Read in Between the Lines Shameka S. Bush, 2013-12-04 The title Read in between the lines and within the margins is a request from the author to the reader to opt in not only reading the feelings expressed therein but also feel value and relate to them as well This array of pieces reflects emotions such as confusion understanding fulfillment confidence depression joy and wrath The author reemphasizes her request by dedicating the first poem to the title of the book The sequence of poetic perspectives also exemplify various writing techniques such as metaphors found in The Soundless Day In Trouble and even Constipation or the common technique of assonance heavily used in God is Awesome and My Blackground The AABB and ABAB are just a few standard rhyme schemes demonstrated in the book as many other combinations are represented as well The author even gave her readers a little sample of onomatopoeia found in A woman of my own mind The author also used emotive and colloquial languages to bring various perspectives to life and to emphasize strong emotion such as the colloquial found in A Thugs perspective or in The Stuck up The Stupid or the emotive language used in most pieces This collection of poems is unique because they complement each other as they move back and forth between Narrative and Expository modes Though this book follows many technical elements of writing the author took risks

and broke some of the rules to standard writing such as run on sentences like in *My Blackground* lowercase letters on proper nouns and capital letters on improper nouns such as in *The murmurs of the devil* and *One Hug* These risks were taken to symbolize how the author viewed various characters in the pieces Other risks were used to aid in emphasizing the emotion the author is portraying in the poems Some samples of *Read in Between the Lines* and *Within the Margins* have been recited at various poetry events and sessions and have been displayed online They have also been shared with family and close friends Though the pieces have been shared this is their first publication with more exciting moves to come

George Crabb,1819 **Criticism After Theory from Shakespeare to Virginia Woolf** Perry Meisel,2022-05-30 The argument of this book is a simple one that criticism after theory is a single movement of thought defined by synthesis and continuity rather than by conflict and change The most influential figures in criticism since Saussure Bakhtin Derrida and Foucault are wholly consistent with Saussure s foundational Course in General Linguistics 1916 no matter the traditions of complaint that have followed in Saussure s wake from Bakhtin forward These complaints vitiate despite themselves and often hilariously so the misconceptions that have made cottage industries out of quarrels with Saussurean semiology that are based on notions of Saussure that are incorrect The materialist criticism dominant today is actually dependent upon on the legacy of a presumably formalist structuralism rather than a step beyond it New Historicism postcolonialism gender studies environmental criticism archive studies even shared and surface reading are like deconstruction the by products of Saussure s structuralism not its foils Saussure s sign is sensory and concrete Language and materiality are not distinct but one and the same history society the psychological subject even the environment are systems of signs material archives read and reread by futures that produce the past after the fact Without Saussure contemporary criticism would have no identifiable or effective source The book begins with chapters on Saussure and Derrida Bakhtin and Shakespeare and Freud and Foucault followed by chapters on Victorian and American fiction D H Lawrence and modern poetry Virginia Woolf and Melanie Klein and the historicist tropology of psychoanalysis It concludes with a coda in life writing on the author s epileptic disability
