Rimbaud In New York 1978 79:

David Wojnarowicz Jim Lewis, David Wojnarowicz, 2004 Edited by Andrew Roth Essay by Jim Lewis "A Season in Hell" Jennifer L. Hardin, 2007 David Wojnarowicz 1954 1992 was an interdisciplinary artist who rejected traditional scholarship and was suspicious of institutions Wojnarowicz's Arthur Rimbaud in New York series 1978 79 is his earliest complete body of work In the series a friend wears the visage of the French symbolist poet My discussion of the photographs involves how they convey Wojnarowicz's notion of the city In chapter one I discuss Rimbaud's conception of the modern city and how Wojnarowicz evokes the figure of the flaneur in establishing a link with nineteenth century Paris In the final chapters I address the issue of the control of the city and an individual's right to the city In chapter two I draw a connection between the renovations of Paris by Baron George Eugene Haussman and the gentrification Wojnarowicz witnessed of the Lower East side Finally in chapter three I analyze the role that graffiti plays in the series *Rimbaud in New York 1978-79* David Wojnarowicz, 2004 Images from a series featuring a lone figure with the visage of the poet Arthur Rimbaud in seedy Manhattan locations *Women, the New York School, and Other True Abstractions* Maggie Nelson, 2007-12 Maggie Nelson provides the first extended consideration of the roles played by women in and around the New York School of poets from the 1950s to the present and offers unprecedented analyses of the work of Barbara Guest Bernadette Mayer Alice Notley Eileen Myles and abstract painter Joan Mitchell as well as a reconsideration of the work of many male New York School writers and artists from a feminist perspective *Art and Homosexuality* Christopher Reed, 2011-05-26 This bold globe spanning survey is the first book to thoroughly explore the radical long standing interdependence between art and homosexuality It draws examples from the full range of the Western tradition including classical Renaissance and contemporary art with special focus on the modern era It was in the modern period when arguments about homosexuality and the avant garde were especially public that our current conception of the artist and the homosexual began to take shape and almost as quickly to overlap Not a chronology of gay or lesbian artists the book is a fascinating and sophisticated account of the ways two conspicuous identities have fundamentally informed one another Art and Homosexuality discusses many of modernism's canonical figures painters like Courbet Picasso and Pollock writers like Whitman and Stein and issues such as the rise of abstraction the avant garde's relationship to its patrons and the political exploitation of art It shows that many of the core ideas that define modernism are nearly indecipherable without an understanding of the paired identities of artist and homosexual Illustrated with over 175 b w and color images that range from high to popular culture and from Ancient Greece to contemporary America Art and Homosexuality punctures the platitudes surrounding discussions of both aesthetics and sexual identity and takes our understanding of each in stimulating new directions **American Exposures** Louis Kaplan, 2005 American Exposures sheds light on photographs from Arthur Mole's propagandistic living photographs of American icons and symbols to the exploration of contemporary subcultural communities by the Korean born photographer

and performance artist Nikki Lee and asserts that the depiction of community is a central component to photography Louis Kaplan deploys a number of critical concepts and theories developed by Jean Luc Nancy in *The Inoperative Community* as well as other philosophers and applies them to the field of photography studies With an original approach to photography from Edward Steichen's *Family of Man* exhibition to Pedro Meyer and the rise of the digital image Kaplan points to a new way to think about the intimate relationship among photography American life and the artistic imagination Back cover A *Dictionary of the Avant-Gardes*, 2013-05-13 A *Dictionary of the Avant Gardes* recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture The Necropastoral Joyelle McSweeney, 2015 An exploration of poetry as an expression of biology Rimbaud in New York 1978-79 Roth Horowitz, 2004 The Poetics of Cruising Jack Parlett, 2022-02-15 A groundbreaking new history of urban cruising through the lenses of urban poets *The Poetics of Cruising* explores the relationship between cruising photography and the visual in the work of leading poets from Walt Whitman in the nineteenth century to Eileen Myles in the twenty first What is it that happens asks Jack Parlett and what is it that is sought in this often transient moment of perception we call cruising this perceptual arena where acts of looking between strangers are intensified and eroticized Parlett believes that this moment is not only optical in nature but visual a mode of looking that warrants comparison with the ways in which we behold still and moving images Whether it's Whitman's fixation with daguerreotypes Langston Hughes's hybrid photographic works or Frank O'Hara's love of Hollywood movie stars argues Parlett the history of poets cruising abounds with this intermingling between the verbal and the visual the passing and the fixed To look at someone in the act of cruising this history suggests is to capture consider and aestheticize amid the flux and instantaneity of urban time But it is also to reveal the ambivalence at the heart of this erotic search where power may be unevenly distributed across glances and gendered and racialized bodies are marked Thus in identifying for the first time this confluence of cruising poetry and visual culture Parlett concludes that the visual erotic economy associated with gay cruising today exemplified by the photographic grid of an app like Grindr is not a uniquely contemporary phenomenon Innovative astute and highly readable and drawing on compelling archival material *The Poetics of Cruising* is a must for scholars of queer and LGBTQ literature and culture modern and contemporary poetry visual studies and the history of sexuality *Searching for Sebald* Lise Patt, Christel Dillbohner, 2007 W G Sebald's books are sui generis hybrids of fiction travelogue autobiography and historical expos in which a narrator both Sebald and not Sebald comments on the quick blossoming of natural wonders and the long deaths that come of human atrocities All his narratives are punctuated with images murky photographs architectural plans engravings paintings newspaper clippings inserted into the prose without captions and often without obvious connection to the words that surround them This important volume includes a rare 1993 interview called *But the written word is not a true document* A *Conversation with W G Sebald about Photography and Literature* in which Sebald talks exclusively about his use of

