Rise And Fall Of British Coastal Resorts:

The Rise and Fall of British Coastal Resorts Gareth Shaw, Allan M. Williams, 1997 This is the first major interdisciplinary work to cover the nature of seaside tourism the history of the British seaside holiday its expansion and decline tourism entrepreneurs and central and local tourist policies

The British Seaside John K. Walton, 2000-11-18 This detailed academic cultural study looks at the rise and fall of the seaside holiday in Britain John K Walton offers a broad interpretation of the holidays and resorts looking at who went where they went what they did and how they were entertained

Power and Politics at the Seaside Nigel Morgan, Annette Pritchard, 1999 Power and politics at the seaside opens by locating tourism within the wider leisure experience addressing the seaside holiday as a historical and sociological phenomenon It examines the ability of the local state to shape resort development through advertising facility provision and transport policies The book contests that politics and power relations are central to the development of the modern seaside resort

Managing Coastal Tourism Resorts Sheela Agarwal, Gareth Shaw, 2007 Drawing on examples from a range of economies and environments this text develops a global perspective on the management issues facing coastal resorts The main management themes highlighted include the processes of restructuring and attempts to develop sustainable agendas

Since the Boom Sebastian Voigt, 2021-01-04 Marked by a period of massive structural change the 1970s in Europe saw the collapse of traditional manufacturing The essays in this collection question aspects of the narrative of decline and radical transformation

Resorts and Ports Peter Borsay, John K. Walton, 2011 Resorts and Ports draws together a group of case studies which for the first time explore the changing relationships between port and resort activities in a cross section of European maritime settings over three centuries The book will interest academics in tourism studies history geography and cultural studies as well as providing essential information and analysis for policy makers in coastal regeneration

Resort Destinations Bruce Prideaux, 2009 This book is a thorough overview of the key components functions and actions that shape the physical appearance operations market appeal and ultimate success of a tourist destination The book examines these issues with a specific emphasis on future sustainability in its broadest sense in a rapidly changing world where the future will be redefined in ways that are not yet obvious but which must be speculated on and planned for

Designing the Seaside Fred Gray, 2006 In Designing the Seaside Fred Gray provides a history of seaside architecture from the 18th century to the present day investigating leisure entertainment taste fashion and gender and shows how the seaside even became a hotbed for moral and sexual issues from the early use of bathing machines to twentieth century beauty pageants and naturist groups He relates the evolution of resort architecture to sweeping changes in how seaside nature was experienced and used by holidaymakers The book also traces the history of the coastal resort with examples ranging from Regency Sidmouth to Victorian Scarborough and early 20th century Morecambe as well as assessing seaside developments in the USA and Continental Europe from Coney Island and Santa Barbara to Nice and Trouville Featuring many colourful informative and

often entertaining photographs drawings guidebook illustrations postcards and publicity posters from resorts around the world Designing the Seaside is a thoroughly readable as well as a visually fascinating account of changing attitudes to holidaymaking and its setting **BOOK JACKET** *First Resorts* Jon Sterngass,2001-11-20 As the century progressed however Saratoga remained much the same while Newport turned to private and lavish cottages and Coney Island shifted its focus to amusements for the masses

Tourism and Tourism Spaces Gareth Shaw,Allan M Williams,2004-03-18 This is a critical introduction to the relations between tourism tourists and tourism spaces It fuses economic and cultural perspectives to explain how tourism is dependent on place and space while at the same time as defining those places and spaces Examining different levels of scale from local to global Tourism and Tourism Spaces is informed by the discussion of three key processes production and consumption of tourist spaces consumption and commodification of tourist experiences construction and reconstruction of tourist spaces Each chapter engages with different theoretical perspectives is illustrated with comparative examples and case studies uses tables boxes and figures throughout and concludes with a summary An integrated and systematic review of a range of theoretical positions that integrates economic and cultural Tourism and Tourism Spaces will be a key resource for students of geography sociology management studies hospitality studies and leisure studies Resort Spatiality Zelmarie Cantillon,2018-10-16 This book theorises resorts as distinct kinds of urban milieux capturing the complexity of destinations famous for sun sand and sex mass tourism Drawing on qualitative field research participant observation interviews and photography the book discusses examples from six international resort destinations spread across four continents the Gold Coast Australia Phuket and Koh Phangan Thailand Canc n Mexico Miami USA and Ibiza Spain The book reviews the material and symbolic production of lived spaces in these resorts considering the mutually constitutive mutually transformative relations between their spatial formations built environments popular imaginaries representations narratives of identity rhythms and the experiences and practices of both tourists and locals In doing so it argues for more nuanced ways of conceptualising tourism globalisation and spatiality reimagining how these phenomena unfold in lived spaces Taking a cultural studies approach to urban analysis the book demonstrates the value in embracing complexity fluidity partiality and uncertainty It will be of interest to students and researchers of tourism geography cultural studies development studies anthropology and sociology *The Economic Geography of the Tourist Industry* Keith G. Debbage,Dimitri Ioannides,1998-04-02 The Economic Geography of the Tourist Industry explains tourism s definitions and examines whether or not tourism can be conceptualized as an industry **The Tourism Area Life Cycle** Richard Butler,2006 Examining the tourism area life cycle TALC system in depth this book is divided into four sections the foundations of the TALC the TALC in heritage settings local involvement and the TALC and rejuvenation It subsequently concludes with a discussion on the TALC model in relation to sustainability **Tourism Policy and Planning Implementation** Konstantinos Andriotis,Dimitrios Stylidis,Adi Weidenfeld,2018-09-14 Policy and planning are particularly

