Rise Of Christianity A Sociologist Reconsiders History

Andrew Eungi Kim

Rise Of Christianity A Sociologist Reconsiders History:

The Rise of Christianity Rodney Stark,1996-06-02 Rodney Stark a sociologist by training has written a book that should end much of the Christian bashing occurring in academia Stark demonstrates that Christianity became popular very quickly because it offered its adherents a better faith than competing religions and treated those believers better both physically and spiritually

The Rise of Christianity Rodney Stark,2020-06-16 A landmark reinterpretation of why Christianity became the dominant faith of the West The idea that Christianity started as a clandestine movement among the poor is a widely accepted notion Yet it is one of many myths that must be discarded if we are to understand just how a tiny messianic movement on the edge of the Roman Empire became the dominant faith of Western civilization In a fast paced highly readable book that addresses beliefs as well as historical facts Rodney Stark brings a sociologist s perspective to bear on the puzzle behind the success of early Christianity He comes equipped not only with the logic and methods of social science but also with insights gathered firsthand into why people convert and how new religious groups recruit members He digs deep into the historical evidence on many issues such as the social background of converts the mission to the Jews the status of women in the church the role of martyrdom to provide a vivid and unconventional account of early Christianity The author plots the most plausible curve of Christian growth from the year 40 to 300 By the time of Constantine Christianity had become a considerable force with growth patterns very similar to those of modern day successful religious movements An unusual number of Christian converts for example came from the educated cosmopolitan classes Because it offered a new perspective on familiar concepts and was not linked to ethnicity Christianity had a large following among persons seeking to assimilate into the dominant culture mainly Hellenized Jews The oversupply of women in Christian communities due partly to the respect and protection they received led to intermarriages with pagans hence more conversions and to a high fertility rate Stark points out too the role played by selflessness and faith Amidst the epidemics fires and other disasters that beleaguered Greco Roman cities Christian communities were a stronghold of mutual aid which resulted in a survival rate far greater than that of the pagans In the meantime voluntary martyrdom especially a generation after the death of Christ reinforced the commitment of the Christian rank and file What Stark ultimately offers is a multifaceted portrait of early Christianity one that appeals to practical reasoning historical curiosity and personal reflection

Religious Diversity in Late Antiquity David Morton Gwynn,Susanne Bangert,2010 This volume in the ongoing Late Antique Archaeology series draws on material and textual evidence to explore the diverse religious world of Late Antiquity Subjects include Jews and Samaritans orthodoxy and heresy pilgrimage stylites magic the sacred and the secular

Rethinking "Gnosticism" Michael Allen Williams,1999-04-12 Most anyone interested in such topics as creation mythology Jungian theory or the idea of secret teachings in ancient Judaism and Christianity has found gnosticism compelling Yet the term gnosticism which often connotes a single rebellious movement against the prevailing religions of late antiquity gives the false impression of a monolithic

religious phenomenon Here Michael Williams challenges the validity of the widely invoked category of ancient gnosticism and the ways it has been described Presenting such famous writings and movements as the Apocryphon of John and Valentinian Christianity Williams uncovers the similarities and differences among some major traditions widely categorized as gnostic He provides an eloquent systematic argument for a more accurate way to discuss these interpretive approaches The modern construct gnosticism is not justified by any ancient self definition and many of the most commonly cited religious features that supposedly define gnosticism phenomenologically turn out to be questionable Exploring the sample sets of gnostic teachings Williams refutes generalizations concerning asceticism and libertinism attitudes toward the body and the created world and alleged features of protest parasitism and elitism He sketches a fresh model for understanding ancient innovations on more mainstream Judaism and Christianity a model that is informed by modern research on dynamics in new religious movements and is freed from the false stereotypes from which the category gnosticism has been constructed

