Satipatthana Analayo, 2013-06-12 The Satipatthana Sutta is the teaching on mindfulness and the breath and is the basis of much insight meditation practice today This book is a thorough and insightful guide to this deceptively simple yet profound teaching With painstaking thoroughness Ven Analayo marshals the suttas of the Pali canon works of modern scholarship and the teachings of present day meditation masters to make the rich implications of the Satipatthana Sutta so concise in the original clear to contemporary students of the Dharma Bhikkhu Bodhi Making Fields of Merit Monica Lindberg Falk, 2007 Religion plays a central role in Thai society with Buddhism intertwined in the daily lives of the people Religion also plays an important role in establishing gender boundaries The growth in recent decades of self governing nunneries *samnak chii* and the increasing interest of Thai women in a Buddhist monastic life are notable changes in the religion gender dynamic This anthropological study addresses religion and gender relations through the lens of the lives actions and role in Thai society of an order of Buddhist nuns *mae chii* It presents a unique ethnography of these Thai Buddhist nuns examines what it implies to be a female ascetic in contemporary Thailand and analyses how the ordained state for women fits into the wider gender patterns found in Thai society The study also deals with the nuns agency in creating religious space and authority for women In addition it raises questions about how the position of Thai Buddhist nuns outside the Buddhist sangha affects their religious legitimacy and describes recent moves to restore a Theravada order of female monks **The Buddhist World of Southeast Asia** Donald K. Swearer, 2012-02-01 An unparalleled portrait Donald K Swearer's Buddhist World of Southeast Asia has been a key source for all those interested in the Theravada homelands since the work's publication in 1995 Expanded and updated the second edition offers this wide ranging account for readers at the beginning of the twenty first century Swearer shows Theravada Buddhism in Southeast Asia to be a dynamic complex system of thought and practice embedded in the cultures societies and histories of Thailand Myanmar Burma Laos Cambodia and Sri Lanka The work focuses on three distinct yet interrelated aspects of this milieu The first is the popular tradition of life models personified in myths and legends rites of passage festival celebrations and ritual occasions The second deals with Buddhism and the state illustrating how King Asoka serves as the paradigmatic Buddhist monarch discussing the relationship of cosmology and

kingship and detailing the rise of charismatic Buddhist political leaders in the postcolonial period The third is the modern transformation of Buddhism the changing roles of monks and laity modern reform movements the role of women and Buddhism in the West Satipaṭṭhāna Anālayo,2003 This book helps to fill what has long been a glaring gap in the scholarship of early Buddhism offering us a detailed textual study of the Satipaṭṭha Sutta the foundational Buddhist discourse on meditation practice Back cover Thailand in Pictures Stacy Taus-Bolstad,2003-08-01 Describes the geography history government economy people and cultural life of Thailand East and West Series ,1992 Largely composed of excerpts from the writings of T L Vaswani *Gendered Inequalities in Asia* Helle Rydstrøm,2010 Global processes with flows in money commodities and people have made it increasingly varied and blurred what it means to be a female or male in Asia today Socio economic and cultural patterns in Asia intersect with one another and in doing so they translate into power relations that create both possibilities and constraints for women and men By focusing on unequal access to political and religious power occupation and health facilities as well as different options when it comes to family life and sexuality the recognition of women and men are explored in this volume as manifestations of ideas about femininity and masculinity Readers will find insightful and enriching contributions that consider how gender relations in Asia and indeed the very meaning of gender itself are affected by neo liberalism globalization and economic growth security in all of its meanings multiculturalism race and class family life power and intergenerational support religious discourses and activism and by male norms in politics This title highlights the complex ways in which the positions of women and men are configured recognized and contested in a rapidly transforming region It offers a fresh multidisciplinary perspective on gender inequalities
