Constructions in Cognitive Contexts Franziska Günther,2016-11-07 In what ways are language cognition and perception interrelated Do they influence each other This book casts a fresh light on these questions by putting individual speakers cognitive contexts i e their usage preferences and entrenched patterns of linguistic knowledge into the focus of investigation It presents findings from original experimental research on spatial language use which indicate that these individual specific factors indeed play a central role in determining whether or not differences in the current and or habitual linguistic behaviour of speakers of German and English are systematically correlated with differences in non linguistic behaviour visual attention allocation to and memory for spatial referent scenes These findings form the basis of a new speaker focused usage based model of linguistic relativity which defines language perception cognition effects as a phenomenon which primarily occurs within individual speakers rather than between speakers or speech communities **Automotive Industries** ,1913

Vols for 1919 include an Annual statistical issue title varies **High-Risk Patrol** Gerald W. Garner,2020-05-28 This book provides a general orientation for survival using the author's everyone goes home approach as in previous editions to keep the police officer safe and secure It details the specifics the intelligent police professional must master in order to survive the many types of risky situations he will be exposed to over a career The book is painstakingly thorough in its approach to officer survival in an era where peacekeepers are required to be highly transparent and accountable in all their actions Every use of force by a law enforcement officer will be closely scrutinized This is one reason why it is important that today's officer has access to every viable tactic and technique that may prevent the need for force in the first place The book details everything from searching an arrested individual to searching a building arresting a 300 pound outlaw biker to a surly

teenager Techniques and strategies discussed in the book include personal preparation for risk reduction vehicle stops and contacts defusing disturbances domestic violence burglaries and structure searching barricades and hostage takers vehicle pursuits ambush attacks emotionally disturbed and mentally ill persons prisoner control and transport terrorist threats off duty confrontations and reducing the emotional risks involved At the end of each vital chapter a quick and concise Risk Reduction Checklist is presented These chapter summaries are excellent for review and merit rereading by the police professional intent on surviving to a healthy retirement An Appendix has been included containing informative accounts of police deaths culled from the Law Enforcement Officers Killed and Assaulted Report put together by the Federal Bureau of Investigation Other accounts are also found at the end of each chapter Each one makes a point by way of grim example yet every tragedy described can help save the life of an alert police officer who might otherwise become one more statistic This unique and comprehensive text will be invaluable to all law enforcement professionals investigators policymakers and police academics
