Long Shots:

Close-ups and Long Shots in Modern Chinese Cinemas Hsiu-Chuang Deppman, 2020-10-31 Two of the most stylized shots in cinema the close up and the long shot embody distinct attractions The iconicity of the close up magnifies the affective power of faces and elevates film to the discourse of art The depth of the long shot in contrast indexes the facts of life and reinforces our faith in reality Each configures the relation between image and distance that expands the viewer's power to see feel and conceive To understand why a director prefers one type of shot over the other then is to explore more than aesthetics It uncovers significant assumptions about film as an art of intervention or organic representation *Close ups and Long Shots in Modern Chinese Cinemas* is the first book to compare these two shots within the cultural historical and cinematic traditions that produced them In particular the global revival of Confucian studies and the transnational appeal of feminism in the 1980s marked a new turn in the composite cultural education of Chinese directors whose shot selections can be seen as not only stylistic expressions but ethical choices responding to established norms about self restraint ritualism propriety and female agency Each of the films discussed Zhang Yimou's *Red Sorghum* Ang Lee's *Lust Caution* Hou Hsiao hsien's *The Assassin* Jia Zhangke's *I Wish I Knew* and Wei Desheng's *Cape No 7* represents a watershed in Chinese cinemas that redefines the evolving relations among film politics and ethics Together these works provide a comprehensive picture of how directors contextualize close ups and long shots in ways that make them interpretable across many films as bellwethers of social change

Directed by Steven Spielberg Warren Buckland, 2006-05-02 Although the blockbuster is the most popular and commercially successful type of filmmaking it has yet to be studied seriously from a formalist standpoint This is in opposition to classical Hollywood cinema and International Art cinema whose form has been analyzed and deconstructed in great detail Directed By Steven Spielberg fills this gap by examining the distinctive form of the blockbuster The book focuses on Spielberg's blockbusters because he is the most consistent and successful director of this type of film he defines the standard by which other Hollywood blockbusters are judged and compared But how did Spielberg attain this position Film critics and scholars generally agree that Spielberg's blockbusters have a unique look and use visual storytelling techniques to their utmost effectiveness In this book Warren

Buckland examines Spielberg's distinct manipulation of film form and his singular use of stylistic and narrative techniques. The book demonstrates the aesthetic options available to Spielberg and particularly the choices he makes in structuring his blockbusters. Buckland emphasizes the director's activity in making a film, particularly such a powerful director as Spielberg, including visualizing the scene on paper via storyboards, staging and blocking the scene, selecting camera placement and movement, determining the progression or flow of the film from shot to shot, and deciding how to narrate the story to the spectator. Directed By Steven Spielberg combines film studies scholarship with the approach taken by many filmmaking manuals. The unique value of the book lies in its grounding of formal film analysis in filmmaking. ***The Filmmaker's Eye*** Gustavo Mercado, 2013-05-20. This is the only book that combines conceptual and practical instruction on creating polished and eloquent images for film and video with the technical know-how to achieve them. Loaded with hundreds of full-color examples, *The Filmmaker's Eye* is a focused, easy-to-reference guide that shows you how to become a strong visual storyteller through smart, effective choices for your shots. This book has struck a chord worldwide and is being translated into several languages. After a short introduction to basic principles, a variety of shots are deconstructed in the following format: Why It Works, an introduction to a particular type of shot; How It Works, callouts point out exactly how the shot works the way it does; the visual rules and technical aspects in action; Technical Considerations, the equipment and techniques needed to get the shot; Breaking the Rules, examples where the rules are brilliant, subverted. ***Television Aesthetics*** Nikos Metallinos, 1996. First Published in 1996. Routledge is an imprint of Taylor & Francis, an informa company. ***Producing 24p Video*** John Skidgel, 2012-09-10. *Producing 24p Video* demystifies the emerging standards of film and video production and discusses the 24p video film format to help novice and experienced filmmakers alike learn how to better use the newly available DV cameras. Since the 24p frame rate closely approximates the look and feel of film, it is the speed of choice whenever a cinematic look is desired. 24p video also offers certain compression options that are advantageous to web and wireless delivery. This full-color book discusses the special techniques required by 24p productions all the way through the production, from preproduction planning through post and output. Each chapter includes techniques, examples, tips, and case studies. The field techniques section features real-world setups presented as demonstrations or as tutorials. Case studies present profiles of people producing 24p projects, and the DVD includes step-by-step instructions that illustrate how to work with 24p material in NLE, compositor, DVD authoring, and audio applications. ***Television Production*** Gerald Millerson, Jim Owens, 2009-08-19. *Television Production* offers you a very practical guide to professional TV and video production techniques. You will find straightforward descriptions and explanations of the equipment you will use and discover the best ways to use it. You will also learn how to anticipate and quickly overcome typical everyday problems. You will explore in detail all the major features of television production, learning the secrets of top-grade camerawork, persuasive lighting techniques, effective sound treatment, as well as the subtle processes of scenic design and the art of video editing. Successful program making is about

communication and persuasion It is not merely a matter of knowing which buttons to press but how to influence and persuade your audience hold their attention develop their interest and arouse their emotions This book tells you how to do all this and much more The fourteenth edition has been completely revamped New Coauthor Jim Owens brings his wealth of teaching and international broadcasting experience New In brilliant full color for the first time hundreds of new photos and illustrations demonstrate the techniques presented in the book New Thoroughly overhauled with the latest developments in tools and technology New Focus on the latest equipment delivery methods and convergence of digital technology
