Sutter**

Modality In Contemporary English:

Modality in Contemporary English Roberta Facchinetti, Frank Palmer, Manfred Krug, 2012-02-13 This book offers original theoretical accounts and a wealth of descriptive information concerning modality in present day English At the same time it provides fresh impetus to more general linguistic issues such as grammaticalization colloquialization or the interplay between sociolinguistic and syntactic constraints The articles fall into four sections a the semantics and pragmatics of core modal verbs b the status of emerging modal items c stylistic variation and change d sociolinguistic variation and syntactic models The book is of considerable value to students and teachers of English and Linguistics at undergraduate and graduate level worldwide

Modality in English Raphael Salkie, Pierre Busuttil, Johan van der Auwera, 2009-06-23 This volume presents two kinds of studies on English modality On the one hand there are strongly empirical corpus based studies of individual uses of English modal auxiliaries and modal constructions such as may in interrogatives might in concessive clauses shall and may vs must in legal English the use of surprised if and surprising if constructions the use and history of adhortative constructions or the modal aspectual use of come to in I came to realize that X The book also contains work that presents new views on some of the classical issues like the relations between modality and time modality and commitment modals and inter subjectivity A special place is given to work that approaches the English modals from the perspective of the Theory of Enunciative Operations developed by the French linguist Antoine Culioli and his colleagues Thus the book provides new perspectives and answers on basic questions about modality in general and its expression in English in particular

Change in Contemporary English Geoffrey Leech, Marianne Hundt, Christian Mair, Nicholas Smith, 2009-10-22 Based on the systematic analysis of large amounts of computer readable text this book shows how the English language has been changing in the recent past often in unexpected and previously undocumented ways The study is based on a group of matching corpora known as the Brown family of corpora supplemented by a range of other corpus materials both written and spoken drawn mainly from the later twentieth century Among the matters receiving particular attention are the influence of American English on British English the role of the press the colloquialization of written English and a wide range of grammatical topics including the modal auxiliaries progressive subjunctive passive genitive and relative clauses These subjects build an overall picture of how English grammar is changing and the linguistic and social factors that are contributing to this process

Modals and Quasi-modals in English Peter Collins, 2015-06-29 Modals and Quasi modals in English reports the findings of a corpus based study of the modals and a set of semantically related quasi modals in English The study is the largest and most comprehensive to date in this area and is informed by recent developments in the study of modality including grammaticalization and recent diachronic change The selection of the parallel corpora used representing British American and Australian English was designed to facilitate the exploration of both regional and stylistic variation

Late Modern English Syntax Marianne Hundt, 2014-08-14 Using increasingly sophisticated databases this

volume explores grammatical usage from the Late Modern period in a broad context Studies in Late Modern English Correspondence Marina Dossena, Ingrid Tieken-Boon van Ostade, 2008 The studies presented in this volume concentrate on aspects of Late Modern English correspondence in the usage of individuals belonging to different social classes writing for different purposes and finding themselves in different social contexts both in Britain and in its colonies As the growing body of research published in recent years has shown analysing the language of letters presents both a challenge and an opportunity to obtain access to as full a range of styles as would be possible for a period for which we only have access to the language in its written form It is an area of study in which all the contributors have considerable expertise which affords them to present data findings while discussing important methodological issues In addition in most cases data derive from specially designed second generation corpora reflecting state of the art approaches to historical sociolinguistics and pragmatics Theoretical issues concerning letters as a text type their role in social network analysis and their value in the identification of register or variety specific traits are highlighted alongside issues concerning the often less than easy relationship between strictly codified norms and actual usage on the part of speakers whose level of education could vary considerably **English Modality** Juana I. Marín-Arrese, Marta Carretero, Jorge Arús Hita, Johan van der Auwera, 2013-12-12 The book presents new issues and areas of work in modality and evidentiality in English and in relation to other European languages French Galician Lithuanian Spanish Given the complexity of the relations among modal and evidential expressions their constant diachronic evolution and the variation found in different English speaking areas and in different genres and discourse domains the volume addresses the following issues the conceptual nature of modality the relationship between the domains of modality and evidentiality the evolution and current status of the modal auxiliaries and other modal expressions the relationship with neighbouring grammatical categories tense aspect mood and the variation in different discourse domains and genres in modelling stance and discourse identities *Modality and Diachronic Construction Grammar* Martin Hilpert, Bert Cappelle, Ilse Depraetere, 2021-10-15 This volume explores how Diachronic Construction Grammar can shed new light on changes in a central and well researched domain of grammar namely modality Its main goal is to show how constructional analyses can help us address some of the long standing questions that have informed discussions of modal expressions and their development and to illustrate the processes that are involved in these developments on the basis of data from languages such as English Finnish French Galician German and Japanese The studies in this volume are organized around three interrelated topics The first of these concerns the organization of modal constructions in a network A second focus area of the studies in this volume concerns the developmental pathways that modal constructions follow diachronically The third topic that ties the contributions of this volume together is the contrast between constructionalization and constructional change **Middle and Modern English Corpus Linguistics** Manfred Markus, Yoko Iyeiri, Reinhard Heuberger, Emil Chamson, 2012-04-11 This book brings together a variety of approaches to

