Ray Lott,2015-01-09 From the Roman Praetorian Guard to the English shire reeve to the U S marshals lawmen have a long and varied history At first such groups were often corrupt guilty of advancing a political agenda rather than protecting citizens It was about the turn of the twentieth century that police officers as we know them came into being At this time a number of police reforms such as civil service and police unions were developed Citizen committees were formed to oversee police function About this same time

the technology of motion pictures was being advanced. Movies evolved from silent films with a limited budget and short running time to films with sound whose budget was ever rising and whose audience demanded longer more complex story lines. From the infancy of moviemaking, lawmen of various types were popular subjects. Bounty hunters, sheriffs, private eyes, detectives, and street officers often portrayed by some of Hollywood's biggest names have been depicted in every conceivable way. Compiled from a comprehensive examination of the material in question, this volume provides a critical historical analysis of law enforcement in American cinema. From *High Noon* to *The Empire Strikes Back*, it examines the police in their many incarnations with emphasis on the ways in which lawmen are portrayed and how this portrayal changes over time. Each film discussed reveals something about society, subtly commenting on social conditions, racial issues, and government interventions. Major historical events such as the Great Depression, World War II, and the McCarthy trials find their way into many of these films. Significant film genres from science fiction to spaghetti western are represented. Films examined include *Easy Street* (1917), a nominal comedy starring Charlie Chaplin; *Star Packer* (1934), a John Wayne film; *The Maltese Falcon* (1941) with Humphrey Bogart; *Dirty Harry* (1971), a Clint Eastwood classic; Leslie Nielsen's spoof *Naked Gun* (1988 and 1993); *Tombstone* featuring Kurt Russell. The filmography contains a synopsis along with information on director, screenplay, starring actors, and year of production. Photographs and an index are also included.

*Silver Screen*, 1953. **Conrad Veidt, Demon of the Silver Screen** Sabine Schwientek, 2023-06-20. This book depicts the life of Conrad Veidt (1893-1943), the defining German actor of Expressionist cinema in the 1920s. His legendary performance in *Das Cabinet des Dr. Caligari* (1919-20) earned him the epithet "Demon of the Screen" and made Veidt an international star. To this day, Veidt is considered an icon of early horror film. He showed his acting range in more than a hundred films, among them masterpieces such as *The Indian Tomb* (1921), *Orlac's Hands* (1924), *The Man Who Laughs* (1928), *The Thief of Bagdad* (1940), and *Casablanca* (1942). Conrad Veidt used his acting career to become socially and politically involved, starting with the film *Anders als die Anderen*, the first film to advocate homosexual rights in 1919. After the Nazis came to power, he left Germany to protest anti-Semitism and Nazi rule. Along with his biography, this book provides insights into the development of filmmaking from its beginnings through the 1940s, an epoch of cinematic art marked by technical innovations like sound and color film, and by world-shaking events including two world wars.
