Right To Die Dax Cowart Case:

A right to die? : the Dax Cowart case ; [an ethical case study on CD-ROM] David Andersen,Robert Cavalier,Preston K. Covey,1996 The fascinating and moving case of Dax Cowart is one of the best known and most significant in applied ethics highlighting the ethical and medical dilemmas over an individual s right to die As a young man Dax Cowart was seriously injured and left with greatly reduced quality of life as a result of a car accident in Texas Dax s struggle to die and the arguments surrounding the decisions of those involved made him a cause celebre in the Right to Die movement This ground breaking CD ROM developed in association with Carnegie Mellon University presents this important case in detail The user sees and hears Dax himself and those surrounding him and is forced to participate in the difficult decisions being made The user is asked to make brief statements justifying these decisions which can be reviewed at the end of the session By participating in this genuinely interactive process students develop practice and defend their ethical analysis and decision making using a real world case study Bringing together reference material pedagogical text video and sound The Right to Die on CD ROM is a major resource across several academic disciplines including philosophy medical ethics and law Professional practitioners will also find this CD ROM essential for reviewing and honing their analytical skills and libraries societies pressure groups and other concerned institutions will require copies for reference use The software allows the user to Install on either a Macintosh or Windows machine Save and print out their own notes and statements Review the decisions and statements made during a session Access video clips without running through the whole program Contents 1 Programme Introduction Introduces the programme and introduces The Basic Question In the latter the user is asked to take on an initial view of Dax Cowart s request to die based on a summary of the case 2 Guided Inquiries The user is guided through the case and its context reading evidence listening to the arguments put forward and watching video footage The user is asked to make ethical decisions and the evidence and text presented subsequently changes appropriately demonstrating the full impact of decisions taken The user can at any time seek help on the philosophical thinking involved behind the decision at hand using the commentary button The last section of the Guided Inquiries Final Position leaves the user to make the final judgement The programme finishes with an audio visual segment that once again challenges the user to reflect on their position 3 The Archives This section allows a review of the case material including audio visual elements independently from the case narrative Additional information regarding the case chronology and other famous right to die cases are included Available in a basic single user version or a multi user version The multi user version allows the purchase of multiple copies at a substantial discount on the single user price for use in the classroom and project work in libraries and computing centres Teacher s Guide Provided with the multi user version this book not only guides the instructor through the programme but also suggests possible uses of the CD ROM in the classroom with specific lesson plans and bibliographies For more information on this title including sample black and white Quicktime movies from the CD visit our Right to Die site at <http://www.righttodie.org/>

[Virtual Decisions](#) Steve Cohen, Kent E. Portney, Dean Rehberger, Carolyn Thorsen, 2006-08-15 Developments in digital technologies and in understandings of how best to use them have altered teaching and learning environments and stand to do so even more rapidly in the future Virtual Decisions Digital Simulations for Teaching Reasoning in the Social Sciences and Humanities focuses on the special issues related to the use of digital technologies in teaching the complex nature of social decisions with particular attention to the use of digital role play simulations as a means to accomplish this With the advent of new technologies for delivering multimedia simulations to students and advanced graphics capabilities to create life like decision environments digital role play simulations are increasingly available for K 12 and higher education teachers to use in the classroom This book helps both users and developers make intelligent choices about the value added by using simulations technology and media to teach reasoning in social sciences and humanities classrooms The book relies on a four part framework for developing a digital multimedia based simulation approach which represents a cross disciplinary method to describing simulations the students who are using them the educational setting in which they are used and a rubric for assessing learning The volume is divided into two parts The first part presents a review of the theory and research detailing why didactic approaches do not or cannot address specific learning goals as well as a description of the theoretical framework for using and developing simulations The second part includes chapters on specific digital simulations and how they fit with the theoretical framework Virtual Decisions fills a significant gap in the existing literature of instructional technology and is of interest to instructors primarily in the social sciences and humanities who are potential users of the simulations It is also a resource for graduate students and pre service teachers studying simulation design

[Everybody Wants to Go to Heaven but Nobody Wants to Die: Bioethics and the Transformation of Health Care in America](#) Amy Gutmann, Jonathan D. Moreno, 2019-08-27 NOW FEATURING A NEW AFTERWORD PANDEMIC ETHICS From two eminent scholars comes a provocative examination of bioethics and our culture's obsession with having it all without paying the price Shockingly the United States has among the lowest life expectancies and highest infant mortality rates of any high

income nation yet as Amy Gutmann and Jonathan D Moreno show we spend twice as much per capita on medical care without insuring everyone A remarkable highly readable journey Judy Woodruff sure to become a classic on bioethics Everybody Wants to Go to Heaven but Nobody Wants to Die explores the troubling contradictions between expanding medical research and neglecting human rights from testing anthrax vaccines on children to using brain science for marketing campaigns Providing a clear and compassionate presentation Library Journal of such complex topics as radical changes in doctor patient relations legal controversies over in vitro babies experiments on humans unaffordable new drugs and limited access to hospice care this urgent and incisive history is required reading for anyone with a heartbeat Andrea Mitchell

Communication and Bioethics at the End of Life Lori A. Roscoe, David P. Schenck, 2017-12-07 This casebook provides a set of cases that reveal the current complexity of medical decision making ethical reasoning and communication at the end of life for hospitalized patients and those who care for and about them End of life issues are a controversial part of medical practice and of everyday life Working through these cases illuminates both the practical and philosophical challenges presented by the moral problems that surface in contemporary end of life care Each case involved real people with varying goals and constraints who tried to make the best decisions possible under demanding conditions Though there were no easy solutions nor ones that satisfied all stakeholders there are important lessons to be learned about the ways end of life care can continue to improve This advanced casebook is a must read for medical and nursing students students in the allied health professions health communication scholars bioethicists those studying hospital and public administration as well as for practicing physicians and educators