photographs It contains some of Sebald's most illuminating and poetic remarks about the topic yet In it he discusses Barthes the photograph's appeal the childhood image of Kafka family photographs and even images he never used in his writings In addition Searching for Sebald positions Sebald within an art historical tradition that begins with the Surrealists continues through Joseph Beuys and blossoms in the recent work of Christian Boltanski and Gerhard Richter and tracks his continuing inspiration to artists such as Tacita Dean and Helen Mirra An international roster of artists and scholars unpacks the intricacies of his unique method Seventeen theoretical essays approach Sebald through the multiple filters of art history Krauss film studies Kluge cultural theory Benjamin psychoanalysis Freud and especially photographic history and theory Barthes Kracauer and 17 modern and contemporary art projects are read through a Sebaldian filter If Sebald's artistic output acts as a touchstone for new critical theory being written on post medium photographic practices Searching for Sebald suggests a model for new investigations in the burgeoning field of visual studies

Sidibe Stelarc Florine Stettheimer Kara Walker David Wojnarowicz **Hide/Seek** Jonathan D. Katz, David C. Ward, 2010-11-02 An entirely new interpretation of modern American portraiture based on the history of sexual difference Hide Seek Difference and Desire in American Portraiture companion volume to an exhibition of the same name at the National Portrait Gallery Smithsonian Institution traces the defining presence of same sex desire in American portraiture through a seductive selection of more than 140 full color illustrations drawings and portraits from leading American artists Arcing from the turn of the twentieth century through the emergence of the modern gay liberation movement in 1969 the tragedies of the AIDS epidemic and to the present Hide Seek openly considers what has long been suppressed or tacitly ignored even by the most progressive sectors of our society the influence of gay and lesbian artists in creating American modernism Hide Seek shows how questions of gender and sexual identity dramatically shaped the artistic practices of influential American artists such as Thomas Eakins Romaine Brooks Marsden Hartley Georgia O Keeffe Charles Demuth Jasper Johns Robert Rauschenberg Andrew Wyeth Andy Warhol Robert Mapplethorpe and many more in addition to artists of more recent works such as Felix Gonzalez Torres Glenn Ligon Catherine Opie and Cass Bird The authors argue that despite the late nineteenth century definition and legal codification of the homosexual in reality questions of sexuality always remained fluid and continually redefined by artists concerned with the act of portrayal In particular gay and lesbian artists of but not fully in the society they portrayed occupied a position of influential marginality from which vantage point they crafted innovative and revolutionary ways of painting portraits Their resistance to society's attempt to proscribe them forced them to develop new visual vocabularies by which to code disguise and thereby express their subjects identities and also their own Bringing together for the first time new scholarship in the history of American sexuality and new research in American portraiture Hide Seek charts the heretofore hidden impact of gay and lesbian artists on American art and portraiture and creates the basis for the necessary reassessment of the careers of major American artists both gay and straight as well as of portraiture itself *Cruising the Dead River* Fiona Anderson, 2019-10-14 In the 1970s Manhattan's west side waterfront was a forgotten zone of abandoned warehouses and piers Though many saw only blight the derelict neighborhood was alive with queer people forging new intimacies through cruising Alongside the piers sexual and social worlds artists produced work attesting to the radical transformations taking place in New York Artist and writer David Wojnarowicz was right in the heart of it documenting his experiences in journal entries poems photographs films and large scale site specific projects In *Cruising the Dead River* Fiona Anderson draws on Wojnarowicz's work to explore the key role the abandoned landscape played in this explosion of queer culture Anderson examines how the riverfront's ruined buildings assumed a powerful erotic role and gave the area a distinct identity By telling the story of the piers as gentrification swept New York and before the AIDS crisis Anderson unearths the buried histories of violence regeneration and LGBTQ activism that developed in and around the cruising scene Experimental Film and Queer Materiality Juan A. Suárez, 2024 Often described as an art of abstraction and

subjective introspection experimental film is also invested in exploring daily objects and materials and in channeling in the process a peculiar perception of the modern everyday that this book calls queer materiality Queer materiality designates the queer latency of modern material culture which often inspired queer artists and filmmakers to envision wayward bodies and behaviors and refers to the way in which sexual and social dissidence was embedded in the objects technologies substances and spaces that make up the hardware of experience This book studies a rich archive of queer material engagements in work by well known filmmakers such as Andy Warhol Barbara Hammer Carolee Schneemann and Jack Smith as well as under recognized figures such as Tom Chomont Jim Hubbard Ashley Hans Scheirl and Teo Hernández Combining history formal analysis and theoretical reflection author Juan A Suárez shows how plastics glitter mechanical ensembles urban ruins garbage amphetamine film grain and noise have been mobilized in the articulation of queerness for the screen Experimental Film and Queer Materiality is an inquiry into the liveliness of matter and into the interface between sexuality and the material world
