Ripples Geoffrey K. Watkins, 2002-05-10 Ripples is a collection of the most thought provoking and surprising essays from the long running newspaper column Have You Ever Wondered Written for busy adults who have never lost their childhood interest in the natural world each essay looks at some aspect of the familiar yet largely unconsidered world around us from the Earth to the stars and all points between but does it in a sprightly conversational and concise way Sound like fun It is Welcome Come on in join us and lets go exploring **The Ripple Effect** Clay Waters, 2012-09-10 No one sits down and plans on failing in life It happens though usually one decision at a time Neither do we drift toward success We move toward success and growth by intentionally making good decisions The Ripple Effect can help you identify the seven most important decisions of each day Like a pebble hitting the water creates a ripple effect each one of these daily decisions creates momentum in your life By improving the way you make decisions in these seven key areas you will improve your life You cant change your life for the better until you change the decisions you make each day *Lippincott's Monthly Magazine*, 1912

Perseverance Tim Hague, 2018-05-08 An inspiring story of beating the odds and learning to overcome no matter what life hands you After starting a family and flourishing in his career Tim Hague was struck by misfortune The irritating tremor in his foot turned out to be early onset Parkinson s disease He was only 46 years old But what seemed to be an end became a new beginning Just three years later Hague won the inaugural The Amazing Race Canada with his son Tim Jr as his teammate His remarkable life story shows that perseverance is not just a matter of willpower it is a skill that can be learned and honed And perseverance is the theme of his life From the day he was born Hague has gone from one struggle to another Yet remarkably he doesn t have a trace of self pity In fact he feels blessed From his tough start in life as an unwanted mixed race baby born in Texas in 1964 to his eventual move to the unforgiving climate of Winnipeg Canada to start a family under difficult circumstances and his continuing battle with Parkinson s Hague s life is a roadmap of perseverance Parkinson s has forced him to retire early from the work he loves as a registered nurse But as a healthcare professional and now suffering from a challenging disease himself Hague discusses living with Parkinson s like no one else could He now works with charities to help promote Parkinson s awareness and his Live Your Best message Drawing on his experience winning The Amazing Race and referencing cutting edge research and studies Hague weaves a moving story of failure and success outlining the elements of his philosophy that anyone can apply to their own lives including The nature of luck Luck comes to those who keep trying until the end never stop until the race is over Find community As a nurse a husband and father and a man living with Parkinson s Hague knows better than most that we all need to ask for help sometimes and that s a good thing Accept limits By focusing on what we can do we accomplish more than we ever thought possible Cease striving We think of striving as a positive attribute but all we end up doing is banging our heads against the wall Have goals but have fun Do not create anxiety out of nothing and maintain perspective Live Your Best No such thing as giving 110% can only do your best
