Right Honourable Gentleman Abubakar From The Black Rock:

Right Honourable Gentleman Clark,1994-08-04 A Right Honourable Gentleman Trevor Clark,1991-01 A narrative chronicle of the life and times of Nigeria s Alhaji Sir Abubakar Tafawa Balewa **Honour in African History** John Iliffe,2005 This is the first published account of the role played by ideas of honour in African history from the fourteenth century to the present day It argues that appreciation of these ideas is essential to an understanding of past and present African behaviour Before European conquest many African men cultivated heroic honour others admired the civic virtues of the patriarchal householder and women honoured one another for industry endurance and devotion to their families These values both conflicted and blended with Islamic and Christian teachings Colonial conquest fragmented heroic cultures but inherited ideas of honour found new expression in regimental loyalty respectability professionalism working class masculinity the changing gender relationships of the colonial order and the nationalist movements which overthrew that order Today the same inherited notions obstruct democracy inspire resistance to tyranny and motivate the defence of dignity in the face of AIDS **A History of Borno** Vincent Hiribarren,2017-02-17 Borno in northeast Nigeria is notorious today as the home of an Islamist terrorist group Boko Haram whose insurgency is a major security threat but it was once the heartland of the Kanuri speaking royal empire of Kanem Borno renowned throughout Africa and beyond which in its later incarnation the Bornu Empire lasted from 1380 to 1893 This book offers the reader the first modern history of Borno drawing upon sources in London Berlin Paris Kaduna and Maiduguri and recently released migrated archives As its longevity suggests what is particularly remarkable about Borno is the permanence of its boundaries its territorial integrity which dates back centuries and the political and social identities that such borders framed in the minds of its inhabitants **The Decline and Fall of the British Empire, 1781-1997** Piers Brendon,2010-02-09 A WASHINGTON POST BOOK WORLD NOTABLE BOOK After the American Revolution the British Empire appeared to be doomed Yet it grew to become the greatest most diverse empire the world had seen Then within a generation the mighty structure collapsed a rapid demise that left an array of dependencies and a contested legacy at best a sporting spirit a legal code and a near universal language at worst failed states and internecine strife The Decline and Fall of the British Empire covers a vast canvas which Brendon fills with vivid particulars from brief lives to telling anecdotes to comic episodes to symbolic moments Nigeria, Nationalism, and Writing History Toyin Falola,Saheed Aderinto,2010 The second half of the 20th century saw the publication of massive amounts of literature on Nigeria by Nigerian and non Nigerian historians This volume reflects on that literature focusing on those works by Nigerians in the context of the rise and the decline of African nationalist historiography Emirs in London Moses E. Ochonu,2022-04-05 Emirs in London recounts how Northern Nigerian Muslim aristocrats who traveled to Britain between 1920 and Nigerian independence in 1960 relayed that experience to the Northern Nigerian people Moses E Ochonu shows how rather than simply serving as puppets and mouthpieces of the British Empire these aristocrats leveraged their travel to

the heart of the empire to reinforce their positions as imperial cultural brokers and to translate and domesticate imperial modernity in a predominantly Muslim society

Emirs in London explores how through their experiences visiting the heart of the British Empire Northern Nigerian aristocrats were enabled to define themselves within the framework of the empire In doing so the book reveals a unique colonial sensibility that complements rather than contradicts the traditional perspectives of less privileged Africans toward colonialism

Emirs in London was named in the Brittle Paper 100 Notable African Books of 2022 list

Who Shall Enter Paradise? Shobana Shankar, 2014-10-15 Who Shall Enter Paradise recounts in detail the history of Christian Muslim engagement in a core area of sub Saharan Africa s most populous nation home to roughly equal numbers of Christians and Muslims It is a region today beset by religious violence in the course of which history has often been told in overly simplified or highly partisan terms This book reexamines conversion and religious identification not as fixed phenomena but as experiences shaped through cross cultural encounters experimentation collaboration protest and sympathy Shobana Shankar relates how Christian missions and African converts transformed religious practices and politics in Muslim Northern Nigeria during the colonial and early postcolonial periods Although the British colonial authorities prohibited Christian evangelism in Muslim areas and circumscribed missionary activities a combination of factors including Mahdist insurrection the abolition of slavery migrant labor and women s evangelism brought new converts to the faith By the 1930s however this organic growth of Christianity in the north had given way to an institutionalized culture based around medical facilities established in the Hausa emirates The end of World War II brought an influx of demobilized soldiers who integrated themselves into the local Christian communities and reinvigorated the practice of lay evangelism In the era of independence Muslim politicians consolidated their power by adopting many of the methods of missionaries and evangelists In the process many Christian men and formerly non Muslim communities converted to Islam A vital part of Northern Nigerian Christianity all but vanished becoming a religion of outsiders

