Rise And Fall Of The Soviet Threat Domestic Sources Of The Cold War Consensus

Kees Van Der Pijl

Rise And Fall Of The Soviet Threat Domestic Sources Of The Cold War Consensus:

The Rise and Fall of the Soviet Threat Alan Wolfe, 1984 Historical examination of the ideology of the Soviet threat and its place in U S politics Historical Dictionary of U.S. Diplomacy during the Cold War Martin Folly, 2014-11-13 This Historical Dictionary of U S Diplomacy during the Cold War offers readers a comprehensive accessible survey of the principal actors and events involved in the making of United States foreign policy during a crucial period in the nation s history The Cold War saw the United States acquire superpower status and to be closely involved in events around the globe Foreign policy became a central issue in domestic politics The confrontations with the Union of Soviet Socialist Republics and its allies and satellites and with the forces of international communism dominated U S interactions with the world throughout this period This book covers this turbulent period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on key persons policies events institutions and organizations along with issues such as the division of Germany after World War II the creation of the People s Republic of China European economic recovery communist movements in the third worlds decolonization the Vietnam War and the nuclear arms race This book is an excellent access point for students researchers and anyone wanting to know more about U S diplomacy during the cold war *Democracy's Think Tank* Brian S. Mueller, 2021-07-02 In Democracy s Think Tank Brian S Mueller places the Institute for Policy Studies IPS at the center of a network of activists involved in making the world safe for diversity Unlike defense intellectuals at the RAND Corporation and other think tanks responsible for formulating military strategy the peace intellectuals at IPS developed blueprints for an alternative to the U S led world order As the Iron Curtain fell across Eastern Europe a triumphalist Cold War narrative emerged proclaiming victory for freedom democracy and free enterprise over totalitarianism Yet for the peace intellectuals at IPS the occasion did not merit celebration Since its doors opened in 1963 IPS refused to embrace American exceptionalism and waged a battle against the Cold War and its liberal anti communist supporters As IPS founders Marcus Raskin and Richard Barnet saw it in the process of fighting communism and preserving the liberal capitalist order Cold War liberals had forsaken democracy Democracy s Think Tank tells the story of IPS s crusade to resurrect democracy at home and abroad Borrowing from populist progressive and New Left traditions IPS challenged elite expertise and sought to restore power to the people To this end IPS in the words of journalist I F Stone served as the institute for the rest of us Mueller tells the story of IPS s involvement in a broad range of grassroots campaigns aimed at ending the Cold War and increasing participatory democracy in the United States and across the globe Contemporary observers seeking an alternative to American empire in the twenty first century will find Democracy s Think Tank offers several possible paths toward a more democratic order **Understanding Soviet Society** Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary

Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamental institutions of Soviet society from work and social welfare to politics and the Party in order to provide an objective understanding of the social underpinnings of the Soviet System **Flood Planning** Jeroen Warner, 2011-02-28

Floods are amongst the most common and devastating natural disasters In the wake of such an event the pressure to initiate flood protection schemes that will provide security is enormous and politicians promise quick solutions in the national interest Jeroen Warner examines a number of such projects from around the world the Middle East South Asia and Western Europe aimed at the prevention of serious flooding Each provoked a level of controversy unforeseen by its initiators with the result that schemes were shelved were not completed or simply failed The author shows how such projects inevitably become politicized as different stakeholders seek to promote their interests **Class, States and International Relations** Adrian Budd, 2013-06-19

This book provides an outline and a critique of neo Gramscian international relations theory from a Marxist perspective Focusing on the pioneering work of Robert Cox but also drawing on the wider neo Gramscian literature this book presents a comprehensive account of neo Gramscian international relations theory It highlights the neo Gramscian critique of mainstream Realist theory and the theoretical innovations that resulted from the mobilisation of Gramsci's ideas and Cox's emphasis on the social forces underpinning forms of state and world orders The author explains how this is especially relevant in the current period of war and crisis when the international dimensions of social existence continue to exercise a major influence over domestic politics and economics and when the interest in Marxism can be expected to grow The book continues to provide a critique of the neo Gramscians and of what the author argues is their one sided reading of Gramsci Placing coercion at the centre of a mode of production analysis of world order the author elaborates a Marxist alternative to neo Gramscianism that provides more robust explanations of world order dynamics and change Using a combination of IR theory and historical explanation including of contemporary world order dynamics and US power this book will appeal to both students and scholars of International Relations international studies and international history **The Making of an**

Atlantic Ruling Class Kees Van Der Pijl, 2014-06-03 With The Making of an Atlantic Ruling Class Kees van der Pijl put class formation at the heart of our understanding of world politics and the global economy This landmark study dissects one of the most decisive phenomena of the twentieth century the rise of an Atlantic ruling class of multinational banks and corporations A new preface by the author evaluates the book's significance in the light of recent political and economic developments