The Roman World 44 BC-AD 180 Martin Goodman,2013-06-17 The Roman World 44 BC AD 180 deals with the transformation of the Mediterranean regions northern Europe and the Near East by the military autocrats who ruled Rome during this period The book traces the impact of imperial politics on life in the city of Rome itself and in the rest of the empire arguing that despite long periods of apparent peace this was a society controlled as much by fear of state violence as by consent Martin Goodman examines the reliance of Roman emperors on a huge military establishment and the threat of force He analyses the extent to which the empire functioned as a single political economic and cultural unit and discusses region by region how much the various indigenous cultures and societies were affected by Roman rule The book has a long section devoted to the momentous religious changes in this period which witnessed the popularity and spread of a series of elective cults and the emergence of rabbinic Judaism and Christianity from the complex world of first century Judaea This book provides a critical assessment of the significance of Roman rule for inhabitants of the empire and introduces readers to many of the main issues currently faced by historians of the early empire This new edition incorporating the finds of recent scholarship includes a fuller narrative history expanded sections on the history of women and slaves and on cultural life in the city of Rome many new illustrations an updated section of bibliographical notes and other improvements designed to make the volume as useful as possible to students as well as the general reader

The SAGE Handbook of the Sociology of Religion James A Beckford,Jay Demerath,2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a

valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

Cultural Counterfeits Jen Oshman, 2022-03-03 Jen Oshman Helps Women Reject Idols and Discover God s Good Purpose for Their Lives In today s culture women and girls are influenced by idols that promise purpose and meaning for their lives outward beauty and ability sex abortion and gender fluidity Christian women aren t exempt from these temptations either and can even elevate good things like marriage and motherhood to the status of idolatry Women may sense that these idols are hollow and leave them feeling unsettled but where should they turn instead In Cultural Counterfeits Jen Oshman encourages women to reject the empty destructive promises these idols offer and embrace something much more satisfying She casts a vision for women to experience real hope and peace in Jesus calling them to recognize their unshakable and eternal identities in him This timely and compelling resource will help women find freedom and joy as they explore God s good design and purpose for their lives Culturally Relevant Addresses current topics such as the MeToo movement LGBTQIA social media and feminism Explains How We Got Here Gives a brief history of the sexual revolution up to today Written by Jen Oshman Author of Enough about Me Find Lasting Joy in the Age of Self For Group or Individual Study Includes discussion questions at the end of each chapter

Deep History, Secular Theory Luther Martin, 2014-05-21 Over the course of his career Luther H Martin has primarily produced articles rather than monographs This approach to publication has given him the opportunity to experiment with different methodological approaches to an academic study of religion with updates to and different interpretations of his field of historical specialization namely Hellenistic religions the subject of his only monograph 1987 The contents of this collected volume represent Martin s shift from comparative studies to socio political studies to scientific studies of religion and especially to the cognitive science of religion He currently considers the latter to be the most

viable approach for a scientific study of religion within the academic context of a modern research university The twenty five contributions collected in this volume are selected from over one hundred essays articles and book chapters published over a long and industrious career and are representative of Martin s work over the past two decades

The First Christian Communities, 32 - 380 CE Joyce E. Salisbury, 2023-11-24 This concise history of how the Christian Church grew between 32 and 380 focuses on the anonymous Christians who formed diverse congregations as they guided their communities through the age of the Apostles violent martyrdoms and to the establishment of the Roman Church Readers will understand why people converted to Christianity in the first three centuries and learn about the rich diversity of the early church as people interpreted the new religion in different ways This book explores how Christian interactions with the Roman empire led to violent persecutions and martyrdoms and eventually the fourth century establishment of the top down Roman Church Readers also become familiar with Christian texts during this period some became Scripture and some were rejected but all were written to make sense of the Jewish and Christian experience in the Roman Empire These written memories shaped the future of the church It also explores how early Christian lives were shaped by the religious rituals and preaching of their new and changing faith In addition maps illustrations and charts of Christian texts help tell this fascinating story The First Christian Communities 32 380 CE is an accessible and valuable resource suitable for students working on Christian history and Roman and Late Antique social political and religious history as well as general readers who are interested in the origins of Christianity

Words Ernst van den Hemel, Asja Szafraniec, 2016-06-15 It is said that words are like people One can encounter them daily yet never come to know their true selves This volume examines what words are how they exist in religious phenomena Going beyond the common idea that language merely describes states of mind beliefs and intentions the book looks at words in their performative and material specificity The contributions in the volume develop the insight that our implicit assumptions about what language does guide the way we understand and experience religious phenomena They also explore the possibility that insights about the particular status of religious utterances may in turn influence the way we think about words in our language

