid set out to articulate these interests developing a vernacular poetry and literature For Scottish artists the way forward was harder to identify as they fought to reconcile the demands for a Scottish national art with the stylistic revolution of international modernism Tom Normand examines the competing claims of nationalism and modernism as they affected Scottish art This in depth analysis of a dynamic episode in Scottish visual culture looks at the work of among others William Johnstone William McCance and John Duncan Fergusson

British Sculptors of the Twentieth Century Alan Windsor, 2020-09-10 This title was first published 2003 In the twentieth century Britain was rich in artistic achievement especially in sculpture Just some of those working in this field were Jacob Epstein Henri Gaudier Brzeska Henry Moore Barbara Hepworth Anthony Caro Richard Long Mona Hatoum and Anish Kapoor The work of these and other known and less well known artists has an astonishing variety and expressive power a range and strength that has placed Britain at the hub of the artistic world Alan Windsor has compiled a concise biographical dictionary of sculpture in Britain in book form Richly

informative and easy to use this guide is an art lover's and expert's essential reference. Written by scholars the entries are cross referenced and each concise biographical outline provides the relevant facts about the artist's life, a brief characterization of the artist's work and where appropriate major bibliographical references.

**Scottish Art Since 1900** Keith Hartley, 1989 **German Expressionism** Dorothy Price, 2020-06-24 This book presents new research on the histories and legacies of the German Expressionist group Blaue Reiter, the founding force behind modernist abstraction. For the first time Blaue Reiter is subjected to a variety of novel interdisciplinary perspectives ranging from a philosophical enquiry into its language and visual perception to analyses of its gender dynamics, its reception at different historical junctures throughout the twentieth century and its legacies for post colonial aesthetic practices. The volume offers a new perspective on familiar aspects of Expressionism and abstraction, taking seriously the inheritance of modernism for the twenty first century in ways that will help to recalibrate the field of Expressionist studies for future scholarship. Blaue Reiter still matters, the contributors argue, because the legacies of abstraction are still being debated by artists, writers, philosophers and cultural theorists today.

*Scottish Art, 1460-2000* Duncan Macmillan, 2000 This magnificent volume offers a richly illustrated survey of art in Scotland from 1460 to the current day. Its main emphasis is on painting and the graphic arts and its scope clearly establishes the place of visual art in Scottish culture. Placing in perspective the impact of the Reformation and the richness of late medieval art, the book then follows the growth of art in the new Protestant culture through the 17th century. It culminates with the glorious achievements of the 18th, 19th and 20th centuries of painters such as Ramsay Raeburn, Mackintosh and Wilkie. A splendid volume that establishes the claim of Scottish art to a distinct identity and that changes our understanding of the wider history of European art.

**Life, Times and Work of William Gillies, 1898-1973** Andrew McPherson, 2024-11-30 For seventy years William Gillies has been seen as a placid painter of landscape and decorative still life. Andrew McPherson explodes this view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience. Gillies' idiom was shaped by institutions for artistic production unique to Scotland. But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation. New paintings and new meanings are uncovered, placing the micro effects of modernity on mental health, family and community in the wider contexts of war, nationalism and public patronage. McPherson also shows how this changing world led Gillies towards new applications of modernist expression. Lavishly illustrated and referencing almost one thousand works, this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain.
