Church Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a

lively theological understanding of Scripture interpretation for the life of the church *Recovering Classic Evangelicalism* Gregory Alan Thornbury, 2013-03-31 Once upon a time evangelicalism was a countercultural upstart movement Positioned between mainline denominational liberalism and reactionary fundamentalism evangelicals saw themselves as evangelists to all of culture Billy Graham was reaching the masses with his Crusades Francis Schaeffer was reaching artists and university students at L Abri Larry Norman was recording Jesus music on secular record labels and touring with Janis Joplin and the Doors and Carl F H Henry was reaching the intellectuals through Christianity Today It was the dawn of classic evangelicalism Surveying the current evangelical landscape however one gets the feeling that we re backpedaling quickly We are more theologically diffuse culturally gun shy and fragmented than ever before What has happened And how do we find our way back Using the life and work of Carl F H Henry as a key to evangelicalism s past and a cipher for its future this book provides crucial insights for a renewed vision of the church s place in modern society and charts a refreshing course toward unity under the banner of classic evangelicalism *First Theology* Kevin J. Chris Hall Joy Banks Christopher Johnston Soohwan Park **The Legacy of Hans W. Frei** ,2023-01-26 This volume demonstrates Hans W Frei s unique contribution to theology and biblical hermeneutics Divided into five parts the volume first outlines key biographical details including a little known interview from 1980 excerpted and Frei s Jewish background while growing up in Nazi Germany The subsequent four parts offer insights into both the centrality of biblical narrative and its fateful eclipse by modernity as well as Frei s usage of Anselm and Barth The scholars who contribute to this volume examine Frei s analytical rigor his plea for a high Christology in the service of the church and his shifting interpretations over the years regarding scripture s literal sense They examine Frei s relationship to other contemporary notables such as Paul Ricoeur Eberhard J ngel George A Lindbeck and Carl F H Henry along with an alternative Roman Catholic reading of the history of biblical hermeneutics over against the one he advocates **Telling God's Story** Gerard Loughlin,1999-09-23 This book presents narrative theology as radically orthodox It is orthodox because in the tradition of all those who maintain the priority of the story of Jesus as it is sacramentally performed in the Church and radical because it eschews all modern attempts to found Christian faith on some other story such as that of reason critical history or human consciousness Acknowledging the indeterminacy of and textuality of human existence Telling God s Story presents the Christian life as as a truly postmodern venture the groundless enactment of God s future now The Old Testament: Canon, Literature and Theology John Barton,2016-02-17 This collection of John Barton s work engages with current concern over the biblical canon in both historical and theological aspects with literary reading of the Bible and current literary theory as it bears on biblical studies and with the theological reading and use of the biblical text John Barton s distinctive writing reflects a commitment to a liberal approach to the Bible which places a high value on traditional biblical criticism and also seeks to show how evocative and full of insight the biblical texts are and how they can contribute to modern theological concerns This invaluable selection of published writings by one of the leading authorities on biblical text and canon also includes new essays and editorial introductions from the author **What are They Saying about Scripture and Ethics?** William C. Spohn,1995 What are They Saying about Scripture and Ethics traces the significant developments that have occurred in the turn to Scripture in Christian ethics among Protestant and Roman Catholic theologians Building on the models presented in the first edition William Spohn addresses new questions in hermeneutics spirituality feminist and Latin American liberation theologies and character ethics BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Theology and the Public Daniel D. Shin,2018-11-28 Hans W Frei s groundbreaking achievement in theological hermeneutics Christology and theological method has made possible new alternatives in contemporary theology and has become a key impetus to the emergence of postliberal theology also known as the Yale School Much discussion has taken place since the publication of The Eclipse of Biblical Narrative in 1974 and his work continues to generate intense debate among his proponents critics and sympathetic observers One of the key questions in this conversation is whether Frei s work

signals a sectarian flight from the public world at large to a private enclave in the intratextual world of biblical narrative. Unfortunately his critics have misinterpreted his thought and failed to recognize that the notion of the public is a pivotal feature of his theology. Therefore the aim of this book is to debunk common misunderstandings of his project by showing that Frei maintains a sustained and robust commitment to the public world. This book demonstrates the public character of Frei's thought by examining the major foci of his work: theological hermeneutics, Christology, ecclesiology, and theological method. It begins with an introductory chapter on postliberal theology with special attention to the criticism of sectarianism, followed by a study of Frei's constructive proposals in relation to the church, society, and academy. **The One Story** John W.

Simpson, 2025-01-23 Our creation and redemption by God and our discipleship to Jesus are all one story, and it is an odd story. It is odd because the method God follows in all his actions toward us, and which we imitate in discipleship to Jesus, is characterized not by triumph, even paradoxical triumph, or by assertion of a hero's individuality and strength, but by weakness, submission, self-enslavement, and loss. God has followed this method in creating a universe to stand alongside and even challenge God's existence. God has also acted in this way in continuing to nurture the existence of the human rebels against God. So God has also acted in the incarnation in that is the kenosis of Christ, his self-emptying (Philippians 2:7), which provides us the sharpest delineation of the divine method. And so God has acted for our redemption and our creation as a people conformed to Jesus, and giving testimony to the defeat by his kenosis of the powers that have enslaved humanity. **The One Story** fills out the progress of this one story of creation and redemption and speaks a challenge to how the church understands and lives out the victory by kenosis of Jesus.
