

THE RISE & FALL OF THE LABOUR LEFT

James G. Thompson

Rise And Fall Of The Labour Left

Martin Holmes

Rise And Fall Of The Labour Left:

The Rise and Fall of the Labour Left Patrick Seyd, 1987 **The Socialist Ideas of the British Left's Alternative Economic Strategy** Baris Tufekci, 2019-11-30 This book provides the first book length study of the political and economic ideas of the British left's Alternative Economic Strategy in the 1970s and early 1980s. Discussing the AES's approaches to capitalism, the nation state and the working class, it argues that existing academic accounts have significantly overstated the radicalism of the strategy. Perhaps more notable especially in the light of its stated revolutionary aims was the extent of its moderation, its continuities with post-war Labour revisionism, its marked reluctance to look beyond the market economy, the degree of its preoccupation with Britain's global economic status and its inability to break with Labourist politics of class co-operation in the national interest. While the book argues that the AES was the last class politics socialist initiative in mainstream British politics, it also explores the ways in which its ideas perhaps prepared the way for New Labour in the 1990s and its relationship with Corbynism since 2015.

Hammer of the Left John Golding, 2016-02-16 We went into the general election with an unelectable leader in a state of chaos with a manifesto that might have swept us to victory in cloud cuckoo land but which was held in contempt in the Britain of 1983. It is said that those who do not learn from past mistakes are doomed to repeat them and though Golding was describing the Labour Party of the early 1980s, he could just as easily have been talking about its situation today. A lurch to the left and a party in turmoil, the ascension of Jeremy Corbyn as Labour leader will for many trigger only unhappy memories of the dark days of the 1970s and 80s when the party was plagued by a civil war that threatened to end all hopes of re-election. In that battle, moderate elements fought the illiberal hard left for the soul of Labour, but they won, paving the way for later electoral successes. As down to men and women like John Golding. In this visceral, no-holds-barred account, Golding describes how he took on and helped defeat the Militant Tendency and the rest of the hard left, providing not only a vivid portrait of political intrigue and warfare but a timely reminder for the party of today of the dangers of disunity and of drifting too far from electoral reality.

A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996. Containing over 25,000 entries, this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century. Accessibly arranged by theme, with helpful introductions to each chapter, a huge range of topics is covered. There is a comprehensive index.

The Spirit of '68 Gerd-Rainer Horn, 2008-10-02 In virtually all corners of the Western world, 1968 witnessed a highly unusual sequence of popular rebellions. In Italy, France, Spain, Vietnam, the United States, West Germany, Czechoslovakia, Mexico, and elsewhere, millions of individuals took matters into their own hands to counter imperialism, capitalism, autocracy, bureaucracy, and all forms of hierarchical thinking. Recent reinterpretations have sought to play down any real challenge to the socio-political status quo in these events, but Gerd Rainer Horn's book offers a spirited counterblast. In 1968, he argues, opened up the possibility that economic and political elites on both sides of the Iron

Curtain could be toppled from their position of unnatural superiority to make way for a new society where everyday people could for the first time become masters of their own destiny Furthermore Horn contends the moment of crisis and opportunity culminating in 1968 must be seen as part of a larger period of experimentation and revolt The ten years between 1956 and 1966 characterised above all by the flourishing of iconoclastic cultural rebellions can be regarded as a preparatory period which set the stage for the non conformist cum political revolts of the subsequent red decade 1966 1976 Horn s geographic centres of attention are Western Europe including the first full examination of Mediterranean revolts and North America He placed particular emphasis on cultural nonconformity the student movement working class rebellions the changing contours of the Left and the meaning of participatory democracy His book will make fascinating reading for anyone interested in this turbulent period and the fundamental changes that were wrought upon societies either side of the Atlantic

The British left and the defence economy Keith Mc Loughlin,2022-03-29 Forty years before COVID 19 socialists in Britain campaigned for workers to have the right to make socially useful products from hospital equipment to sustain the NHS to affordable heating systems for the impoverished elderly This movement held one thing responsible above all else for the nation s problems the burden of defence spending In the middle of the Cold War the left put a direct challenge to the defence industry the Labour government and trade unions The response it received revealed much about a military industrial state that prioritised the making and exporting of arms for political favour and profit Looking at peace activism from the early 1970s to Labour s landslide defeat in the 1983 general election this book examines the conflict over the cost of Britain s commitment to the Cold War and asserts that the wider left presented a comprehensive and implementable alternative to the stark choice between making weapons and joining the dole queue

