Secrets Of Ancient Witchcraft:

The Secrets of Ancient Witchcraft with the Witches Tarot Arnold Crowther, Patricia Crowther, 1974 *The Secrets of Ancient Witchcraft* Arnold Crowther, Patricia Crowther, 1987-10 Two British witches of the Gardnerian tradition explain the secrets, rites, powers, and ceremonies of the Old Religion and answer questions concerning witchcraft's beliefs, practices, and adherents *The Meaning of Witchcraft* Gerald Gardner, 2025-09-12 Those of us who use the word witch with all of the pride and fortification that it offers us do so thanks to Gardner's lucid liberating vision. Pam Grossman, author of *Waking the Witch: Reflections on Women, Magic, and Power*. Often called the father of modern witchcraft, Gerald Gardner's life and works were ground-breaking in opening the door for the modern revival of Wicca and neo-paganism. *The Meaning of Witchcraft*, originally published in 1959, was the first sympathetic book written from the point of view of a practicing witch. The foundation of magical beliefs Gardner wrote of, which witchcraft is a form in that unseen Powers exist and that by performing the right sort of ritual these Powers can be contacted and either forced or persuaded to assist one in some way. People believed this in the Stone Age and they believe it consciously or not today. It is now well known that most superstition is in fact broken down ritual. The meaning of witchcraft is to be found not in strange religious theories about God and Satan but in the deepest levels of the human mind, the collective unconscious, and the earliest developments of human society. *The Meaning of Witchcraft* is an enduring and invaluable source book for witches today. This Weiser Classics edition includes a new foreword by Pam Grossman, author of *Waking the Witch*. In it, Grossman revisits the historical role and mixed legacy that Gardner has played in the revival of witchcraft and magic in modern times. *The Dark Secrets of the Witch: The Book of Shadows* Leena Klammer, 2017-09-06 Learn that it is safe to embrace the sacred dark for there is much wisdom there. As a matter of fact, much is taken from my own personal *Book of Shadows* where I reveal the inner mysteries of rites, beliefs, and also the practices of the Old Religion. This book, *The Book of Shadows*, will challenge your own perceptions as you explore the Eleusinian Mysteries and begin to understand the role of the journey to the underworld. You will gain a new sense of the rich heritage that was passed on from the Old Ways in Southern Italy. Also in this book are comparatives of different religions and how at the core they all connect together as one. Some examples of the exploration of this include the resurrection of Jesus and the return of Persephone to the land of the living. Shedding new light on how both are an allegory of the journey of the soul. The Old Ways have their roots in the Indus Valley; it is delved into where, by speculating that they then eventually traveled to other lands. *The Wiccan Mysteries* Raven Grimassi, 2003 Wicca is essentially a Celtic-oriented religion, but its Mystery Tradition is derived from several outside cultures as well. Readers of this book are exposed to a sense of the rich heritage that has been passed from one community to another and that now resides within this system for spiritual development.
