 York Yankees were the strongest team in the majors from 1948 through 1960 capturing the American League Pennant 10
 times and winning seven World Championships The average fan when asked who made the team so dominant will mention
 Joe DiMaggio Yogi Berra Whitey Ford or Mickey Mantle Some will insist manager Casey Stengel was the key But pundits at
 the time and respected historians today consider the shy often taciturn George Martin Weiss the real genius behind the
 Yankees success Weiss loved baseball but lacked the ability to play He made up for it with the savvy to run a team better
 than his competitors He spent more than 50 years in the game including nearly 30 with the Yankees Before becoming their
 general manager he created their superlative farm system that supplied the club with talented players When the Yankees
 retired him at 67 the newly franchised New York Mets immediately hired him to build their team This book is the first

 places in the Hall of Fame have been disputed by some who believe their reputation rests with a piece of Franklin P Adams

 special attention to their relationship on and off the field The author also considers the trio s induction into the Hall of Fame

Scouting and Scoring Christopher J. Phillips,2021-03-30 An in depth look at the intersection of judgment and statistics in baseball Scouting and scoring are considered fundamentally different ways of ascertaining value in baseball Scouting seems to rely on experience and intuition scoring on performance metrics and statistics In Scouting and Scoring Christopher Phillips rejects these simplistic divisions He shows how both scouts and scorers rely on numbers bureaucracy trust and human labor to make sound judgments about the value of baseball players Tracing baseball s story from the nineteenth century to today Phillips

explains that the sport was one of the earliest fields to introduce numerical analysis and new methods of data collection were supposed to enable teams to replace scouting with scoring But that s not how things turned out From the invention of official scorers and Statcast to the creation of the Major League Scouting Bureau Scouting and Scoring reveals the inextricable connections between human expertise and data science and offers an entirely fresh understanding of baseball
