Mylod,Guy Perry,Thomas Smith,Jan Vandeburie,2016-10-14 The Fifth Crusade represented a cardinal event in early thirteenth century history occurring during what was probably the most intensive period of crusading in both Europe and the Holy Land Following the controversial outcome of the Fourth Crusade in 1204

and the decrees of the Fourth Lateran Council in 1215 Pope Innocent III's reform agenda was set to give momentum to a new crusading effort. Despite the untimely death of Innocent III in 1216 the elaborate organisation and firm crusading framework made it possible for Pope Honorius III to launch and oversee the expedition. The Fifth Crusade marked the last time that a medieval pope would succeed in mounting a full scale genuinely international crusade for the recovery of the Holy Land yet despite its significance it has largely been neglected in the historiography. The crusade was much more than just a military campaign and the present book locates it in the contemporary context for the first time. The Fifth Crusade in Context is of crucial importance not only to better understand the organization and execution of the expedition itself but also to appreciate its place in the longer history of crusading as well as the significance of its impact on the medieval world.

*Illness and Authority* Donna Trembinski, 2020-11-03 *Illness and Authority* examines the lived experience and early stories about St Francis of Assisi through the lens of disability studies. This new approach recentres Francis' illnesses and infirmities and highlights how they became barriers to wielding traditional modes of masculine authority within both the Franciscan Order he founded and the church hierarchy. Members of the Franciscan leadership were so concerned about his health that the future saint was compelled to seek out medical treatment and spent the last two years of his life in the nearly constant care of doctors. Unlike other studies of Francis' ailments *Illness and Authority* focuses on the impact of his illnesses on his autonomy and secular power rather than his spiritual authority. Whether downplaying the comfort Francis received from music to omitting doctors from the narratives of his life early biographers worked to minimize the realities of his infirmities. When they could not do so they turned the saint's experiences into teachable moments that demonstrated his saintly and steadfast devotion and his trust in God. *Illness and Authority* explores the struggles that early authors of Francis' vitae experienced as they tried to make sense of a figure whose life did not fit the traditional rhythms of a founder saint.

**Defenders and Critics of Franciscan Life** Michael F. Cusato, Guy Geltner, 2009 The essays in this volume were presented at a conference honoring John V Fleming at Princeton University on April 21-22, 2004. The aim of the conference was to revisit Fleming's 1977 book *An Introduction to the Franciscan Literature of the Middle Ages* from a number of different perspectives including social, religious and literary history as well as art, exegesis, political thought and the history of education. A prominent but not exclusive theme of the contributions is the distinction between defenders and critics of medieval Franciscanism. Recent scholarship has shown that the dividing line between medieval defenders and critics of Franciscan life was not as sharp or as clear as had once been thought. This more nuanced approach to medieval Franciscanism is a reflection of the many scholarly developments that have occurred since and as a result of Fleming's volume. The present work offers a selection of current approaches to the question.

*In the Garden of Evil* Richard Newhauser, 2005

**The Cambridge Companion to Francis of Assisi** Michael J. P. Robson, 2012 Looks at the life of Francis of Assisi and explores how his heritage influenced the apostolic activities of his followers.

*Impelling Spirit* Joseph

F. Conwell, 1997 *Impelling Spirit* is a book about Jesuit spirituality as seen in its origins. As such it responds to the challenge of Vatican II that the appropriate renewal of religious life demands a return to the sources of Christian life and the spirit and aims of the founders of an institute. The instrument the author employs is a 1539 document Ignatius and his companions drafted for Pope Paul III as an apostolic letter addressed to themselves; this document long neglected and largely unknown clearly reveals how they understood themselves and their way of life. It demonstrates that the spirit and aims of the Society though radical in 1539 were also deeply rooted in the Christian tradition. **Giotto and His Publics** Julian

Gardner, 2011-05 Political strife and religious faction lacerated fourteenth century Italy. Giotto's commissions are best understood against the background of this social turmoil. They reflected the demands of his patrons, the requirements of the Franciscan Order, and the restlessly inventive genius of the painter. Julian Gardner examines this important period of Giotto's path-breaking career through works originally created for Franciscan churches: Stigmatization of Saint Francis from San Francesco at Pisa, now in the Louvre; the Bardi Chapel cycle of the Life of St Francis in Santa Croce at Florence; and the frescoes of the crossing vault above the tomb of Saint Francis in the Lower Church of San Francesco at Assisi. Portrayed