English corpus linguistics and shows how corpus methodologies can contribute to the linking of diachronic and synchronic studies. The articles in this volume investigate historical changes in the English language as well as specific aspects of Middle and Modern English and moreover of English dialects. The contributions also discuss the development of English corpus linguistics generally and its potential in the future. Special focus is given to the continuity between Middle and Modern English much in line with the linking in previous studies of Middle English and Old English under the generic term medievalism. This volume highlights the continual development of English from the medieval to modern period.

Modality in English and Chinese Renzhi Li, 2004. Modality is a grammatical or semantic grammatical category. It is an important component of human languages. This is at least the case in most European languages. To what extent is it a near universal? This thesis is to contribute to the question. It focuses on modal verbs in English and Chinese two genetically and geographically unrelated languages and analyzes what these two languages have in common and how they differ in their systems of modality. To achieve the aim the thesis adopts the theoretical framework proposed by van der Auwera 1996 1998 with Plungian 2001 for the typological study of modality. Its language specific descriptions involve the morphosyntactic features notional functions modal logic and diachronic development. With these descriptions it constructs a cross linguistic database in a uniform parallel structure. Then on the basis of this database it deals with the cross linguistic issues about modality in English and Chinese. Like many of the studies in this area this research makes use of the well sampled data in the relevant literature thereby assuring the same degree of representativeness. When the data do not meet this need it resorts to computer based corpora. In the diachronic study of Chinese modality quantitative analysis is adopted in proposing a development path for the senses of a modal English translation is given particular attention in the description of Chinese modality and cross linguistic analyses. One can only know one's own language only if one compares it with other languages. The present study is conducive to a better understanding of English and Chinese. It contributes not only to the investigation of language universals but also to the study of human cognition and other linguistic or applied linguistic issues.

Corpus Studies in Contrastive Linguistics Stefania Marzo, Kris Heylen, Gert De Sutter, 2012-09-05. Contrastive Linguistics like other linguistic disciplines is becoming more and more data oriented relying increasingly on the statistical analysis of corpus data to reveal and investigate the similarities and dissimilarities between languages. The volume *Corpus Studies in Contrastive Linguistics* illustrates this current trend with a representative sample of contrastive linguistic case studies. These cover a range of linguistic phenomena syntax modality and discourse and pursue different types of research questions grammaticalization pragmatic function stylistic function typological profile. Accordingly they use different types of corpora contemporary and historical texts written and spoken discourse and various text types such as academic discourse and political discourse. Five different languages are represented English French Dutch Spanish and Lithuanian with English as a language of comparison in each contribution. The studies all show that quantitative analyses are not at odds with insightful

qualitative interpretations or functional approaches to language but rather complement each other This volume was originally published as a special issue of International Journal of Corpus Linguistics 15 2 2010 Historical Perspectives on Forms of English Dialogue Gabriella Mazzon, Luisanna Fodde Melis, 2012 Corpus Analysis in Different Genres María Luisa Carrió-Pastor, 2020-05-05 This collection sheds light on the ways in which corpus linguistics and the use of learner corpora might be applied to the study of academic discourse revealing linguistic and rhetorical patterns and insights into variation across a range of disciplinary genres Organized into three sections the book highlights key tools and methodologies in corpus analysis to study such features as discourse markers lexical bundles linguistic complexity lexico grammatical conventions and modality in case studies in studies of academic discourse both in a second language and in English for specific purposes The volume features examples from disciplinary genres not often covered in the existing literature including MA theses academic book reviews and online student forums Taken together with the study of learner corpora the book demonstrates the impact of corpus linguistic tools in better understanding linguistic patterns of specific languages and language use and in turn their role in helping to identify the needs of language learners The book will be of interest to students and scholars in corpus linguistics applied linguistics and English for Specific Purposes **Modality in Contact** Carmelo Alessandro Basile, 2024-09-02 This book explores the evolution of modal constructions of necessity and obligation in New Englishes Focusing on Singapore English analysis of corpus data reveals lower levels of grammaticalization compared to its lexifier British English This trend is explained through the lenses of a pan stratist model which considers a spectrum of forces influencing the dynamics of contact On the one hand cognitive mechanisms seem to favour the selection of less grammaticalized and more transparent variants from the lexifier On the other hand the substrate is positioned as a background force actively contributing to the selection of new material to address functional gaps in the system The Expression of Modality William Frawley, 2008-08-22 This book covers the essentials of modality and offers both foundational ideas and cutting edge advances The book consists of what are essentially tutorials on modality and modal notions covering definitions of modality morphosyntactic form conceptual and logical semantics historical development and acquisition There are also specific chapters on modality in Zapotec and American Sign Language which show the range of forms that modal notions can take To assist its tutorial function the book closes with a comprehensive conceptual outline of all the chapters Key features new series textbook covers the essentials of modality **The forms and functions of modal verbs in sections of the English tourism research articles** Domínguez Morales, María Elena, 2023-03-15 The tourism research article RA has not been the focus of many studies This volume offers a description of the genre in terms of section besides an analysis of the most used language features in each section of the RA Among these are the presence of modal verbs Precisely the goal of this work is to describe their use meaning and functions in a corpus of the introduction and conclusion sections of the RA in tourist studies The compilations included texts from leading journals in the area The method of inquiry includes

