Riding The East Wind A Novel:

Riding the East Wind 風を渡る, 1999 A Japanese American pilot in the days before Pearl Harbor is the hero of this novel which illuminates the tensions between the U S and Japan as war between them became inevitable The hero Ken Kurushima is torn by his loyalty to both countries

Marshland Otohiko Kaga, 2024-07-09 Otohiko Kaga's Marshland is an epic novel on a Tolstoyan scale running from the pre World War II period to the turbulence of 1960s Japan At forty nine Atsuo Yukimori is a humble auto mechanic living an almost penitentially quiet life in Tokyo where his coworkers know something of his military record but nothing of his postwar criminal past Out of curiosity he accompanies his nephew to a demonstration at a nearby university and is gradually drawn into a friendship then a romance with Wakaka Ikahata the brilliant but mentally unstable daughter of a university professor As some of the student radical groups turn to violence and terrorism Atsuo and Wakaka find themselves framed for the lethal bombing of a Tokyo train During their long imprisonment the novel becomes a Kafkaesque procedural revealing the corrupt intricacies of the police and judicial system of Japan At the end of their hard pilgrimage to exoneration Atsuo and Wakaka are finally able to return to his original hometown Nemuro on the eastern most peninsula of Hokkaido island Here is the marshland of the title a remote and virtually unspoiled region of Japan where Kaga sets a large number of extraordinarily beautiful pastoral scenes Marshland is a revelation of modern Japanese history and culture a major novel from the hand of a master well known in his own country but virtually unheard of so far in the United States and Anglophone world in general

The Commodore's Story Ralph Middleton Munroe, Vincent Gilpin, 2018-12-05 The changes which brought the city of Miami of today are delightfully described in this book of personal reminiscences written by one of Florida's earliest settlers in collaboration with his life long friend Vincent Gilpin Ralph Munroe first went to Biscayne Bay in 1887 Soon after that time he and his friends built his home The Barnacle in Coconut

Grove where he has lived ever since From this center his influence has been felt for almost fifty years during the vivid and exciting period of early exploration and settlement during the slow development which led up to Flagler and the railroad through the boom the disastrous hurricanes against which the Commodore's warnings went unheeded down to the present time No one interested in southern Florida or in the sea can afford to miss this picturesque story of a Biscayne Bay pioneer who is today so widely and affectionately known One of Florida's earliest lovers the Commodore has been unswervingly devoted to the best interests of the region and has been close to the most significant incidents of its growth Beautifully illustrated throughout with photographs from Ralph Munroe's private collection the earliest on the Bay **Farnorth. common At Rome the tradition was that the sacrificial king had been appointed to perform sacred functions formerly belonging to the ruling monarch after the overthrow of the ancient dynasty and the expulsion of the kings In republican Athens the second magistrate of the city was called King and his wife Queen The functions of both were religious Other examples will occur to readers familiar with the classics Such traditions and usages leave no doubt but in very early times kings were not only civil rulers but also the priests who offered the sacrifices and stood between the worshippers and the unseen world The king would thus be revered as the ruler and father of his people who protected and cared for them He would be also alternately feared and loved as the ghostly intercessor of men and regarded as himself partaking of the ghostly nature for the divinity which hedged a king in those days was no empty title but a sober fact He was regarded as able to bestow or withhold blessings to bring blight and curse and remove them and so being above and beyond the control of his subjects reverence and fear would easily pass into adoration and worship To us this may appear strange but it is quite consistent with savage thought To the savage African or South Sea Islander the world is largely if not exclusively worked by supernatural agents and these act on impulses similar to those which move and influence men and with which he is familiar in himself and others Where the forces of nature are under the control of the king priest the worshipper sees no limit to his power and the influence he can exert on the course of nature or even upon the material universe itself as when a man s father s spirit shakes the earth because the king hurt his toe He holds converse with the gods From them come abundant crops fecundity success in war and kindred blessings and the king who bestows these is regarded as having the god residing in his own person to the savage man he is himself divine The Song of the Earth ,2001-01-01 In a future world riven by gender strife global warming and religious warfare a young man s death becomes the centerpiece of a popular cult of the artist living in the twenty first century QPB InsightOut Reader s Subscription **Laurence Sterne** Arthur Cash,2022-11-30 First published in 1975 Laurence Sterne is biography of Sterne s life which emphasizes those experiences which informed Sterne s fiction The book is based on an exhaustive search for original documents and a study of the social political and ecclesiastical institutions which shaped Sterne s world We see the novelist as a soldier s child student struggling young cleric Yorkshire famer and judge of the spiritual courts and we trace his literary development from political hack to humourist The story begins like Tristram s with the subject s conception and ends with the publication of Volumes I and II of Tristram Shandy This book will be of interest to students of literature literary history as well as to any casual reader of Sterne s novels