Social Struggle and Civil Society in Nineteenth Century Cuba Richard E. Morris, 2023-03-19 This collection of research from Cuba scholars explores key conflicts episodes currents and tensions that helped shape Cuba as a modern independent nation Cuba in the nineteenth century was characterized by social struggle Slavery Spanish colonial rule and racial tension permeated every corner of Cuban life from urban dwelling to house of charity from sugarcane field to tobacco vega from

seaport to railway and furnished a lively spectacle for the privileged foreigner gazing upon Cuba from afar Chapters discuss topics including slavery gendered forced labor indentured labor agricultural economics industrial development newspaper and print culture and the origins of the Cuba Threat The volume links key aspects of Cuba s history such as social conflict and economic underdevelopment to present a detailed analysis of Cuban civil society in the 1800s Social Struggle and Civil Society in Nineteenth Century Cuba appeals to general readers and scholars in a range of disciplines including history women s studies economics architectural preservation media studies and literature **Trilateralism** Holly Sklar,1980 This is a classic work a highly readable wide ranging study of the Trilateral Commission and the worldwide strategies of Trilateralism It demystifies national and international events power propaganda and policy making from World War II through the sixties and seventies and into the eighties **State Magazine** ,1990 **State** ,1990 *The Nation* ,1981-07

Narrative and the Making of US National Security Ronald R. Krebs,2015-08-25 Dominant narratives from the Cold War consensus to the War on Terror have often served as the foundation for debates over national security Weaving current challenges past failures and triumphs and potential futures into a coherent tale with well defined characters and plot lines these narratives impart meaning to global events define the boundaries of legitimate politics and thereby shape national security policy However we know little about why or how such narratives rise and fall Drawing on insights from diverse fields *Narrative and the Making of US National Security* offers novel arguments about where these dominant narratives come from how they become dominant and when they collapse It evaluates these arguments carefully against evidence drawn from US debates over national security from the 1930s to the 2000s and shows how these narrative dynamics have shaped the policies pursued by the United States **U.S. Television News and Cold War Propaganda, 1947-1960** Nancy Bernhard,1999

How US government and media collaborated in their dissemination of Cold War propaganda **The Humanities and the Dynamics of Inclusion since World War II** David A. Hollinger,2006-04-14 The role played by the humanities in reconciling American diversity a diversity of both ideas and peoples is not always appreciated This volume of essays commissioned by the American Academy of Arts and Sciences examines that role in the half century after World War II when exceptional prosperity and population growth coupled with America s expanded political interaction with the world abroad presented American higher education with unprecedented challenges and opportunities The humanities proved to be the site for important efforts to incorporate groups and doctrines that had once been excluded from the American cultural conversation Edited and introduced by David Hollinger this volume explores the interaction between the humanities and demographic changes in the university including the link between external changes and the rise of new academic specializations in area and other interdisciplinary studies This volume analyzes the evolution of humanities disciplines and institutions examines the conditions and intellectual climate in which they operate and assesses the role and value of the humanities in society Contents John Guillory Who s Afraid of Marcel Proust The Failure of General Education in the American University Roger L

Geiger Demography and Curriculum The Humanities in American Higher Education from the 1950s through the 1980s Joan Shelley Rubin The Scholar and the World Academic Humanists and General Readers Martin Jay The Ambivalent Virtues of Mendacity How Europeans Taught Some of Us to Learn to Love the Lies of Politics James T Kloppenberg The Place of Value in a Culture of Facts Truth and Historicism Bruce Kuklick Philosophy and Inclusion in the United States 1929 2001 John T McGreevy Catholics Catholicism and the Humanities 1945 1985 Jonathan Scott Holloway The Black Scholar the Humanities and the Politics of Racial Knowledge Since 1945 Rosalind Rosenberg Women in the Humanities Taking Their Place Leila Zenderland American Studies and the Expansion of the Humanities David C Engerman The Ironies of the Iron Curtain The Cold War and the Rise of Russian Studies Andrew E Barshay What is Japan to Us Rolena Adorno Havana and Macondo The Humanities Side of U S Latin American Studies 1940 2000 American Studies Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 Orwell and the Politics of Despair Alok Rai, 1988 Drawing on a wide range of Orwell s writing Rai charts his progression from rebellion through reconciliation to despair

The Politics of Threat David H. Dunn, 2016-07-27 This work analyses the vulnerability of America s land based missile force to a pre emptive Soviet strike as an issue in US strategic and political debate It examines why the issue rose to prominence in the way it did in the 1970s and then fell away as a concern in the 1980s without being solved in the way it had been presented It details the way in which the issue was exploited for political and strategic purposes which were often at odds with a concern for this vulnerability **The Survival of the Adversary Culture** Paul Hollander, 1988-01-01 The Survival of the Adversary Culture shows that contrary to much popular and journalistic opinion the rejection of American society conceived during the 1960 s has not substantially declined but has taken root and endured despite surface changes These writings represent the insights and observations of an author who has long been a commentator and student of social scientists who have examined American institutions and social problems in comparative context USSR Report , 1981
