for Chinese English Learners Pan Zhixin, 2016-12-08 This book reports in detail the newly developed Communicative
Listening Comprehension Test CLCT for the National College English Test CET of China Following the principles of
communicative testing in general and test construction approach proposed by Bachman and Palmer 1996 in particular the
project develops CLCT for CET 4 and CET 6 The research begins with the construction of frameworks of listening task
characteristics and communicative listening ability Subsequently based on a survey of Chinese college students English
listening needs and an analysis of listening tasks in influential English listening course books and public tests CLCT 4 and
CLCT 6 test specifications are developed Finally sample papers are produced and a series of posteriori studies are conducted
to examine the difficulty and usefulness of the newly developed notes completion task type in two CLCT tests As an example
of successful integration of communicative testing theories and test construction practice this research provides valuable
insights into listening test development for other large scale tests Australian National Bibliography: 1992 National
