Nixon at the Movies Mark Feeney,2012-10-22 People will be arguing over Nixon at the Movies as much as for more than half a century the country at large has been arguing about Nixon Greil Marcus Richard Nixon and the film industry arrived in Southern California in the same year 1913 and they shared a long and complex history The president screened

Patton multiple times before and during the invasion of Cambodia for example In this unique blend of political biography cultural history and film criticism Mark Feeney recounts in detail Nixon s enthusiastic viewing habits during his presidency and takes a new and often revelatory approach to Nixon s career and Hollywood s seeing aspects of Nixon s character and the nation s refracted and reimagined in film Nixon at the Movies is a virtuosic examination of a man a culture and a country in a time of tumult Slate By Feeney s count Nixon an unabashed film buff watched more than 500 movies during the 67 months of his presidency all carefully listed in an appendix titled What the President Saw and When He Saw It Nixon concentrated intently on whatever was on the screen he refused to leave even if the picture was a dud and everyone around him was restless He was omnivorous would watch anything though he did have his preferences Only rarely did he watch R rated or foreign films He liked happy endings Movies were obviously a means of escape for him and as the Watergate noose tightened he spent ever more time in the screening room *The New York Times* *The Publishers Weekly* ,1909