The Cambridge Ancient History: Volume 12, The Crisis of Empire, AD 193-337 Iorwerth Eiddon Stephen Edwards, Alan Bowman, Peter Garnsey, Averil Cameron, 1970 Authoritative history of the Roman Empire during a critical period in Mediterranean history

The Chosen Few Maristella Botticini, Zvi Eckstein, 2012-08-05 How the Jewish people went from farmers to merchants In 70 CE the Jews were an agrarian and illiterate people living mostly in the Land of Israel and Mesopotamia By 1492 the Jewish people had become a small group of literate urbanites specializing in crafts trade moneylending and medicine in hundreds of places across the Old World from Seville to Mangalore What caused this radical change The Chosen Few presents a new answer to this question by applying the lens of economic analysis to the key facts of fifteen formative centuries of Jewish history Maristella Botticini and Zvi Eckstein offer a powerful new explanation of one of the most significant transformations in Jewish history while also providing fresh insights into the

growing debate about the social and economic impact of religion The Rise of Protestantism in Modern Korea Andrew Eungi Kim, 2022-11-09 Combining sociological historical and comparative approaches this book examines one of the most striking aspects of South Korea specifically the emergence of Protestant Christianity as the largest contemporary religion in the country What is extraordinary about the religion's success is that its growth has been achieved in 130 years since 1884 and that it took place in a country with a rich oriental tradition replete with shamanism Taoism Buddhism and Confucianism The text critically demonstrates the socio anthropological perspective of the Korean Peninsula making it a great resource for scholars and students of sociology contemporary culture history religion colonialism and geopolitics **The Cambridge**

History of Early Christian Literature Frances Young, Lewis Ayres, Andrew Louth, 2004-04 Publisher Description

Mission, Ministry, Order David N. Power, O.M.I., 2008-06-01 What is the mission of the church What are the ministries that further its mission How should the traditional orders of bishop overseer priest presbyter and deacon be reconsidered in the light of 21st century challenges and ecumenical unity These big questions involve a constellation of neuralgic issues both within the Roman Catholic Church and between it and its sister churches both East and West women priests women bishops married priests lay ministries the unaccountability of bishops to their flocks The rapid decline of priests in the US has led to an enormous number of lay people in leadership positions but they can't preside at the Eucharist the heart and soul of Catholic identity and practice and their roles are nebulous undefined and severely constrained Catholic women are voting with their feet over the church's failure to ordain women Lay theologians men and women now outnumber priest theologians but have little standing in the church outside of academia Far reaching agreements on theological issues have been made between Roman Catholicism and Anglicanism and Lutheranism but the practical consequences e.g. shared Eucharists are nil It is against this background that David Power the doyen of sacramental theologians in North America has written a magisterial work on the mission ministry and order of the church that is historically comprehensive theologically progressive ecumenically and globally focused and practical in its prescriptions **Reading Papyri, Writing Ancient History** Roger S.

Bagnall, 2019-06-21 Since its first publication in 1995 Reading Papyri Writing Ancient History has proved to be an invaluable resource for students of the ancient world looking to integrate papyrological evidence into their research In the quarter century since its publication changes in the research environment have affected papyrology like other fields Although the core philological methods of the field remain in place the field has increasingly embraced languages other than Greek and Latin with considerable impact on the Hellenistic and Late Antique periods Digital tools have increased the ease and speed of access with profound effects on research choices and digital imaging and materiality studies have brought questions about the physical form of written materials to the fore In this fully revised new edition Bagnall adds to the previous analysis a portrait of how the use of papyri for historical research has developed during recent decades Updated with the latest research and insights from the author the volume guides historians in how to use these scattered and often badly damaged

documents and to interpret them in order to create a full and diverse picture of ancient society and culture This second edition of *Reading Papyri Writing Ancient History* continues to offer students and researchers of the ancient world a critical resource in navigating how to use these ancient texts in their research

Brief History of Paradigm Shifts in Christian Education Vic Wiens, 2021-12-17 Paradigm shifts in culture occur about every 250 years Significant cultural shifts have taken place from Egyptian times to the Babylonian exile to the time of Alexander the Great to the Roman Empire The Scholastic Renaissance and Reformation paradigms followed in quick succession influencing thought industry and religion Education being part of culture it too has experienced significant paradigm shifts The mandate to pass on our Christian faith to the next generation is a constant that has not changed though the methods of doing so have undergone significant change With consideration of the role of the family patriarch in every cultural paradigm and the triad of family church and Christian school this book seeks to impart The understanding of this continuing mandate The understanding of the current level of cultural change The understanding of the best practices for passing on our faith through historical cultural changes We are currently in the transition from the Modern paradigm to a yet to be named postmodern paradigm This very day will be a significant time in history How will our generation pass on our faith to the next generation in a manner that is consistent with the ongoing story of God's people