on the Heart Cynthia Hahn, 2001-11-20 Publisher Description **A Companion to Medieval Rules and Customaries** Krijn Pansters, 2020-06-08 *A Companion to Medieval Rules and Customaries* offers an introduction to the rules and customs of the main religious orders in medieval Europe: Benedictine, Cistercian, Carthusian, Augustinian, Premonstratensian, Templar, Hospitaller, Teutonic, Dominican, Franciscan, and Carmelite. As well as introducing the early history and spirituality of the orders, scholars survey the central topics: organization, doctrine, morality, liturgy, and culture, as documented by these primary sources. Contributors are James Clark, Tom Gaens, Jean-François Godet, Calogeras Holly, Grieco Emilia, Jamroziak Gert, Melville Stephen, Molvarec Carol, Neel Krijn Pansters, Matthew Ponesse, Bert Roest, Kristjan Toomaspoeg, Paul van Geest, Ursula Vones, Liebenstein, and Coralie Zermatten. **The Enthusiast** Jon M. Sweeney, 2016-04-08 Popular historian and award-winning

author Jon M. Sweeney relates the untold story of St Francis's friendship with Elias of Cortona, the man who helped him build the Franciscan movement. Sweeney uses the complexities of their relationship in a gripping narrative of how their efforts changed the world and how Elias's enthusiasm betrayed the ideals of his friend. Few biographies of St Francis have examined his complicated relationship with close friend Elias of Cortona. In *The Enthusiast*, award-winning author and historian Jon M. Sweeney delves into this little-known partnership that defined and then almost destroyed Francis's ideals. Blending history and biography, Sweeney reveals how Francis and Elias rebuilt churches, aided lepers, and entertained as God's troubadours to the delight of everyday people who had grown tired of a remote and tumultuous Church. At the height of their spiritual renaissance, however, Elias became the devil to many of the other friars; they believed him to be a traitor to their ideals. After Francis's premature death, the movement fractured. Scorned by most of the Franciscan leadership, Elias followed a path that would leave him a lonely, broken man. Sweeney shows how Elias's undoing was rooted in his attempts to honor his old friend.

The Enthusiast was the winner of a 2017 Catholic Press Association Book Award History Third Place

**St. Francis of Assisi and Nature** Roger D. Sorrell, 1988-12-08 One of the best loved saints of all time Francis of Assisi is often depicted today as a kind of proto hippie or early environmentalist This book the most comprehensive study in English of Francis's view of nature in the context of medieval tradition debunks modern anachronistic interpretations arguing convincingly that Francis's ideas can only be understood in their 13th century context Through close analysis of Francis's writings particularly the Cantic of the Sun Sorrell shows that many of Francis's beliefs concerning the proper relation of humanity to the natural world have their antecedents in scripture and the medieval monastic orders while other ideas and practices his nature mysticism his concept of familial relationships with created things and his extension of chivalric conceptions to interactions with creatures are entirely his own Sorrell insists however that only by seeing Francis in terms of the Western traditions from which he arose can we appreciate the true originality of this extraordinary figure and the relevance of his thought to modern religious and environmental concerns

**Bishops, Saints, and Historians** Robert Brentano, edited by William L. North, 2023-06-14 Throughout his career Robert Brentano attempted to understand the nature and style of ecclesiastical institutions in Italy and the British Isles the specific qualities of saints and the communities that formed around them and the ways in which seemingly cryptic archival remains of medieval administrative activity as well as chronicles and lives could reveal vital details about change and continuity in local and regional religious life and even the color of men's souls These issues are explored in the essays assembled in Parts I Bishops and II Saints Part III Historians brings together articles that examine the writing of history by both medieval authors and modern historians and includes Brentano's reflections on his own practice as an historian The introduction by W L North offers a brief biography and introduction to reading Brentano's works followed by a complete bibliography of his publications

**Mysticism and Intellect in Medieval Christianity and Buddhism** Yongho Francis Lee, 2020-03-09 Mysticism and Intellect in Medieval Christianity and Buddhism explores two influential intellectual and religious leaders in Christianity and Buddhism Bonaventure c 1217-74 and Chinul 1158-1210 a Franciscan theologian and a Korean Zen master respectively with respect to their lifelong endeavors to integrate the intellectual and spiritual life so as to achieve the religious aims of their respective religious traditions It also investigates an associated tension between different modes of discourse relating to the divine or the ultimate positive cataphatic discourse and negative apophatic discourse Both of these modes of discourse are closely related to different ways of understanding the immanence and transcendence of the divine or the ultimate Through close studies of Bonaventure and Chinul the book presents a unique dialogue between Christianity and Buddhism and between West and East

**The Kiss of Peace** Kiril Petkov, 2003-01-01 This study of the medieval rites of peace and reconciliation highlights the role of ritual as a strategic device in the attempts of the medieval church and state to monopolize political sovereignty and order individual identities around an hegemonic value system
