**Sun Signs for Lovers** Cass Jackson, Janie Jackson, 2020-02-01 Whether you are looking for marriage partnership or simply companionship choosing a lover can be a tricky business. Attraction is a complicated matter of psychology, emotion, and physicality. How do you know when you can trust your instincts? Many people have fallen in love at first sight and later found that such love didn't endure. People don't come into the world with instruction manuals for how to love or live their lives. How do you find your soul mate? Where can you look for direction? *Sun Signs for Lovers* is a guidance manual that is literally written in the stars. It leads you through the process of understanding how your sun sign reflects who you are, how your sun sign behaves in relationships, how to choose other sun signs that are most compatible with your own. For each sun sign, Cass and Janie Jackson tell you where you are most likely to find your compatible partner and list 3 separate sun signs that may be most compatible with yours.

**Raising Baby by the Stars** Maressa Brown, 2023-02-21 A comprehensive and approachable guide to raising infants and toddlers with help from the stars from journalist and astrologer Maressa Brown. Beginning with your baby's sun sign then diving into their whole birth chart here's how to use astrology to decode your little one's personality, character, traits, communication style, likes and dislikes, inspiration for happiness and triggers for fussiness, even the best suited books, toys, and activities. Divided into three parts: *The Twelve Signs: A Guide to Your Little One's Mind, Spirit, and Well-Being* and *Parent and Child Relationships: Bonding with Your Growing Star*. This book covers specifics on parenting based on your own astrological identity: an Aries parent and an Aries child will connect through competitive activities but may clash as a result of their being equally hotheaded. Best ways to foster your little one's self-expression, art supplies are a must-have for Libras. How to boost your baby's physical and mental well-being: a back rub before bed will be especially soothing for a tense Leo. In other words, it's a parenting book tailored to your unique child, all based on the timeless wisdom of the zodiac.

**Choose Your Lover Carefully** Cass Jackson, Janie Jackson, 2005 It's not the stars in your eyes that help you choose the perfect lover; it's the stars in the skies. Using the birth time charts from *What Time Were You Born?* this astrological guide reveals both your nature and the nature of your best potential mate. The path to finding true love begins with an analysis of the different personalities associated with each sun sign and continues with a timeline section that discusses character, outlook, and destiny. Look to the rising sign to discover childhood programming and what you or a mate will expect from others. The moon divulges a person's hidden aspects. Examine the information closely; check your compatibility carefully, and romantic happiness will be yours.