corpus linguistics tools to analyze texts as well as specific examples to show how these forms behave in the RAs The analysis of context is also essential in order to identify the exact meanings of modal verbs and for that reason visual inspection of each sample is mandatory The discussion of the evidence obtained is accounted for by studies in the domain of functional linguistics The conclusions show that formal variation exists in the introduction and the conclusion sections This also applies to their meanings Dynamic modality is attested to be more recurrent in the introductions and epistemic modality is preferred in the concluding sections The functions performed by these modals are varied to feature interpersonal and textual cues in the elaboration of meaning in the RA

Esta obra no tiene formato impreso y su descarga es libre sin DRM *Modal Auxiliaries from Late Old to Early Middle English* Kousuke Kaita, 2015-04-17 Why do Modern English modal auxiliaries ought to should and must meaning OBLIGATION occur in the present tense yet their forms are in the preterite Why does to accompany ought One of the solutions to these questions is to look at the history of the English language This monograph deals with the history of ought to should and must which are of different syntactic and semantic origins ought to stems from a main verb of Old English *gan* to have POSSESSION along with to should derives from *sculan* must with its deviation to shall and *m tan* originates in to be allowed to PERMISSION The work concentrates on the transition from Old English 700 1100 to Middle English 1100 1500 which is a crucial period in the history of the English language Topics addressed include the linguistic review of modality the philological reading of primary texts and the occasional reference to the other Germanic languages

Englishes Today Elena Seoane, Cristina Suárez-Gómez, 2015-11-25 The spread and globalisation of English has proved to be of interest in the study of diverse linguistic phenomena From a methodological perspective the study of Englishes poses a number of challenges and attempts have been made to address these in corpus linguistics sociolinguistic fieldwork and variationist studies As such this volume contributes to this increasingly fashionable but still somewhat under explored field of research by drawing together ideas from different frameworks and approaches dealing with English today The different chapters reflect current trends in English linguistics research and can be characterized broadly in terms of the study of the different diatopic and diastratic varieties of English and the adoption of various theoretical and methodological perspectives The chapters deal with the globalisation of English in itself and with the origin development and status of varieties of English often seen as a testing ground for different research traditions including typological linguistics second language acquisition contact linguistics and sociolinguistics

Grammatical Change in English World-Wide Peter Collins, 2015-02-24 The contributions to this volume apply and extend the techniques of corpus linguistics and diachronic linguistics to the challenge of describing and explaining grammatical change in varieties of English world wide The book is divided into two parts with ten chapters on Inner Circle varieties such as Australian Canadian and Irish English and eight on Outer Circle varieties such as Philippine Indian and Nigerian English Contributors examine a range of topics including the progressive aspect modal auxiliaries do support verb morphology and quotatives using a wide variety of corpus resources

Overarching research questions addressed include the following Do diachronic tendencies observed in a particular variety converge with diverge from or run in parallel with those in the parent variety What are the possible causes of changes observed e g English teaching traditions Americanisation internal changes in registers This book will appeal to linguists particularly those interested in grammatical description corpus linguistics and World Englishes *Mapping Unity and Diversity World-wide* Marianne Hundt, Ulrike Gut, 2012 A collection of cross varietal studies on a spectrum of grammatical features in English varieties spoken all over the world It explores the structural unity and diversity of New Englishes and thus investigates central aspects of dialect evolution and language change

Yeah, reviewing a ebook **Modality In Contemporary English** could mount up your close connections listings. This is just one of the solutions for you to be successful. As understood, completion does not suggest that you have astounding points.

Comprehending as competently as understanding even more than additional will give each success. next to, the message as well as perception of this Modality In Contemporary English can be taken as skillfully as picked to act.

Modality In Contemporary English Introduction

In the digital age, access to information has become easier than ever before. The ability to download Modality In Contemporary English has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Modality In Contemporary English has opened up a world of possibilities. Downloading Modality In Contemporary English provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Modality In Contemporary English has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Modality In Contemporary English. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Modality In Contemporary English. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Modality In Contemporary English, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Modality In Contemporary English has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security

when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Modality In Contemporary English Books

1. Where can I buy Modality In Contemporary English books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Modality In Contemporary English book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Modality In Contemporary English books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Modality In Contemporary English audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or

community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.

10. Can I read Modality In Contemporary English books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