Legitimacy and the State in Twentieth-Century Africa Terence Ranger, Olufemi Vaughan, 1993-06-15 This book takes as its theme the ways in which governments legitimate their rule both to themselves and to their subjects Its introduction explores legitimacy and pre colonial states but the three sections of the book deal with colonial legitimacy the question of legitimation in the transition from colonialism to majority rule and the contemporary debate about accountability

Nigeria Richard Bourne, 2015-10-15 If you want to understand Nigeria s history in one succinct go this is a very good choice Noo Saro Wiwa Known as the African Giant Nigeria s story is complex and often contradictory How despite the ravages of colonialism civil war ongoing economic disappointment and most recently the Boko Haram insurgency has the country managed to stay together for a hundred years Why despite an abundance of oil mineral and agricultural wealth have so many of its people remained in poverty These are the key questions explored by Richard Bourne in this remarkable and wide ranging account of Nigeria s history from its creation in 1914 to the historic 2015 elections and beyond Featuring a wealth of original research and interviews this is an essential insight into the

shaping of a country where despite the seemingly dashed optimism that was raised at independence there still remains hope the Nigeria project may still succeed **Religion and Global Politics** Sheriff Folarin, Olusola Ogunnubi, 2022-06-21

Religion and Global Politics Soft Power in Nigeria and Beyond examines the deployment of religious soft power in African states and the potential it has for transforming perceptions of the continent The contributors refocus the attention on religion away from the misery discourse of conflict and violence towards the domain of international relations diplomacy and foreign policy in Africa Through this shift the contributors analyze the ways in which religion has impacted the external relations of African states Religion and Global Politics introduces the theme of religion to the discourse of African international relations and politics to provide a thorough examination of religion's influence on politics in the daily lives of African people

O. Mbadiwe Hollis R. Lynch, 2012-05-03 This book offers a comprehensive political biography of Kingsley Ozuomba Mbadiwe 1915 1990 a central figure in Nigerian political history for more than forty years Starting in 1936 as a protégé of Nnamdi Azikiwe then Nigeria's most renowned nationalist Mbadiwe himself by the 1950s became a frontline nationalist And next to

Tafawa Balewa from the North who became Prime Minister in 1957 he was the most important figure in the Nigerian Federal Government between 1952 and Nigeria's first military coup in 1966. During this time he held a succession of important Cabinet positions and was Parliamentary Leader of the National Council of Nigeria and the Cameroons NCNC which was in a ruling alliance with the Northern People's Congress NPC. In contrast his older prominent political contemporaries Azikiwe of the Eastern Region Igbo Leader of the NCNC Obafemi Awolowo of the Western Region Yoruba Leader of the Action Group AG and Ahmadu Bello of the Northern Region Fulani Leader of the NPC all carved out their political careers totally or largely at the regional level. Throughout his political career Mbadiwe's focus was always at the national level. Truly it has been stated that Mbadiwe was one of the founding fathers of the Nigerian State. Nonetheless Mbadiwe's ambition for himself to lead Nigeria and for his nation to set it on the path to greatness faced insuperable difficulties. In a country of widespread poverty high illiteracy and a grossly underdeveloped private sector there were fierce ethnic and regional conflicts for the control of governments and resources leading to massive corruption and serious instability. This in turn led to prolonged military rule twenty years in Mbadiwe's lifetime which was often more corrupt and repressive than civilian rule and was bitterly deprecated by Mbadiwe.

Hubbard provides an in-depth examination of education in Nigeria under British colonial rule, placing it in its broader social and political context. He focuses on one of the most advanced schools in the Northern Provinces, Katsina College. Using information from government archives, he explores the major factors and government policies that shaped the College and colonial education in general. He reveals how colonial educators implemented these policies as well as African reactions to the educational system. Details concerning the kinds of subjects that were taught and characteristics of the student body are also included. Relevant for scholars of African history, this book provides new insights on the sociopolitical dynamics surrounding colonialism and the educational system that ultimately supported it.