Longman Companion to Britain Since 1945 Chris Cook,John Stevenson,2014-09-09 This timely new edition of the Longman Companion to Britain since 1945 compiled by the series editors themselves provides a wide ranging compendium of key facts and figures on British history from the start of the landmark Attlee government in 1945 to the final years of the 1990s The book embraces all major aspects of British history government and society reflecting the massive social political and economic changes that have transformed the face of Britain since the end of the Second World War Fully revised and updated this new edition covers the advent of Tony Blair the electoral victory of New Labour in 1997 and the major constitutional changes currently underway in Britain This book will be invaluable to anyone interested in the history and politics of post war Britain from students and teachers to party activists and lovers of reader friendly reference books

Longman Handbook to Modern British History 1714 - 2001 Chris Cook,John Stevenson,2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s The Longman Handbook of Modern British History has been extended to include a fully revised bibliography reflecting the wealth of newly published material in recent years the new statistics on social and economic history and an expanded glossary of terms The

political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office Designed for the student and general reader this highly successful handbook provides a wealth of varied data within the confines of a single volume The Winter of Discontent Tara Martin López,2014-07-24 A reassessment of the myth of the British Winter of Discontent 1978 79 from the perspective of those involved in particular grassroots activists and the growing number of female activists *The Rise and Fall of Citizenship* Bryan S. Turner,2023-10-13 The Rise and Fall of Citizenship brings together many of Turner's publications on the topic of citizenship and includes three new chapters reflecting upon conceptions of citizenship today The collection begins with a newly written overview of the rise of social citizenship with particular reference to the UK and the US from 1945 to the 1980s which charts the experiences of the Baby Boomers that benefited from the creation of welfare states post war reconstruction and the commitment to full employment The core chapters are based on previously published articles primarily from Taylor Francis Citizenship Studies journal These chapters examine and critique various sociological and political theories of citizenship and social rights as expounded in the works of R H Tawney J M Keynes T H Marshall Ralf Dahrendorf Judith Shklar Peter Townsend Bernard Crick and Jürgen Habermas among others Later chapters bring the concept of citizenship up to date Since the 1980s the UK and the US have been radically altered by neoliberal economic policies involving the deindustrialization of capitalism and an emphasis on financial institutions which have given rise to new patterns of inequality and changing labour markets In describing where we are now Turner argues that new forms of employment instability and uncertainty are captured by the idea of the precariat and that citizens now experience their social world as if they were denizens Turner also considers the impact of demographic changes and increased immigration widely opposed by populist parties on conceptions of citizenship Migration and membership are also examined with reference to issues of dual citizenship permanent residence and citizenship for cash The final chapter considers the ongoing relevance of the ancient law of hospitality positing how the migrant can be considered as an asset rather than a threat This wide ranging and thought provoking collection will be of interest to scholars and students in the humanities and social sciences with a focus on citizenship and rights **Fightback!** Dianne Hayter,2024-07-30 This book tells the story of how the moderate right in the Labour Party trumped by the left for a decade and weakened by defections to the SDP in 1981 fought back organisationally to regain control of the party by 1985 producing an NEC supportive of Neil Kinnock and ready to expel Militant introduce One Member One Vote and return the party to electability It describes the Manifesto Group of Labour MPs Labour Solidarity Forward Labour and the all important but secret St Ermins Group of senior trade unionists each of which strove to ensure that the party represented Labour voters and trade union members Written by an insider it draws on extensive interviews with all the key players and unique access to private papers and closed archives to explain how the moderates triumphed over the hard left Thatcherism Martin Holmes,1989-07-06 This book examines the pace of change and the nature of the Thatcherite revolution 1983 87 It draws on 30 interviews with ministers

and officials and offers a critique of existing theories of Thatcherism The author assesses the progress of opposition to and future of policy

Voices of the UK Left Judi Atkins, John Gaffney, 2017-08-10 This book brings together a team of specialists to explore why some left wing politicians are able to communicate their message effectively whereas others struggle to connect with the public To address this question it analyses the rhetoric and narratives employed by figures from British and Welsh Labour the Green Party the Scottish National Party and the radical left as well as the anti austerity movement In doing so the collection offers insights into why the performances of political actors such as Carwyn Jones and Nicola Sturgeon resonate with a wide audience whereas some like Jeremy Corbyn have limited appeal beyond the party faithful The volume provides an accessible examination of the language and ideas of the UK left while offering a novel perspective on the challenges currently facing the Labour Party It will therefore appeal to a wide readership including scholars and students of rhetoric ideology political leadership and British politics