The Early Christian World Philip F. Esler, 2002-09-11 *Early Christian World* presents an exhaustive erudite and lavishly illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre eminent religion of the ancient world The work begins by firmly situating early Christianity within its Mediterranean social political and religious contexts before charting the history of the first Christian centuries The creation and perpetuation of Christian communities through various means including mission and monasticism is explored as is the everyday experience of early Christians through discussion of gender and sexuality religious practice communication and social structures The intellectual particularly theological and artistic heritage of the period is fully considered and a vivid picture painted of the internal and external challenges faced by early Christianity The book concludes with profiles of the most notable figures of the age Comprehensive and accessible *Early Christian World* provides up to date coverage of the most important topics in the study of early Christianity together with an invaluable collection of visual material It will be an indispensable resource for anyone studying this period

Jesus and the Chaos of History James Crossley, 2015-02-26 In *Jesus and the Chaos of History* James Crossley looks at the way the earliest traditions about Jesus interacted with a context of social upheaval and the ways in which this historical chaos of the early first century led to a range of ideas which were taken up modified ignored and reinterpreted in the movement that followed Crossley examines how the earliest Palestinian tradition intersected with social upheaval and historical change and how accidental purposeful discontinuous contradictory and implicit meanings in the developments of ideas appeared in the movement that followed He considers the ways seemingly egalitarian and countercultural ideas co exist with ideas of dominance and power and how human reactions to

socio economic inequalities can end up mimicking dominant power In this case the book analyses how a Galilean protest movement laid the foundations for its own brand of imperial rule This evaluation is carried out in detailed studies on the kingdom of God and Christology sinners and purity and gender and revolution

Comprehending Mission: The Questions, Methods, Themes, Problems, and Prospects of Missiology Stanley H. Skreslet (II.),2012 Stanley H Skreslet offers an inviting new proposal for conceptualizing the field of missiology Comprehending Mission includes a concise overview of the development of missiology of the last century introducing its characteristic methodologies and offering insight into the kinds of questions missiologists typically ask In the last hundred years missiology has moved from emphasizing the practical challenges of foreign mission service to highlighting the intercultural aspects of Christian outreach Today missiology is less a form of practical theology than a field of study where theological concerns intersect with critical studies undertaken by anthropologists historians and other scholars

Decoding **Rise Of Christianity A Sociologist Reconsiders History**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Rise Of Christianity A Sociologist Reconsiders History**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Rise Of Christianity A Sociologist Reconsiders History Introduction

Rise Of Christianity A Sociologist Reconsiders History Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Rise Of Christianity A Sociologist Reconsiders History Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Rise Of Christianity A Sociologist Reconsiders History : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Rise Of Christianity A Sociologist Reconsiders History : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Rise Of Christianity A Sociologist Reconsiders History Offers a diverse range of free eBooks across various genres. Rise Of Christianity A Sociologist Reconsiders History Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Rise Of Christianity A Sociologist Reconsiders History Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Rise Of Christianity A Sociologist Reconsiders History, especially related to Rise Of Christianity A Sociologist Reconsiders History, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Rise Of Christianity A Sociologist Reconsiders History, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Rise Of Christianity A Sociologist Reconsiders History books or magazines might include. Look for these in online stores or libraries. Remember that while Rise Of Christianity A Sociologist Reconsiders History, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Rise Of Christianity A Sociologist Reconsiders History eBooks for free, including popular titles. Online Retailers:

Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Rise Of Christianity A Sociologist Reconsiders History full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rise Of Christianity A Sociologist Reconsiders History eBooks, including some popular titles.

FAQs About Rise Of Christianity A Sociologist Reconsiders History Books

1. Where can I buy Rise Of Christianity A Sociologist Reconsiders History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rise Of Christianity A Sociologist Reconsiders History book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Rise Of Christianity A Sociologist Reconsiders History books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