important in tourism due to their multi faceted nature and the complexity of inter organisational relations and collaboration This book sheds light onto these interrelations through the critical review of tourism planning policies and their measurable outcomes Looking at a range of policies in a variety of countries at both micro and macro levels it considers both the failures and successes of implementing tourism policies and planning initiatives Policies discussed throughout include cross border tourism planning in post conflict destinations and sustainable tourism development This multidisciplinary volume furthers knowledge of the impacts of planning and policy implementation on tourism development both present and future Written by an international team of highly esteemed academics from some of the world s leading institutions this will be a valuable resource for students and researchers in tourism sociology geography development studies politics economics and management

Race, Place and the Seaside Daniel Burdsey, 2016-08-18 This is the first academic monograph to focus exclusively on issues of race ethnicity whiteness and multiculturalism at the English seaside The book calls for acknowledgement of the racialised nature of this environment and proposes that its distinctive spaces places traditions and narratives should be included within broader analyses of race in contemporary Britain Introducing the concept of coastal liquidity to explain shifting ethno racial demographics migratory politics and spatial dynamics at the edge of the sea along with the relative immobilities of the minority ethnic communities who move and reside there the author provides a relational exploration of seaside experiences both as a locus of racialised categorisation exclusion and subjugation and one of resistance conviviality and intercultural exchange Combining theoretical insight and empirical fieldwork the book disrupts dominant thinking that fixes ontologically minority ethnic bodies to urban spaces and overcomes their erasure and silencing from the seaside landscapes of the popular imagination

The Seaside, Health and the Environment in England and Wales since 1800 John Hassan, 2016-12-05 The seaside has always held a special position in British history as a place of rest relaxation and recuperation Over the last 200 years many have made their way to the coast attracted by the long sunshine hours the clean ozone charged air and the opportunities for bathing in and even drinking sea water Although the early health resort ideal began to give way to more pleasure orientated themes in the nineteenth century the seaside holiday was still regarded by many as a wholesome and invigorating break from inland urban life well into the twentieth century Yet with ever increasing numbers of visitors and rising levels of coastal pollution this was by no means a forgone conclusion The Seaside Health and the Environment in England and Wales since 1800 explores the ways in which English seaside resorts continually reinvented themselves to take account of contemporary trends in popular leisure and maintain their hold on the public s imagination Particular account is paid to the interwar years when new obsessions with outdoor activities such as sunbathing and tanning were purposefully adopted by the industry to define the modern image of the resort holiday For these and other reasons the seaside holiday reached new peaks of popularity in the 1930s and 1950s yet this very success placed enormous pressures on the environmental amenities that people came to enjoy As this work shows environmental stresses were manifold particularly

pollution of the resorts prime assets their beaches As such serious questions are raised concerning why it took such a long time for a determined effort to be made to reverse beach pollution and the lessons to be learned regarding the impact of negative images of the coast as a zone of danger and infection

The SAGE Handbook of Tourism Studies Tazim Jamal, Mike Robinson, 2009-06-18 The strongest overview I have encountered of the scope and the current state of research across all the fields involved in advancing our understanding of tourism For its range of topics depth of analyses and distinction of its contributors nothing is comparable Professor Dean MacCannell University of California Davis The breadth of vision and sweep of accounts is remarkable and range of topics laudable a rare combination of the authoritative the challenging and stimulating Professor Mike Crang Durham University Tourism studies developed as a sub branch of older disciplines in the social sciences such as anthropology sociology and economics and newer applied fields of study in hospitality management civil rights and transport studies This Handbook is a sign of the maturity of the field It provides an essential resource for teachers and students to determine the roots key issues and agenda of tourism studies exploring The evolution and position of tourism studies The relationship of tourism to culture The ecology and economics of tourism Special events and destination management Methodologies of study Tourism and transport Tourism and heritage Tourism and postcolonialism Global tourist business operations Ranging from local to global issues and from questions of management to the ethical dilemmas of tourism this is a comprehensive critically informed constructively organized overview of the field It draws together an inter disciplinary group of contributors who are among the most celebrated names in the field and will be quickly recognized as a landmark in the new and expanding field of tourism studies

New Directions in South African Tourism Geographies Jayne M. Rogerson, Gustav Visser, 2019-09-26 This book provides an overview of innovative and new directions being chartered in South African tourism geographies Within the context of global change the volume explores different facets and different geographies of tourism Key themes under scrutiny include the sharing economy the changing accommodation service sector touring poverty tourism and innovation tourism and climate change threats to sustainability inclusive tourism and a number of studies which challenge the present mindedness of much tourism geographical scholarship The 18 chapters range across urban and rural landscapes in South Africa with sectoral studies which include adventure tourism coastal tourism cruise tourism nature based tourism sports tourism and wine tourism Finally the volume raises a number of policy and planning issues in the global South in particular relating to sustainability local economic development and poverty reduction Outlining the impact of tourism expansion in South Africa and suggesting future research directions this stimulating book is a valuable resource for geographers as well as researchers and students in the field of tourism studies