Culture Wars James Curran, Ivor Gaber, Julian Petley, 2018-07-11 Culture Wars investigates the relationship between the media and politics in Britain today It focusses on how significant sections of the national press have represented and distorted the policies of the Labour Party and particularly its left from the Thatcher era up to and including Ed Miliband's and Jeremy Corbyn's leaderships Revised and updated including five brand new chapters this second edition shows how press hostility to the left particularly newspaper coverage of its policies on race gender and sexuality has morphed into a more generalised campaign against political correctness the liberal elite and the so called enemies of the people Combining fine grained case studies with authoritative overviews of recent British political and media history Culture Wars demonstrates how much of the press have routinely attacked Labour and in so doing have abused their political power distorted public debate and negatively impacted the news agendas of public service broadcasters The book also raises the intriguing question of whether the rise of social media and the success of its initial exploitation by Corbyn supporters followed by Labour as a whole in the 2017 General Election represent a major shift in the balance of power between Labour and the media and in particular the right wing press Culture Wars will be of considerable interest to students and researchers in the fields of media politics and contemporary British history and will also attract those with a more general interest in current affairs in the UK

One Hundred Years of Socialism Donald Sassoon, 2010-07-30 On 14 July 1889 the centenary of the French Revolution socialist parties from all corners of Europe met in Paris On the same day in the same city the Exposition Universelle was launched to mark the achievements of capitalist production The two events symbolized the beginning of the epic struggle between socialism and capitalism in Europe In this comprehensive study of a century of socialism the author traces the fortunes of the political parties of the Left in Western Europe From the rise of the Bolsheviks to the fall of the Berlin wall from the Second International through two world wars to the Cold War and the birth of the welfare state from the working class militancy and student uprisings of the 1960s through the revival of feminism and the arrival of green politics to the reluctant embrace of

market economics en route to the millennium Donald Sassoon charts the course of socialism across 14 countries He shows that throughout their history the fortunes of socialism and capitalism have been inextricably linked They have grown up side by side each one challenging and seeking to destroy yet nourishing and shaping the other

Gay Men and the Left in Post-war Britain Lucy Robinson, 2013-07-19 Available in paperback for the first time his book demonstrates how the personal became political in post war Britain and argues that attention to gay activism can help us to fundamentally rethink the nature of post war politics While the Left were fighting among themselves and the reformists were struggling with the limits of law reform gay men started organising for themselves first individually within existing organisations and later rejecting formal political structures altogether Culture performance and identity took over from economics and class struggle as gay men worked to change the world through the politics of sexuality Throughout the post war years the new cult of the teenager in the 1950s CND and the counter culture of the 1960s gay liberation feminism the Punk movement and the miners strike of 1984 all helped to build a politics of identity There is an assumption among many of today s politicians that young people are apathetic and disengaged This book argues that these politicians are looking in the wrong place People now feel that they can impact the world through the way in which they live shop have sex and organise their private lives Robinson shows that gay men and their politics have been central to this change in the post war world

Rethinking Labour's Past Nathan Yeowell, 2022-01-13 The Labour Party after Jeremy Corbyn is charting a new direction Here Nathan Yeowell has brought together a remarkable array of contributors to provide expert insight into twentieth century British history and Labour politics and how they might shape thinking about Labour s future Reframing the span of Labour history and its effects on contemporary British politics the book provides fresh thinking and analysis of various traditions themes and individuals These include the shifting significance of 1945 the need for more grounded interpretations of Tony Blair s legacy and the enduring importance of place identity and aspiration to the evolution of the party Contributions from leading historians such as Patrick Diamond Steven Fielding Ben Jackson Glen O Hara and Florence Sutcliffe Braithwaite are supplemented by those with experience of Labour electoral politics such as Rachel Reeves and Nick Thomas Symonds The result is an intellectually rich and politically relevant roadmap for Labour s future

