### **The Rise and Fall of a Great Nation**

John Gondeck, 2012-08-23 Nations have risen to power through their might and driven by greed they have held many people in bondage When the workforce was limited they bought and sold slaves Slavery is still taking place on the continent of Africa and no one is there protesting Politics It is all about politics and the political game that is being played out in the greatest nation that the world has ever known could be its demise We will examine the foundation that was laid by those who came from Great Britain and with only thirteen colonies became the ruler of the seas and skies with an army that is unmatched anywhere Politics Yes politics played by men and women desiring power and wealth have brought us the very brink of collapse as they tend to forget who it was that gave so much to so few in the beginning Thousands upon thousands have given their lives for the freedoms that we have in this land and yet there are many who do not care preferring a socialist form of government But there is still hope for a failing nation

study of it This book fills this gap Syrian nationalism and nationalist movements generally speaking have been largely neglected and ignored by historians scholars and observers of the Middle East So too has the SSNP The lack of detailed and nuanced analyses has left significant gaps in the party s rich history unaddressed and enabled the perpetuation of inaccuracies and misperceptions regarding its past Given this and the party s ongoing relevance in Lebanon and Syria a thorough examination of the early history of the SSNP the political organization and movement that embodied Syrian nationalism s most explicit most cogent expression is even more necessary Based on an extensive and thorough examination of Arabic French and English primary sources the monograph is the first comprehensive systematic history of the SSNP to date detailing its struggle to fulfill its nationalist vision and establish a secular independent state in Greater Syria through a thorough analysis of its formation evolution and political activities in Lebanon and Syria