Euthanasia Josef Kuře, 2011-09-15 No one really wants to die or do they From classical times to our post modern era of medical high tech societies have struggled with the thorny issue of euthanasia and what it entails Who shall be entitled to a good death and in what form shall it arrive This book provides the reader with insight and enlightenment on the medical philosophical social cultural and existential aspects of good death amid our digitized individualized and ageing society hampered by rising health care costs but unchained from one standardized level of care

Chronic Illness S. Kay Toombs, David Barnard, Ronald Alan Carson, 1995-07-22 excellent Choices Choice on Dying Newsletter Toombs Barnard and Carson have organized and edited a valuable series of papers that provide a rare perspective on the impact of chronic illness Beginning with the person who is experiencing the chronic condition they are able to weave an important blend of personal social and policy themes Choice This volume of collected essays is a solid contribution to the medical humanities literature on chronic illness the contributors have produced a cohesive systematic and sensitive examination of issues in chronic illness and disability Medical Humanities Review Although it may seem to be intended largely for health care providers this thought provoking volume has much that will interest a wider lay audience Medical and Health Annual An often moving exploration of the human moral and policy aspects of a health issue that affects each of us Through first person accounts and the perspectives of literature medicine philosophy and religion this book

explores what it means to live with chronic illness and the implications of this experience for social policy health care bioethics and the professions *Ethics by Committee* D. Micah Hester, 2008 *Ethics by Committee* was developed for tens of thousands of people across the United States who serve on hospital ethics committees HECs Experts in bioethics clinical consultation health law and social psychology from across the country have contributed chapters on ethics consultation education and policy development The chapters discuss important considerations for HEC members such as promoting just and ethical organizations developing cultural and spiritual awareness and preparing for the forces of group dynamics in committee discussions and consensus building No other book on the market offers the diversity of perspectives and topics while remaining focused clear and useful Book jacket **Is God Still at the Bedside?** Abigail Rian Evans, 2011 *Is God Still at the Bedside* by Abigail Rian Evans offers an expert interdisciplinary Christian perspective on the complex web of issues surrounding death and dying Evans here combines first person stories and interviews with research gathered from the medical theological legal ethical and pastoral disciplines Her comprehensive insightful work will not only benefit families struggling with difficult end of life decisions but also inform the doctors nurses and pastors who serve them Publisher

Life and Death Decisions Sheldon Ekland-Olson, 2014-11-12 Issues of Life and Death such as abortion assisted suicide capital punishment and others are among the most contentious in many societies Whose rights are protected How do these rights and protections change over time and who makes those decisions Based on the author's award winning and hugely popular undergraduate course at the University of Texas this book explores these questions and the fundamentally sociological processes which underlie the quest for morality and justice in human societies The Author's goal is not to advocate any particular moral high ground but to shed light on the social movements and social processes which are at the root of these seemingly personal moral questions Under 200 printed pages this slim paperback is priced and sized to be easily assigned in a variety of undergraduate courses that touch on the social bases underlying these contested and contentious issues *Principles and Practice of Forensic Psychiatry, Third Edition* Richard Rosner, Charles Scott, 2017-02-03 The third edition of this award winning textbook has been revised and thoroughly updated Building on the success of the previous editions it continues to address the history and practice of forensic psychiatry legal regulation of the practice of psychiatry forensic evaluation and treatment psychiatry in relation to civil law criminal law and family law as well as correctional forensic psychiatry New chapters address changes in the assessment and treatment of aggression and violence as well as psychological and neuroimaging assessments A Right to Die? Robert J. Cavalier, 2005 **Public Bioethics** James F. Childress, 2020 This book collects the most influential essays and articles by renowned ethicist James F Childress along with several new pieces It focuses on public bioethics bioethics as they relate to the shaping of public policy and public culture The book is divided into four sections which address issues of autonomy and paternalism the role of religious convictions and conscientious refusals in health care ethical practices in organ transplantation and the general terrain of

public health ethics **Cumulated Index Medicus** ,1994 1996 Healthcare Videodisc Directory Scott Alan Stewart,1996-05-01 Contains 229 interactive videodisc programs for medicine nursing allied health patient education and health promotion in 1996 Also includes a description of the various hardware systems and configurations used at the time

Military Medical Ethics, Volume 1 , **The Turn to Applied Ethics** European Society for Research in Ethics. Conference,Theodoor van Willigenburg,1993 Peeters 1993 **Determinants of Health: Theory, Understanding, Portrayal, Policy** Matthew J. Commers,2013-03-09 For decades health professionals have asserted the importance of public participation in interventions for health Medicine has pursued patient participation in clinical decision making In the public health realm target groups have been asked to assist in the design and implementation of initiatives for health In practice however patients and populations expect health professionals to give advice and in some cases to make decisions on their behalf This implies limits to the ideal of participation In this innovative work the author contrasts public and professional understandings of health and the best ways to achieve health The result is a model of lay participation in the structuring of medical and public health activity The book is unique due to its policy applicable quantitative studies and its theoretical analysis of works by Ren Dubos and Aaron Antonovsky It will be of value to professionals in health promotion health education medical anthropology and social epidemiology