Class, Politics, and the Decline of Deference in England, 1968-2000 Florence Sutcliffe-Braithwaite, 2018 In late twentieth century England inequality was rocketing yet some have suggested that the politics of class was declining in significance while others argue that class identities lost little power Neither interpretation is satisfactory class remained important to ordinary people s narratives about social change and their own identities throughout the period 1968 2000 but in changing ways Using self narratives drawn from a wide range of sources the raw materials of sociological studies transcripts from oral history projects Mass Observation and autobiography the book examines class identities and narratives of social change between 1968 and 2000 showing that by the end of the period class was often seen as an historical identity related to background and heritage and that many felt strict class

boundaries had blurred quite profoundly since 1945 Class snobberies went underground as many people from all backgrounds began to assert that what was important was authenticity individuality and ordinariness In fact Sutcliffe Braithwaite argues that it is more useful to understand the cultural changes of these years through the lens of the decline of deference which transformed people s attitudes towards class and towards politics The study also examines the claim that Thatcher and New Labour wrote class out of politics arguing that this simple and highly political narrative misses important points Thatcher was driven by political ideology and necessity to try to dismiss the importance of class while the New Labour project was good at listening to voters particularly swing voters in marginal seats and echoing back what they were increasingly saying about the blurring of class lines and the importance of ordinariness But this did not add up to an abandonment of a majoritarian project as New Labour reoriented their political project to emphasize using the state to empower the individual

London, 1984 Stephen Brooke, 2024-01-22 In London in 1984 two very different cities came into conflict one rooted in radical politics and the other shaped by Margaret Thatcher and the Conservative government This was a city poised between two eras and identities remoulded in conflicting ways by social democracy and neoliberalism Using a wide array of sources many of which have never been used before *London 1984* explores the radical history of the capital in this tumultuous era from a major anti apartheid march in central London to an alternative childcare centre in Dalston from a protest staged on the Thames against Docklands development to tensions on housing estates in the East End and Tottenham around racial violence and policing from a raid on a gay bookshop in Bloomsbury to the Greater London Council s attempt to build a challenge to Thatcherism from County Hall Lambeth and from controversial and well known historical actors such as Ken Livingstone and Margaret Thatcher to the compelling stories of numerous less famous Londoners who also sought to influence the shape and nature of their city This is a story of struggles within the corridors of power but it is also one of those on the ground waged through popular culture and activism and in daily life In so doing *London 1984* offers a panoramic timely and revealing portrait of the city in a pivotal decade in its modern history These years saw deep problems of racial violence policing and poverty as well as other controversies and struggles over feminism gay and lesbian rights anti racism jobs and economic strategy neoliberalism and the nature of the state and global issues such as Apartheid nuclear weapons and Northern Ireland Across these and the stories of those who lived shaped and fought them we see the roots of London and Britain today

Crossing the floor Geoff Horn, 2016-05-16 Reg Prentice remains the most high profile politician to cross the floor of the House of Commons in the post war period His defection reflected an important sea change in British politics the end of the post war consensus and the beginnings of the Thatcher era This book examines the key events surrounding Prentice s transition from a front line Labour politician to a Conservative minister in the first Thatcher government It focuses on the shifting political climate in Britain during the 1970s as the post war settlement came under pressure from adverse economic conditions militant trade unionism and an assertive New Left Prentice s story provides an important case study on

the crisis that afflicted social democracy highlighting Labour's left-right divide and the possibility of a realignment of British politics. This study will be invaluable to anyone interested in the turbulent and transitional nature of British politics during a watershed period.

Yeah, reviewing a book **Rise And Fall Of The Labour Left** could be credited with your near links listings. This is just one of the solutions for you to be successful. As understood, carrying out does not suggest that you have astounding points.

Rise And Fall Of The Labour Left Introduction

Rise And Fall Of The Labour Left Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Rise And Fall Of The Labour Left Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Rise And Fall Of The Labour Left : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Rise And Fall Of The Labour Left : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Rise And Fall Of The Labour Left Offers a diverse range of free eBooks across various genres. Rise And Fall Of The Labour Left Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Rise And Fall Of The Labour Left Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Rise And Fall Of The Labour Left, especially related to Rise And Fall Of The Labour Left, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Rise And Fall Of The Labour Left, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Rise And Fall Of The Labour Left books or magazines might include. Look for these in online stores or libraries. Remember that while Rise And Fall Of The Labour Left, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Rise And Fall Of The Labour Left eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Rise And Fall Of The Labour Left full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rise And Fall Of The Labour Left eBooks, including some popular titles.

FAQs About Rise And Fall Of The Labour Left Books

What is a Rise And Fall Of The Labour Left PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rise And Fall Of The Labour Left PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rise And Fall Of The Labour Left PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rise And Fall Of The Labour Left PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rise And Fall Of The Labour Left PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
